ARE HOT HUSKIES

South Africa now is breeding its own huskies in the warm Transvaal Province for use in its Antarctic expeditions.

SORRY!

We are forced to discontinue hauling to and from Mainland points, due to the 4,000 pound per axle weight restriction on Prince Edward Island highways.

Our regular equipment is over the weight limit without a load. We have been endeavoring to use light equipment but cannot efficiently handle the traffic now piled up at Borden.

To our customers with freight in transit we are slowly making deliveries on these shipments.

Service will be resumed as soon as restrictions are eased.

Signed:
