ODDS AND ENDS.

Nurse enters the door of professor's study—

"Do you think, dear, that absence makes the heart grow fonder?"

"Perhaps it does, love," replied the maiden.

"You might remain away one whole evening and let us test it."

Stewart—Miss Mitford is a very magnetic girl.

Darley (who is jealous)—I have heard that she shocks everyone she meets.

Dudely Slowpay—This coat doesn't fit. Tell that tailor when you see him that I said he was an ass.

Valet—He knows it already, sir. He admitted it when he came here expecting to collect his bill this morning.

It is a mistake to think that women are less intellectual than men. The brain that can comprehend and carry the fancy work directions given in the fashion papers is surely equal to any question of state, no matter how momentous it may be.

Pullets Should be Laying.

Young pullets hatched in March and April ought all to be laying this month. Later hatched ones if not laying in November will probably, if left to themselves, not lay before spring when eggs are down to fifteen cents per dozen. A well known poultry farmer showed us his account for December with 125 pullets. The net profit for that month from eggs alone was $39.39; from the same pullets in April following, the profit was $14.97, and he got 50 dozen more eggs in April than in December. Now this is a striking lesson to all who keep hens for profit. Get all the eggs you can at this season; if other crops are short, eggs always bring cash. Probably 45 cts. per doz. by Christmas. Therefore get the pullets to laying early when prices are highest. Rev. S. W. Squires, of Franklin, Mass., says: "For the purpose of seeing how many eggs I could obtain last winter from twelve hens, I used four large cans of Sheridan's Condition Powder. I believe it is the best preparation known to increase egg production. I saved part of the eggs for hatching after forcing the hens four months for all they were worth with the Sheridan's Powder, and I never had a greater per cent. of fertile eggs or more vigorous chickens. In brief, I do not believe I can afford to be without the powder to give health and vigor to young hens." If you cannot get it near home, I. S. Johnson & Co., Boston, Mass., the only makers of Sheridan's Powder, will send for 50 cents two 25 cent packs, five packs for $1.00; or for $1.20 one large two pound can of Powder, postpaid; six cans $5.00, express prepaid. Sample copy of the best poultry magazine sent free.

"I am happy to tell you, professor, that a little son has arrived."

Professor (looking up abstractedly from his book)—"Eh? Oh, just ask him to wait in the ante-room a minute please."

A PRINTER'S ILLS.

A Brantford Compositor has Diabetes—He Drops 40 pounds in weight in a short time—How he was Cured.

BRANTFORD, Oct. 15—Thomas Hazelhurst, a compositor in the Courier office in this city, has seen some ups and downs in health within the past few months. Last spring he found himself suffering from diabetes in a very severe form. In a few weeks, he lost forty pounds in weight. His system kept on running down and Mr Hazelhurst was very naturally alarmed. After trying many remedies without benefit, he began using Dodd's Kidney Pills. Three boxes made a big change in his condition, and six bottles worked a complete cure. Mr. Hazelhurst is to-day better than he has been for years. Add one more to the list of diabetes cases cured by Dodd's Kidney Pills.

She—Mr. Spooner, I have told you for the last time that I will not be your wife."

He—Thank you, I'm going to propose once more, so, of course, your answer will then be "Yes."

In Reply to Oft Repeated Questions

It may be well to state, Scott's Emulsion acts as a food as well as a medicine, building up the wasted tissues and restoring perfect health after wasting fever.

"Something for the music, too," asked the collector of a little German band, going through the guests in the garden.

"I've got nothing for you. I wasn't listening."

"You weren't? Do you mean to say I didn't hear you just now say 'the devil take that band?"

When the system is all run down, and no hope of obtaining nourishment by the ordinary food supply, then take "Miller's Emulsion, the great flesh and blood maker "the kind that cures" colds, cough, bronchitis and all diseases of throat and lungs. Every bottle warranted. No oily taste like others. In big bottles, 50c. and $1.00, at druggists.

Lady (to little boy): What are you crying for, my little man?"

Little boy—My fa-father has bin beat-beatin' me.

Lady—Well, don't cry. All fathers have to beat their boys at times."

Little boy—But my father isn't like other fa-fathers. He's in a brass ba-l and and bea-beats the big drum."

"He's billious," your friends say when you are irritable. Take Hawker's liver pills, they cure billiousness.

"Cholly is very unfortunate in the impression he makes," said one girl.

"Yes," replied another, "his clothes are so loud, and his remarks are so soft."

Safe and pleasant to take, sure to cure, Hawker's Balsam tolu and wild cherry.

Agent—Bunker is a social philosopher.

Caller—In what respect?

Agent—He never kicks when we dun him repeatedly for his rent. He just moves.

A quick and pleasant cure for coughs and colds is Hawker's balsam of tolu and wild cherry.

He (a clerk)—What would you like to see, madam?

She—Why, I'm looking for my husband.

He—Will I do, madam, or shall I show you some others?

Not only relieves, but positively cures catarrah, Hawker's catarrh cure.

Scene—Camp meeting; young man coming down from the mourner's bench.

Anxious friend (grasping him by the hand)—Is it well with your soul, brother?

Young man (ruefully)—Yes, but I've lost my hat.

DR. G. C. OSGOOD, Lowell, Mass.

