Supper Marks Opening Of Church Hall

A supper on Tuesday evening marked the opening of the new Montague United Church Hall with approximately three hundred and sixty sitting down to the heaviiy laden tables.

A strong representation of Trinity Church in Charlottetown was welcomed on the special occasion, and the builder of the hall, Mr. D. M. MacDonald was commended very highly on the beauty and utility of the new structure.

Following the supper a meeting of the Men's Club was held during which a presentation of a beautiful table lamp was made to Mr. and Mrs. Malcolm Patterson who are moving to Charlottetown. The meeting was presided over by Mr. Lorne Wigginton, and appreciation was expressed of the varied services rendered by Mr. and Mrs. Patterson in the several departments of the Church, and particularly in the choir and church school.

"We will not soon forget the friendliness and helpfulness of this young couple," he said, "but we will rejoice in Mr. Patterson's promotion, even though we shall miss them."

King's County Fish And Game Meeting Held

A regular meeting of the King's County Fish and Game Association was held last night in the Legion Hall in Montague with the president, Mr. Cyril Johnston, presiding. The minutes of the last meeting were read by the secretary and approved.

It was recommended by the local branch that the season on cock pheasants be made to coincide with that of the Hun season.

The following resolution was approved:

"Whereas non-Maritime residents, who are hunting with dogs in large numbers, are doing intensive hunting of upland game, and thereby decimating the population excessively, and whereas though the number of hunters and dogs in one group the farmers of the Island are being antagonized, and may eventually not permit anyone to shoot on their property, and where through such numbers in one group almost all the covey is bagged, be it resolved that the license fee for non-Maritime residents hunting with dogs be raised to $100.00."

Considerable discussion followed, respecting enclosed property under the Fish and Game Act, and the meeting went on record as condemning the practice of those owning such enclosed property charging a fee to shoot thereon. It was resolved that such enclosed property be considered a sanctuary with no one permitted to fish or hunt thereon.

Some information was presented with respect to the wild rice seeding of fresh water ponds in King's County, and it was proposed that further information should be acquired, and that each director be contacted to supply information on ponds in his district so that should the matter become determined, ponds could then be selected for seeding purposes.

There being no further business, the meeting adjourned.

..* The annual Bazaar and Supper of St. David's United Church was well patronized. The ladies are to be congratulated on tables bountifully filled with tempting food. They in their turn are appreciative of the many friends who in various ways contributed to make the affair a real success.

Workmen were engaged for the past few days in dismantling the old weigh scales, situated on the south side of Water street, at about the center of the block. There goes another old land-mark of the town. For quite a number of years those scales have been operated by Mr. P. J. Henry, for the weighing of coal, hay and various products, but about a year ago they became unfit for further use. Installed and operated for years by the firm of MacDonald and Westaway, which once did a large business here, they have occupied this location for at least twenty years, as near as many of our oldest citizens can remember.
