Great English Remedy! The most valuable Spring and Summer Medicine in the World:

Dr. Halsey's FOREST WINE! Patented by the Nobility and Medical Faculty of England, and esteemed the most extraordinary Medicine in the World.

Medicine containing molasses or liquorice, like the boasted Santalina, require many large bottles to produce any effect. Dr. Halsey's Forest Wine is altogether a different article. It contains no syrup to give it consistency, but acquires its excellent flavor and power from the infusion of the vegetable plants of which it is composed. The Forest Wine combines the virtues of the WILD CHERRY, DANDELION, YELLOW DOCK, &c. &c. &c. and is therefore more palatable than any other valuable plant whose properties are also most effective.

Its high concentration renders it one of the most efficient medicines now in use. Sometimes less than a single bottle restores the lingering patient from weakness, debility, and sickness, to strong and vigorous health. Every dose shows its good effects on the constitution, and improves the state of the health. The Forest Wine is recommended, in the strongest terms, for all complaints of the Liver, Gall-bladder, Nervous Disorders, Bilious Affections, Dropsy, Dyspepsia, Loss of Appetite, Jaundice, Female Complaints, Scrophulous affections arising from Bile Blood and impure habit of the system.

SAVED FROM DEATH. Testimony of Mr. Nathan Mathews, a highly respectable and wealthy citizen of Newark, N. J. Dr. J. W. Halsey's Forest Wine and Pills have been the means of saving my life. When I commenced taking them I had at the point of death with me several bottles of Forest Wine. My physician had given me up as past care, and my family had lost all hopes of my recovery. While in this state I diedly with my wife, and my friends were greatly procured for me, and before I had finished the first bottle of the Wine and box of Pills, I experienced great relief; my body and mind were greatly revived, became sensibly reduced. Hopes of my recovery began now to revive, and after continuing with the Wine and Pills for some time, my Croup and Asthma were completely cured. The Pills, through which my life was placed in such great jeopardy, and which I have continued the use of your medicines until the present time, and I now enjoy as perfect health as ever I did in my life, although I am now 60 years of age. Yours, respectfully, N. MATHEWS.

Newark, N. J., Dec. 19, 1847. GREAT CURE OF LIVER COMPLAINT OF TEN YEARS' STANDING.

New York, January 9th, 1848. Dr. Halsey—Dear Sir,—Having taken your Forest Wine and Pills to the amount of 184 bottles from which I have suffered severely for upwards of ten years, and having adhered closely to the directions which you prescribe in your medicine, I am enabled to say, notwithstanding all who know me thought me case incurable. Previous to taking the Wine and Pills, my liver complaint was in such treatment, but continued to grow worse to an alarming degree. Some of my friends spoke despairingly of my cure, and my physician advised me to discontinue use of any advertised medicine; and I doubt not, that there are hundreds who are dissuaded from taking your excellent medicine, from the supposition of deception and inefficiency of many advertised remedies put forth by unprincipled men in flaming advertisements. I have, however, been cured by the medicine used by others should be the means of dissuading many laboring under disease from making trial, and being cured by your excellent remedies. Humbly speaking, they have saved my life; when I commenced making use of them, I was in a wretched condition, and was unable to stand for more than less than three days; and in six weeks from the time I purchased the medicine, to the great surprise of all who knew me, I had gained 150 lbs. and increased fifteen pounds in weight, having taken one box of the Pills, and two bottles of the Wine. Would to God that every sufferer who has availed himself of the same remedies, Yours, &c. JAMES WILTON.

NERVOUS DISORDERS. Every one of the body, usually troubled with spasms and affliction, and are most common to persons of delicate constitutions and sensitive minds. Low spirits, melancholy, frights, and a general feeling of uneasiness, will be cured by the slightest cases, generally accompany nervous disorder. The Forest Wine and Pills are an energetic remedy for the cure of all these complaints. Extract of a letter from Mr. Joseph C. Paulding, dated PHILADELPHIA, September 7th, 1848.

Mr. G. W. Halsey—Dear Sir,—Your Forest Wine and Pills have cured my wife of a dreadful nervous disorder with which she has been afflicted for many years. Her body was almost wasted away. She was frequently distressed in her sleep by frightful dreams, awakening quivering and laboring under the impression that something dreadful was about to happen to her. By the use of four bottles of the Wine, and a box of your Pills, she has been cured. She can now enjoy her flesh and color, and enjoys society as well as ever.

J. C. PAULDING. Dr. David Marcin, a celebrated practitioner of New York, declared publicly that one bottle of Halsey's Forest Wine contained more than fifty of the large bottles of the Forest Wine of the Medical College, one of the largest and most respectable drug stores in Syracuse, in a letter, &c. From what they have heard and seen, they would infer that

it is an excellent and good medicine, and will undoubtedly become the leading medicine, of the day." THE WASHINGTON SQUARE BUILDING, No. 11, Dr. Halsey's name blown in the glass, \$1 per bottle, or six bottles for \$5. Gun-coated Pills, 25 cents per box. NATURE OUTFITTED!!! Dr. Antrobus's Persian Hair Restorative, AND HAIR DYE. Under the immediate Patronage of the Princes of Prussia and Prussia.

