C.M.A. President

entitled to worry when times are good, but, frankly, I cannot agree with their attitude.

Mr. Calder said the possibilities for the future are immense.

"We can see opening up before us the vista of an almost new industrial age, applying the potential of peaceful atomic power, the benefits of developing automation, and the greater stability which increased industrialization will bring to the Canadian economy."

EACH HAVE ROLE

Present unemployment "cannot be accepted" as normal and management, labor and government each had a role to play in ending it.

Management could do this by promoting maximum regularity and continuity of employment, by developing new products, and by increasing efficiency, cutting costs and eliminating waste.

INCREASE EMPLOYMENT

Government could help in five ways:

1. By exercising its monetary, credit and exchange control so as to increase employment.
2. By proper ax policies-reductions in this year's budget "while a move in the right direction, are hardly sufficient in themselves to provide a full measure of incentive to efficiency of production, or to provide Canadians with a substantial increase of purchasing power, calculated to give a fillip to employment."
3. Strengthening of valuation provisions of the Customs Act to give "adequate safeguards against . . . unfair competition."
4. By providing for an increased and continuous flow of "selected immigrants" to broaden the home market and "reduce our present over-dependence on exports."
5. By public works at the federal, provincial and municipal levels where necessary.

APPRECIATION

The undersigned wish to extend a sincere word of thanks to the electors of Second King's who saw fit to support us on May 25th. We wish, also, to voice an extra THANK YOU to all our workers either as poll agents, checkers or drivers. It was pleasing to note the large turnout of voters. We believe this indicates a healthy interest in political affairs. We will endeavour, as always, to represent the best interests of our district. Again THANK YOU.

Signed,

St. Elizabeth's Aid Meeting

The regular monthly meeting of St. Elizabeth's Aid Society was held Friday evening, May 20th, in the Knights of Columbus Hall, with the president, Mrs. F. A. Coyle, presiding. The secretary read the minutes of the last meeting, which were approved. The treasurer, Mrs. Ella Connolly, gave her report which showed a substantial balance in the bank. The corresponding secretary reported she had sent out cards to various members who were sick.

Reports on various projects were discussed, and from the last cake sale the sum of $117.65 was realized. A vote of thanks was tendered to the convener of this Cake Sale, Mrs. J. Frank MacMillan and her energetic committee for their splendid work in this connection.

The annual envelope collection always held in June will be postponed until the first week in November, due to the fact that the social welfare will be putting on their annual drive in June this year.

A quilt cover was donated by Mrs. Annie Stewart and the members plan to have this quilted in the fall and then have a lottery on same.

There being no further business the meeting adjourned. A delicious lunch was served by the lunch committee, Mrs. F. A. Coyle, Mrs. Ella Connolly and Mrs. Harry Murphy.
