Springhill Disaster Fund Reaches \$350,000 Mark

By THE CANADIAN PRESS
The National Springhill Disaster Fund reached an estimated \$350,000 Thursday as donations continued to come in from communities throughout the country. Contributions and pledges Wednesday included \$5,000 from Pope John XXIII. Others came from the Ontario Junior Red Cross, \$3,000; the Ontario districts of Muskoka-Huntsville-Parry Sound \$3,000; and city of London, Ont., residents \$5,000. Winnipeg's finance committee approved a donation of \$500 but the figure must be approved by city council Monday.

Toronto and Winnipeg have pledged contributions. The Canadian Quo Vadis Foundation, operating a round-the-clock receiving centre at Toronto, said its cash and phoned pledges totalled \$25,000. The Presbyterian Church in Canada, the United Church of

Canada and the Anglican Church of Canada have all pledged donations and have called for special church collections for the fund. A Toronto group headed by business executive A. G. Sampson has planned to use CBC television and radio facilities to raise \$100,000.

No Community Parties Slated For Montague

By IAN DONALDSON
Canadian Press Staff Writer
SPRINGHILL, N.S. (CP)—Relatives and reporters jammed a small anteroom in the Springhill hospital early Thursday when ambulances arrived from the pithead with 12 mine survivors rescued after six days underground.

The relatives told how they hadn't given up faith, how they heard the first word of their men's safety. Many cried with joy as the realization of the miracle focussed in their minds.

Dramatic Scenes As Rescued Miners Rushed To Hospital

The vehicles stopped outside the crowded double doors of the 50-bed, asbestos-shingled hospital. From nowhere four men joined the driver and his assistant and lent a hand on the wire basket used to convey the injured.

Taxi driver Merle McBurney, a former coal miner himself, was one of those who helped. Relatives crowded to the door of the anteroom when the men, completely covered with blankets, were carried past. No one knew which ones they were until stretcher bearers called out the names.

Lower Montague Institute Meets

MONTAGUE — The regular meeting of W.I. was held at the home of Mrs. Cornelia Taylor. Vice President Mrs. Bert Taylor was appointed to take charge of the meeting.

Warning!

There was no dramatic reaction from the relatives. One teen-aged girl said, "Here comes Daddy now." But a stretcher bearer called out another name. Her father was carried in seconds later. The girl and her mother showed no reaction other than a long look at the basket as it was whisked toward the ward.

PERSONALS

The many friends of Fred Bennett will be sorry to know he had to enter the P.E.I. Hospital. We wish him a speedy recovery.

Hypnosis Employed To Reveal Cause Of Crash, Doctor Says

In Ottawa, transport department officials said Thursday they were startled by Dr. Raginsky's claim that he discovered the cause of an airliner crash.

The transport department declined to make an official statement but said privately it would be assumed that the pilot referred to was Capt. Norman Ramsay of Montreal.

They added it was unfortunate that Dr. Raginsky's evidence had not been given to the department.

Ramsay was pilot of a Trans-Canada Air Lines Super Constellation which crashed near Brampton, Ont., in 1954 while attempting a landing. All passengers escaped from the burning plane.

Ramsay's licence was suspended for six months and a transport department board of inquiry blamed the crash on "negligence" on the part of the pilot.

Ramsay later became a pilot for Maritime Central Airways after he had been found medically fit and competent to fly.

On Aug. 11, 1957, an MCA chartered plane piloted by Ramsay crashed near Iles-la-Pointe, Que., and all 79 persons aboard were killed. It was the worst crash in Canadian aviation history.

Officials here said Thursday it could not automatically be assumed that Ramsay was to blame.

Docks Busy At Montague

MONTAGUE — The port of Montague has been a busy one for the past two weeks as several small vessels have loaded with produce from Poole and Thompson Ltd. in port yesterday.

The "Guy Bartholomew" which is being loaded by Boates (P.E.I.) Ltd., for Anglo Canadian Ltd., of Quebec City. On leaving this port she will take on additional pulp at the port of Georgetown.

