

THE DAILY EXAMINER.

NOVEMBER 16, 1889.

Notes and Comments.

Application will again be made to the Dominion Parliament for an act to incorporate the Moncton and Prince Edward Island Railway and Ferry Company...

The Newport Rhode Island Daily News has a subscriber in Iowa who sends the following interesting quotations of the price of farm produce in his region...

The Patriot is prudent in its determination to pursue no further its gratuitous attack upon Chief Justice Sullivan. Its silence about the reasons which actuated it is, to many persons, more suggestive than words.

The Island Guardian contains a paragraph entitled "The Romance of Father Damien." Right thinking people of all denominations will say that nothing to detract from the fame of this hero...

I was surprised to see such an article in a Christian newspaper, nor can I imagine how any one, no matter what may be his religious principle, could be guilty of attempting to defame the character of this noble man...

The letter of Vice Consul Hastings was not directed against the Island Guardian, but against another religious paper which had published a paragraph similar to that which appeared in it.

New Platform—New Party.

The prohibition convention at Moncton adopted the following platform:

- 1. We acknowledge the righteous Ruler of the universe. 2. It is the recognized duty of the state to protect and conserve by law the material welfare, the health and the morals of the people...

Varia.

Lord Derby is a statesman whose utterances are always listened to with respect, for it is well known that he never speaks without much deliberation. He has held many high offices, including those of Secretary of the Colonies and Secretary of State for Foreign Affairs.

I have been asked regarding the Pitcher-plants and the method by which they capture their insect prey. A very good account of these plants is given in a book entitled "Sagacity and Morality of Plants" by J. E. Taylor, Ph. D., F. L. S. (Chanto and Windus Piccadilly).

Remember the Railway Gospel meeting on Sunday afternoon in McLeod's Hall at 4 o'clock. Strangers always welcome. Lesson Luke 17-17. And Jesus answering said, were there not ten cleansed, but where are the nine?

Mr. Pimmsoll's name is a household word for the great work he accomplished in calling attention to the unseaworthy state in which so many vessels of our merchant marine were permitted to go to sea...

sufficient but not vexatious survey of structure. Seventhly, we shall ask that insurance shall displace the pernicious practice of underwriting. And eighthly, we shall discuss the best method of governing in future the mercantile marine of Great Britain.

The Harvest Concert.

The promoters, performers and all others interested in the Harvest Concert given in the Second Methodist Church last evening, are to be congratulated on the success of their efforts. The night was, certainly, not a very pleasant one for people to be abroad, being cold and dark; yet there was a large audience present.

Religious Services To-morrow. Remember the Railway Gospel meeting on Sunday afternoon in McLeod's Hall at 4 o'clock. Strangers always welcome.

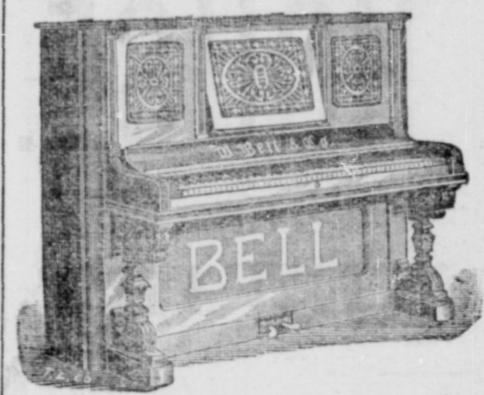

Big Price for Sunol. Mr. Robert Bonner, owner of Maud S., has purchased Sunol, and has paid the highest price for her that he has ever paid for a horse.

Chronic Coughs and Colds. And all diseases of the throat and lungs can be cured by the use of Scott's Emulsion, as it contains the healing virtues of Cod Liver Oil and Hypophosphites in their fullest form.
