THE REV. A. A. MCKENZIE M. A. will preach in the First Methodist Church tomorrow, morning and evening.

TEACHERS' INSTITUTE.—There will be a meeting of the Teachers' Institute at 7.30 this evening in the Y. M. C. A.

FOR HALIFAX.—The Fastnet leaves for Halifax at four o'clock this afternoon. She arrived from Summerside this morning.

LECTURES on Agnosticism and Christianity—Fifth lecture at St. Peter's Cathedral on Sunday at 7 p. m. Subject: "Is Christ Divine?"

MAY POLE DANCE. — The children of St. Peter's School are requested to meet on Tuesday afternoon at half-past two, in the Schoolroom to practice the May pole dance.

A MEETING FOR PRAYER, regarding Y. M. C. A. work, will be held in the Reading Room at 8.30 to morrow night, at the close of the church services. All interested in the work among young men are invited to be present.

Y. M. C. A.—The Travelling Secretary of the Maritime Branch of the Y. M. C. A. requests all members of the Boys' Branch of the Y. M. C. A., and any others interested in this department of the work, to meet him in the class room at 7 o'clock this evening.

GONE TO HALIFAX.—The trotting stallion Colonel Almont has been purchased from parties in Prince Edward Island by Samuel Caldwell, of this city. Colonel Almont is a handsome seal brown animal, six years old. He is by Hernando, dam Lulu, and is fast.—Halifax Herald.

THE MEDICAL ACT.—A sommons has been issued against Frank Rossin for practicing medicine without a license, contrary to the provisions of the "Medical Act of 1892." The summons is returnable on Monday November 5, before H James Palmer Stipendiary Magistrate for Queen's County.

AGED ONE HUNDRED AND FIVE.—Mrs. Nathan Beeler, the oldest resident of Bear River, N. S., died at that place on the 13th inst., at the advanced age of 105 years. She was unusually hale and hearty up to within a very short time of her death, having carded and spun 10 yards of wool during the past summer.

CHICAGO WOMEN WON'T VOTE.—The Chicago Journal says: By a verdict of 30 to 1 the women of Chicago refuse the suffrage. That is the brief unanswerable story of yesterday's registration. Out of 420,000 women eligible as voters only 16,378 registered upon an official invitation to do so, backed by the urgent and enthusiastic appeals of the woman suffragists.

FOR BOSTON.—The Steamer Florida left for Boston about ten o'clock last evening with a miscellaneous freight, and the following passengers: Mrs J F Baker, Mrs Gates, Miss Stewart, Patrick McNally, Captain T Suttis, Miss Ellis, Katie Hyadman, Eliza Mullins, Gertie Murphy, Millie Doyle, Mary Burns, Mary E Smith, Richard Davies, Fred C Ford, Joseph McLeod, Edward Duffy and Peter McQuaid.

WHAT THEY ARE DOING.—The Boston correspondent of the Halifax Mail writes: I met William Nickerson, formerly purser of the steamer Worcester, one day last week. He told me he had been on his farm down on Cape Cod all summer and thoroughly enjoyed the rest.

Fred Sawyer, formerly purser of the steamer Carroll, is a travelling freight solicitor for the New York and New England railroad.

ELECTRIC LIGHT FOR SUMMERSIDE.—The Summerside correspondent of the Guardian says: The Summerside Electric Light, Heat and Power Company have negotiated for the Carvell property to build a station on. The remaining stock of the company is being rapidly taken up. There is to be a special meeting of the Town Council tonight to consider proposals to be made by the Electric Light Company to light the town by electricity.

AN AMUSING INCIDENT.—A rather amusing though somewhat embarrasing incident befell a young man, a stranger in town, in one of the churches last Sunday evening. The service had commenced before he entered, and as the evening was rather warm he proceeded to remove his overcoat, but his feelings may be imagined when he found himself standing in the centre of the church in his shirt sleeves, the inside coat having come off with the other. The choir didn't smile.—Springhill News.

ILLICIT LOBSTER PACKING.—A lobster packer from Cape Tormentine informed the Amherst Press recently that illegal lobster fishing and packing was being followed at an alarming rate along the Straits. The fish are taken into the woods where they are cooked and packed in shanties and camps of every description. The illegally packed fish is ruining the reputation of Westmorland and Cumberland lobsters as the meat is very inferior now to that caught in the early part of the season.

SOCIAL.—The young ladies of the Second Methodist Church fully maintained their reputation as entertainers at the social last night. A crowded audience listened with delight to an interesting programme which to particularize would be unfair as all the numbers were excellently rendered. L. E. Prowse, M. L. A. occupied the chair. After the programme refreshments consisting of hot coffee, cake and other delicacies were served by the ladies, and all went home hoping to assemble at a like entertainment in the near future.

A KIND ACT.—The St. John Telegraph says: A young girl unaccompanied, named Fanny Haggherty, of Rustico, P. E. I., arrived in the city by the C. P. R. yesterday. She was on her way to Cardwell, Me. Her ticket was to this place. Here she found she was $1 short of the necessary amount to buy transportation to her destination. With tears in her eyes she appealed to Mr. Frank Curran, the popular clerk in the news room. Frank has before performed a number of acts of great generosity, and she was fortunate in her appeal. He went to a number of people and succeeded in securing $2, which he gave to the pleading stranger. With unmistakable signs of deep thanks, she took the money and left on the Boston express for her home. Mr. Baillie gave the girl her supper and a lunch to take with her.

ACCIDENT.—While at work in the hold of the steamship Florida yesterday afternoon, an old man named Joseph Carver was struck on the head by a falling hatch and badly cut. The hatch is in two parts and only one half was up while the work of loading was going on. In some manner the sling used in lowering the freight caught the half of the hatch that had not been lifted and displacing it caused it to fall into the hold, grazing Carver's head and inflicting a severe wound. The old man was dazed for about two hours after the accident. Had the hatch struck him with full force he would have been instantly killed. Medical aid was promptly called in, and everything possible was done for the injured man. To-day he is reported "doing very well."