Among the vessels which have called at Montague recently are the "Trinity North" under Captain Walters and the "Rudy Wiscombe" with Captain James Wagg in charge.

Sows Qualify For Registry

The Advanced Registry Board for Swine has issued a report which shows the following P.E.I. Island owned sows recently qualified. The name of the sow is followed by that of the owner in brackets and its score:

Long River 54L (William Found) 12-163-93; Montville 35J (Russell Buel) 9-200-90; Guernsey Hill Duchess OIM (Wilbur Younger) 8-165-89; Jowi Duchess 13M (Lloyd M. Oliver) 10-165-89; Long River 62L (Brenton Paynter) 11-173-88; Woodstock Duchess 45M (Almon Boswall) 9-167-88; Kings-

Guernsey At Clyde River Is High Producer

Owen Younker and Son, Roy, Clyde River, P.E.I. have one of the top producing Guernsey herds on the Island and one of the reason it bears that distinction is Pride's Autumn Lassie, a five year old Guernsey that has just completed an official R.O.P. record of 11221M-533F in 305 days with B.C.A.'s of 142 for milk and 135 for butterfat to top all Maritime Guernsey cows in her age group for both milk and butterfat.

"Lassie" has been a persistent producer since starting as a 2-year old when she made 9756M-443F in 365 days with B.C.A.'s of 131 M-119M. As a 3 year old she made 11266 M-520F in 305 days for B.C.A.'s of 149M-137F.

In addition to her production she has also been a strong competitor at the 1956 and 1957 Charlottetown Exhibition. She was the third prize dry three year old in 1956 and in 1957 she was the second dry four year old.

Organize U.C. A.O.T.S. Club

Nearly 70 men attended the inaugural meeting of the newly formed United Church A.O.T.S. Men's Club of the Bradalbane Pastoral Charge on Monday October 27th.

The men all came from the Bradalbane, Fredericton, North Grandville and Rose Valley areas of the Island, with guests from the Cavendish Men's Association.

The meeting, held in the Pleasant Valley United Church Hall, began with a fine supper served by the ladies of the Pleasant Valley Church. Following the toast to the Queen, Mr. L.S. Seaman proposed the toast to the Club, and Mr. Nelson Matherson conducted the devotions. Entertainment in a light vein was provided by Mr. Ralph Burdett, past President of the Cavendish Men's Association.

After the election of Officers, Rev. E.A.C. Haley of Cavendish delivered a forthright address on the place and the work of the Men's Club in the life of the Church.

Officers elected for the coming year are Mr. Gordon MacKenzie President; Mr. Knud Jorgensen, Vice-President; Mr. Milton Weeks Secretary-Treasurer. The Benediction was pronounced by the Minister, Rev. Anthony G.N. Ware. The name of the Club stands for "As One That Serves" and is taken from Luke 22, 27. The Meeting was a great success in every way, and provided a grand beginning to a new venture for the Charge.

Wholesale Price Index Goes Up

OTTAWA (CP)—Canada's general wholesale price index rose from 226.8 in September to 227.1 a month earlier after three successive monthly decreases.

The index—based on 1935-39 prices equalling 100—was slightly higher than last year's September figure of 227. Four of the eight group indexes making up the general index rose, two fell and two were unchanged.

The wood products index rose to 301.5 from 297.9, due to higher prices for paper board, cedar, woodpulp and newsprint. Higher prices for copper and silver moved the non-ferrous metals index to 165.6 from 164.2.

The non-metallic minerals index advanced to 167.5 from 166.7 due to rice increases for clay and coal. The animal products index fell to 246.1 from 249.4 as a result of power prices for cured

Secret Talks Being Held

OTTAWA (CP)—A secret Canada-Britain-United States conference on future armaments is in progress here, it was learned Wednesday.

The meeting of senior army officers of the three countries dealing with operational research began Tuesday and will last until Nov. 4.
