UNIQUE RECORD—Mr. Michael Pidgeon, head warehouseman for the Rogers Hardware Company, has the unique distinction of having served continuously and without a break for fifty years with this establishment. On May 12, 1872 he entered the employ of Messrs. Dodd and Rogers, the founders of the present house. With the death of the original owners the name of the firm changed but Mr. Pidgeon not only remained at his post but has given the utmost satisfaction to his employers and is still "going strong" and is good for many years to come. It is not given to many to hold the same position for half a century and Mr. Pidgeon is to be congratulated on a record which is not only rare but an unqualified testimonial of faithful and honest service.

Mr. Mulligan who has been in the city for several days and who is quite a young man, first started golf in Ottawa, as a caddie, nine years ago. He finally entered the shops as caddie master and on advice of Karl Keffer took up club making. He taught and played with the Royal Ottawa for
