

History Society

The History Society recently settled on a design for its official crest. It is primarily red and white, and recognizes two of the founding ethnic groups of Canada; and recalls the two former institutions which united in 1969 to form UPEI. These are identified on the red band (bend) a Prince of Wales College (1834) and St. Dunstan's University (1855). At present, orders are being taken for History Society Beer Mugs. For \$6.50, you will be able to purchase the mug with the Society Crest on it in full colour. Watch for our posters and attend our meetings in order to obtain his unique and lasting tribute to our past!

As well, tickets may still be purchased for our February 8th draw for a complete set of Island Magazines. For only \$1.00 you may own this precious reference collection!

Due to an unforeseen event, our Wine and Cheese Social, originally scheduled for Febru-

ary 11 has been postponed until March 10. Reserve this date for a grand time!

On Saturday, February 6, a Society Party will be held at Deam MacMillan's residence in West Coehead at 8:00 p.m. (See accompanying map). Transportation may be provided so come to the general meetings on Thursdays at 10:30 a.m. in RL Conference Room B for details. A 50-50 draw is also planned for this occasion.

Recently, a list of summer courses was released by the History Department. The offerings are listed below for all interested.
