MARK BUTCHER.

Oct. 31-

There will be a meeting of the City Council this evening.

The "DAILY EXAMINER" will issue as usual to-morrow morning.

D. BANKS MACKENZIE opened a Temperance movement in St. John on the 19th.

There was a very small market yesterday - the smallest for a long time. Prices stood the same as on Friday.

It is said that in view of the low price of potatoes, the Prince Edward Islanders will enter considerably upon the business of starch manufacture. - *Monetary Times.*

The English mail arrived in Halifax per steamer "Moravian" yesterday morning. The mails and passengers were forwarded to the city last evening.

The barque "Journal," owned by Mr. A. McMillan, sailed from Summerside for Queenstown for orders on Monday, with 29,650 bushels of oats and 12,150 superficial feet of deal, shipped by the owner.

DEATH FROM LOCKJAW. - A young man named John Morrison, a plasterer by trade, who lives in Proctor's Lane, died from lockjaw on Saturday night, caused by his cutting one of his great toes with a pen-knife, while paring the nail on Friday evening. - *Itz. Chronicle.*

NOMINATION in Quebec East is to take place on Wednesday. Both sides are using all their resources in the contest and the election promises to be more exciting even than that in Arthabaska and Drummond.

Do not ruin your eyesight by wearing common spectacles. One-tenth of all eye disease is caused by wearing improper glasses. Lazarus, Morris & Co.'s perfected Spectacles and Eye Glasses are the most perfected and beautiful ever offered. They will cause a continuous and abiding improvement in the eyes, and assist the sight most brilliantly. See W. R. Watson's advertisement.

LARCENIES. - A young man named Shea was yesterday arraigned before the Stipendiary Magistrate on a charge of stealing a coat from Simon D. Fraser. He was remanded to jail seven days for further evidence. A warrant has been issued against a female who, a short time ago, left a house on Lower Great George street in a mysterious manner, and took with her some underclothing and dresses belonging to a servant of the house. She has just returned from Summerside.

REMEMBER the Literary and Musical Entertainment, under the auspices of the "Charlottetown Temperance Reform Club," this (Wednesday) evening, in the Market Hall. It promises, if we can judge from the programme, to be one of the best entertainments ever given in this City. Go, and judge for yourselves. We are requested to state that the entertainment to be given on Thursday evening, by the "Minstrels," is not in any way connected with the above. It is to be given by an entirely different section of the "Reform Club."

QUEBEC CITY has the reputation of becoming rather excited over elections. The election in Quebec East seems to have called out the rowdy element, and already, beforehand, the Government organs are trying to attach blame to the Opposition. If by any unfortunate circumstance a murder or two took place it would be hailed by the Government press as the result of Conservative encouragement. One thing is certain, the Government press themselves being witnesses, and that is that the noisy people are claimed by them as belonging to their side. If there is a public meeting, it is forthwith recorded or chronicled that Mr. Tourangeau could not be heard because of the uproar caused by Mr. Laurier's friends, who, these organs are careful to say, were largely in the ascendant. If a procession is gotten up, the same organs are careful to inform the public that the "noise" was all in favor of Mr. Laurier. In fact, from these telegrams they appear to have a monopoly of the noise. The bladders of wind belong to their side. The roughs who won't hear argument are claimed by them. Who more likely, then, to let their passions hurry them on to deplored excesses? - *Itz. Reporter.*

Local and Other Items.

HARD TO BEAT. - Mr. John Meagher, sen., has now a three-year old heifer that turns the beam at the extraordinary weight of 1010 pounds. The beast was raised by Mr. John Dunn, of Merigomish, on his farm, and is of common, though of good, stock. This example shows that our native cattle, if properly cared for, will result as well as more famed breeds, the animal spoken of having no extraordinary care beyond good feeding and treatment. Those not having a clear idea of the weight of cattle will better understand by the statement that this fine heifer weighs precisely as much as two good beasts of the same age owned by Mr. Meagher. - *Pictou Standard.*

DANCING. - The progress the classes in dancing have made under Professor Danniell's is a proof of the efficiency of this gentleman as a teacher. Such easy and graceful movements, perfect time and refined deportment has never been witnessed in this Island before. The classes have received but seven or eight lessons, and the immediate friends of the pupils will be able to see at the first re-union, this evening, the wondrous progress they have made. At the close of the term the Professor is to give in the Market Hall one of those Carnivalistic entertainments for which he and his splendid wardrobe of fancy costumes is justly celebrated in this kalaidoscopic scene, only the members of the classes and such friends as they invite and vouch for will participate; and all such will be furnished with costumes from Prof. D.'s collection. As in the case of skating carnivals, spectators are witnesses and enjoy the dazzling sight.
