

LIBERAL OPINION.

SIR,—I ask space in your valuable paper for a few remarks about the present state of affairs at and around St. Peter's Harbor and vicinity. We must surely have our Conservative Government in power yet at Ottawa. In the first place, our Liberals, who are many, got up a petition for the removal of the lighthouse keeper and it was promised, yes anything on the face of the earth they would do to please a Liberal, but as soon as the Liberal is out of sight 'we don't care anything about him, we got his vote and we don't care about him till the next local comes handy. In the second place is our buoys. For the last seven or eight years our buoys and Savage Harbor buoys have been let by private contract. This season Savage Harbor buoys have been tendered for long ago. And how is it in the name of common sense our St. Peter's Harbor buoys cannot be let in the same way, as the contracts are and always were of the same nature. No, they cannot do what is right. Under-handed work, as before, post office the same, the voice of the people is not listened to at all, but just run as our Hon. Mr. Davies and other representatives choose to run and keep the same old officials in office in spite of his supporters' petitions and influence. But we, as supporters of what they call Liberals, shall know how to act when the right time arrives. As we are only asking for what we call fair-play (and fairplay we shall have under the Tory government if not under the present one) they cannot surely have confidence enough in our Liberals to put them into such responsible positions as are above mentioned. We will not ask for them again, but when the time arrives to do our part we will do it, and that to perfection, but not to the perfection of our Liberal representative, but to someone that will do right to all.

I may mention, in conclusion, that this letter was sent to the Patriot before, and because it was not just palatable enough for him he did not print it.

**Controller Paterson's Silence not Relished by Government Supporters.**

OTTAWA, May 28.—Tariff delegations have not yet stopped coming. Several arrived yesterday. Government supporters are not well satisfied with the poor exhibition made on Wednesday night by the Ministers. Some of them say they cannot understand why Controller Paterson would not explain how he proposes to interpret the most favored nations clause.

Yesterday was a religious holiday and Parliament did not sit.

**The Marquis Ito Discusses the Tariff.**

MONTREAL, May 28.—The Montreal Star's Ottawa correspondent says that the Marquis Ito during his brief stay at Ottawa found time to discuss tariff matters. He stated that as Japan's tariff averaged from five to ten per cent. it was clear that that country would come in under Canadian preferential trade.

LATEST NEWS BY WIRE AND MAIL.

ATRENS, May 27.—The Government announces that it has deposited in the National Bank £11,000 to pay the coupons falling due on the 15th June next.

WASHINGTON, D. C., May 27.—This cable message was received at the White House today from Colonel John Hay, United States ambassador at London:

"To the President,—I have just received the following telegram from Balmoral: May I beg of you to convey to the President my sincere thanks for his kind congratulations transmitted to me through you.

(Signed) "VICTORIA, R. I."

MONTREAL, May 26.—The Herald announces that the Montgomery Cotton Co. will erect a one thousand loom mill at Drummondville, on the St. Francis river, to employ 1,500 hands. Excellent water power is in the rapids there. They propose to manufacture extensively for the China and Japan markets.

PORT MEDWAR, N. S., May 27.—The Mercedes, an English steamer, is now here taking in 1,900 tons of pulp for Manchester, England. This is the first shipment from here direct to England.

BERLIN, May 26.—The Reichstag today adopted a credit of 30,000,000 marks for the purpose of re-arming the German artillery with improved fieldpieces. Herr Richter, the radical leader, said his party was willing to vote for that purpose three times as much as the rejected naval budget, adding: "We know well that in the war of artillery what is spared in iron we might perhaps have to make up in blood."

SOURIS NOTES.

The house and store of Mr. Daniel Nolan, Chiepstow, were totally destroyed by fire on the morning of the 24th inst. Mr. Nolan had left some clothing drying by the stove while he was out attending to his horses. When he returned the house was in flames. It is supposed the clothing caught fire and that it spread from them to the woodwork. Nearly all his furniture and household effects were also destroyed. The loss amounted to about \$1800. Insurance \$400.

The sportsmen of this place spent a very enjoyable day on the 24th. About forty carriages left town on that day, the occupants distributing themselves around the several lakes, ponds and rivers, intent on landing as many of the finny tribe as possible. The majority of them got lots of trout (so they said) and were well pleased with the day's sport. Mr. A. E. Clark, our genial station agent, hooked the largest trout of the season. It weighed three pounds nine ounces. (This is no exaggerated fish story as your correspondent has seen the trout in question.)

Mr. H. H. Acorn, of Prowse Bros & Co., and Mr. J. C. Ferguson, our esteemed druggist, started from Big Pond about dark to drive to Souris, a distance of nine and one-half miles. They noted the time when they were at Big Pond and when they arrived in Souris they found that they had covered that distance in forty-one minutes. Considering the state of the roads and the time we think this is as good as has ever been done in this part of the country.

The injured sailor who is at the American House is doing as well as would be expected.

Mrs. Ford, wife of Dr. E. P. Ford, died at her residence on the 24th inst.

Mr. Fred McDonald, V. S. has opened a livery stable on the premises of Mr. Frank McIsaac. This is something that has been needed in Souris for some time as there were only two or three decent rigs that could be hired in the place.

We are sorry to hear that the son of Mr. Chas. Townsend, of the Hotel Frederick, is very ill.—COR.