"Castoria is the best remedy for children of which I am acquainted. I hope the day is not far distant when mothers will consider the real interest of their children, and use Castoria instead of the various quack nostrums which are destroying their loved ones, by forcing opium, morphine, soothing syrup and other hurtful agents down their throats, thereby sending them to premature graves."

DR. J. F. KINCHELOE, Conway, Ark.

Castoria.

"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me."

H. A. ARCHER, M. D., 111 So. Oxford St., Brooklyn, N. Y.

"Our physicians in the children's department have spoken highly of their experience in their outside practice with Castoria, and although we only have among our medical supplies what is known as regular products, yet we are free to confess that the merits of Castoria has won us to look with favor upon it."

THE MOTHER'S OUTING.

Tie Lily's sash; and have you brought the bag?
And did you close the windows? Come here, Will!
Dear me! Your handkerchief looks like a rag—
How warm you are! I wish you could keep still;
Don't race about the boat. Yes; by-and-by
We'll—Bridget, please don't let the baby cry.

That is the Battery, and that's the—Jess,
Come off that railing, and sit here by me;
Or, stay with Bridget, if you like. I guess
You'd better put your coat on. That's the sea
Off there—you can't be hungry yet, my son!
Where are the biscuits? And give Lily one.

Bridget, why is the baby crying? Hush,
Ted, Lily, Jess! You mustn't romp like that;
Just see those little steam tugs, how they rush—
And watch the waves. Good gracious! Mind your hat,
You'll lose it overboard—oh, oh, oh, oh!
You reckless, careless boy. I told you so!

Your nice new hat! Didn't you hear me call?
You'll be tanned black—run after Lily, quick;
The boat rocks so, she's sure to get a fall.
Jess, what's the matter? Are you feeling sick?
You look so pale, lean down your little head;
Get her some ice-water, and hurry, Ted.

Oh, don't eat peanuts! You want lemonade?
Well, here's a dime; but, mind you, don't go near—
Why does the baby cry so? I'm afraid
I'll have to take him. Bridget, fetch him here,
And see what those young mischiefs are about.
I wonder why I ever bring them out?

TOOTH FILLING.

A Great Economical Improvement About to Be Made.

One of the most important improvements in modern dental practice is on the point of being accomplished. It will consist in the substitution of porcelain for gold in the filling of teeth, especially in places where repairs are likely to show. For this purpose a piece of thin platinum foil is introduced into the "cavity," and so manipulated as to take the exact form of the hole, as if it were intended as a lining. Then it is carefully withdrawn, so as not to disturb its shape. Thus is obtained a mould, from which a porcelain cast may be made to fill the cavity exactly. This is secured in place by cement. The trouble is that no cement as yet invented is proof against the dissolving power of the fluids in the mouth.

By the use of an electric light in connection with the little mirror introduced into the mouth, the teeth and alveolar processes are brilliantly illuminated and rendered translucent. Thus anything wrong about the teeth may be quickly discovered. Perhaps the dead tooth may be hidden in the jaw, never having been erupted, and may have been the obscure cause of trouble for years. The light reveals it at once.—Providence Journal.

Seed Thoughts.

Obedience to God's command is your highest duty. There is nothing that makes life so glorious as "Thy will be done" wrought into daily life.—Anthony Comstock.

The solemn and blessed truth is that God calls every man to be a minister, assigning each his own parish in the great diocese of Christ's one church.—Dr. Boardman.

The life you live now is all the more worth living because it opens into a life that will never end, and the last letter of the word "time" is the first letter of the word "eternity."—T. De Witt Talmage.

Do you tell me that there are many good men who are not Christians? That's true. But they manifestly borrow from the religion which they refuse to embrace the very morality of which they boast.—Carlos Martyn.

Don't be wheelbarrow Christians, that go only when pushed. Don't be Christians like the Arctic rivers—frozen at the mouth. —J. T. Beckley, D.D.

Carpet Made With 50,000,000 Stitches.

Those who have recently raised the question of the import of prison-made goods from abroad will, perhaps, read with surprise that the queen will shortly be the possessor of one of the most remarkable articles ever made in a prison. The superintendent of Agra jail some months back received an order to weave a carpet of special design for her Majesty. This is now complete. On it twenty-eight of the deftest convicts of the establishment have been engaged, and the texture measures seventy-seven feet by forty feet, and is estimated to contain no fewer than 59,000,000 stitches. The pattern, known as the Poona, is rarely met with. It has a dark ground, upon which the device and border are executed in delicate shades of vegetable-dyed blues, yellows, browns and greens. The carpet, which is of great value, will be used in her Majesty's Indian room at Osborne. The Agra jail convicts are also making a carpet for the German emperor.—Manchester Examiner.

The Soul and the Beard.

In Russia it was the common belief up to the time of Peter the Great that beardless men were also soulless and that a man who purposely admitted of having his beard marred could never enter heaven. The great Peter above referred to ordered his heathens to "shave up" so as to appear more civilized, and when they refused to comply with his edict he fined the wealthy and middle classes 100 rubles for each beard that was permitted to grow and each peasant and laborer a copeck for the same privilege. Finally the priests were appealed to and they informed their parishioners that unless they submitted to having their beards shaved they need not expect that St. Nicholas, the gatekeeper of heaven, would be able to distinguish them from the bearded Turks. That had the desired effect.—St. Louis Republic.