These articles are without doubt the most extraordinary in their powers ever submitted to the Public, and require but to be tried, to be appreciated, admired, and purchased.

THE RESTORATIVE strengthens the hair and prevents its falling off after every other means have been resorted to unsuccessfully; it cures baldness and creates a new growth of hair. The DYE restores the persons of both sexes are indebted to having a good head of hair at the present moment. Its efficacy if they are long undressed, and the whole world is endeavoring to produce an article to equal it, either for beautifying the human hair or preserving it to the latest period of life. For the production of Whiskers or Moustache, it is infallible.

The qualities of the HAIR DYE are decidedly superior to any thing of the kind ever attempted and the whole surface of the hair can be changed into a most natural black or brown, within five minute after using it, so as to defy detection from the greatest connoisseur. Advice by post gratis on receipt of Postage Stamps.

Certificate from one of the greatest Medical Men of the day—Read it!!! Copy of a Letter from Dr. Magrath, M. R. C. S., dated Dub. Street, 1st January, 1854.

Dr. ANTROBUS. Sir,—I feel great pleasure in attesting the virtues of your Persian Hair Restorative. Several patients who have been patients of mine having derived the most inconvertible benefit from using it; and in fact the efficacy of this article, and the good effects it produces at the present moment completely laid; one party I mention in particular, who had been laid up with the loss of his hair, and who had been told the attack however left her although as beautiful as ever in the face, still with scarcely any hair on her head. I have used your Restorative, and I can only recommend her to use your Persian Hair Restorative, and in three months, she again possessed the same dark curling locks, and her hair, although if possible, still more jet like, and attractive. I must again mention, however, that I have used your Restorative, although I have recommended it to hundreds of persons, and I have never found it fail, and consider, that where the hair is not past human repair, your wonderful preparation will restore it to its original state.

Your Hair Dye is the best I have ever seen or heard of, and has been used among my private acquaintances, with the most successful results. I am, Sir, yours most truly, (Signed) DENNIS MAGRATH. Letter from Henry Vinson, Court Hair Dresser and Wig Maker, of 124, Leadenhall Street, London.

Dr. ANTROBUS. Sir,—Your Hair Restorative is one of the greatest blessings ever invented. Several of my customers are quite cured of their hair, and I desire it beyond all praise. I cannot deny, but that it has appeared to me quite wonderful, the alteration it causes after the same dark curling locks, and her hair, although if possible, still more jet like, and attractive. I must again mention, however, that I have used your Restorative, although I have recommended it to hundreds of persons, and I have never found it fail, and consider, that where the hair is not past human repair, your wonderful preparation will restore it to its original state. I am, Sir, yours faithfully, (Signed) HENRY VINSON.

The Restorative is sold in 6d., 2s. 6d., and 5s. per Bottle, Stering. The Hair Dye is 6d. and 2s. per case. The larger sizes are a great saving Directions for use accompany each Bottle and Case.

Be particular to ask for Dr. Antrobus's, or you may be imposed upon. Sold by all respectable Chemists and Perfumers throughout the world, and at Dr. Antrobus's Establishment, 2, Bridge Street, Strand. If any difficulty arises in obtaining it, send postage stamps to Dr. Antrobus's address, and it will be forwarded by return of post.

The British Periodicals THE FARMER'S GUIDE. GREAT REDUCTION IN THE PRICE OF THE NEW EDITION. 1. Scott & Co., New York, continue to publish the following leading British Periodicals, viz.:

- THE LONDON QUARTERLY (Conservative). 2
- THE EDINBURGH REVIEW (Whig). 3
- THE NORTH BRITISH REVIEW (Free Church). 4
- THE WESTMINSTER REVIEW (Liberal). 5

BLACKWOOD'S EDINBURGH MAGAZINE (Tory). THE most important events—Religious, Political, and Military—now agitating the nations of the Old World, give to these Publications an interest and value never before possessed. They afford a middle ground between the hastily written news-papers, crude speculations, and flying rumours of the newspaper, and the ponderous tone of the historian, written long after the living interest in the facts he records shall have passed away. The progress of the War in the Tropics is a large space of their pages. Every movement is closely followed, whether of friend or foe, and all short-comings more intelligently and judiciously pointed out than from the BALZIC in Blackwood's Magazine, from two of its most popular contributors, a great European affairs, in view of the important movements of the great belligerents than can elsewhere be found.

These Periodicals ally represent the three great political Parties of Great Britain—Whig, Tory, and Radical,—but politics forms only one feature of their contents. On Organic Law, and the progress of Science, Literature, Moral, and Religious, they stand, as they ever have stood, unrivalled in the world. Blackwood's Magazine has been considered indispensable for the scholar and the professional man, the intelligent reader of every class they furnish a more complete and interesting record of the current literature of the day, than any other work which can possibly be obtained from any other source.

EARLY COPIES. The receipt of the first numbers from these British publishers gives additional value to these Periodicals, especially during the present exciting state of the Organic Law, and the progress of Science, and the receipt of the original editions.
