

BABY'S OWN SOAP is made particularly for little folks. It is the purest soap in the world. Really and truly the purest. It looks good; smells good; IS good; and does good to the pink and tender skin of infants. Thousands of men and women use **BABY'S OWN SOAP**—because they like it—but for Babies it is indispensable. 76

GOOD-BYE HEADACHE

Dodd's Dyspepsia Tablets Prevent Headache After "A Night With the Boys."

Take a Couple, as Dessert After Dinner, and They'll do the Rest—They Digest the Food, and Soothe and Strengthen the Stomach.

"Ah! Ha! My boy! Got a headache, this morning! Where were you last night?" "Yes. I've got a headache, a splitting headache! My blood seems to be on fire! My eyes seem to be jumping out of my head. I was out with 'some of the boys,' last night, and we had a pretty rapid time and I'm paying up for it now."

Such was the conversation that past between two young men—stars in the social firmament—when they met a few mornings ago.

They walked along the street together, and shortly were met by a mutual friend.

This young man looked fresh and bright. He had no headache. His eyes were clear and sparkling, and he was in the best of spirits.

"Why, Jim!" exclaimed he of the aching head, "You look as fresh as a peach! And you were one of the last to give up the fun last night, too. What have you done with your-self? I am suffering the tortures of Hades."

"You're right I'm as fresh as a peach. At least, that's how I feel," answered Jim.

"How do you do it?" he was asked.

"I took a few of Dodd's Dyspepsia Tablets in my vest pocket, last night. As soon as we had finished dinner, I took two of them."

"Is that all?" was the next, surprised question.

"That's all. And if you try the scheme, when you go to a 'farewell dinner' again, you'll get up, as I do next morning, fresh as a peach, and without a headache."

TAKE DODD'S DYSPEPSIA TABLETS FOR DESSERT.

Many persons cannot take plain cod-liver oil.

They cannot digest it.

It upsets the stomach.

Knowing these things, we have digested the oil in Scott's Emulsion of Cod-liver Oil with Hypophosphites; that is, we have broken it up into little globules, or droplets.

We use machinery to do the work of the digestive organs, and you obtain the good effects of the digested oil at once. That is why you can take Scott's Emulsion.

DISGUSTED FISHERMEN.

One day a Boston party, on a fishing trip to Moosehead, came across one of the old school fishermen. He was up off the mouth of Tomhegan stream and was fishing out of a lumberman's bateau. It developed later that he was the cook for a crew of river drivers. On the bank near at hand stood the cookee, or his helper. The cook had thrown about a peck of table refuse into the lake in order to "tole" the fish, and over that lure he was having great luck. His pole was of the jib boom variety, and when a fish bit he would derrick it over his head into the bushes where the cookee was stationed.

The Boston men from their canoes watched operations with all the disgust of the true sportsmen.

"Got enough for supper yet?" shouted the fisherman over his shoulder as he set another great trout flapping into the bushes.

"No; better catch six or eight more," shrieked back the cookee.

"Say, how many fish do you two fellows usually eat for supper?" shouted a Boston man who didn't understand the situation.

"When you've cooked for 22 river drivers as long as I have," yelled the cook, derricking another fish, "you'll know more about empty nail kegs."

Hardly was this enigmatic utterance out when there came a tug at his line that was nothing short of tremendous. He twitched. The fish didn't come. He braced, set his jaws and pried. His line only sawed the hissing water.

"Play him! Play him!" screamed the excited sportsmen from the city.

"Play your grandmother!" bellowed the cook. "I ain't here to play. I'm here to fish." And as he spoke he boosted over his head a 15 pound laker. Any man in the Boston crowd would have given \$10 to have played him an hour at the end of an eight ounce rod. 'Twas too much for their nerves. They came away.—Lewiston Journal.

VOLUNTEERS OF HAVANA.

How They Were Won With a Pocket Handkerchief Promise.

In 1868, when the revolution of ten years in Cuba began, no volunteers existed in Havana worthy of being called such. There was only one old regiment, and when Governor General Lersundi, then of the island, tried to complete this regiment he found the task difficult of accomplishment on account of the prevailing unwillingness to enlist. But just at this time, most providentially for the relief of the dilemma, some unknown hand covered the walls of Matanzas, near Havana, with huge posters promising each Spaniard his passage home and the privilege of carrying away with him whatever his pocket handkerchief could contain in the event of his enlistment.

The effect of this stimulus to the flagging pulse of the public was electrical, and the enrollment of 50,000 men followed within 48 hours. The volunteers thus came into existence with their chiefs in the majority. But the ruined merchants of the city of Havana soon found out and objected to the newly risen power. This opposition increased upon the arrival in Cuba of the new governor general, Duice, who came in 1869 as representative of the revolutionary government in Spain. He was a man of good faith, empowered by the government to grant Cuba all the reform she coveted and that had lately been offered. He would undoubtedly have put a term to the revolution, averting all the ruin and devastation which followed. But such an easy and unanimous course did not suit that class which faced inevitable financial ruin as a consequence of such a policy.—San Francisco Chronicle.

A SAILOR'S STORY.

The Result of His Shipwreck and Exposure was Terrible.

Inflammatory Rheumatism Tortured Him For Six Weeks—No Medicine Gave Him Relief Till He Tried Dodd's Kidney Pills Which Cured Him Permanently.

FREDERICOX, N. B., Aug. 26.—We people who live "down by the sea," are peculiarly liable to attacks of Rheumatism.

An old sailor, who has sailed the main for many years was talking of his experiences yesterday, and to a reporter made a statement that is of the most vital importance to all who suffer from this painful and distressing disease.

Said the old salt: In my younger days I suffered terribly from Rheumatism. Sometimes I would be unable to get out of my chair; and I had often been confined to bed for a week at a time, suffering the most agonizing pain.

"On one occasion, I was shipwrecked. With two companions, I managed to reach a bare rock, when our ship sank."

"We were exposed to the fury of the storm, (it was in the fall) for a day and a night before we were rescued."

"After that I lay for six weeks, enduring the tortures of the damned from Inflammatory Rheumatism."

"Medicines without number, and all kinds of liniments were used, but I got no relief."

"One day an old lady called to see me. My wife told her of my sufferings, and our endeavors to relieve them."

"Have you tried Dodd's Kidney Pills?" she asked. We had not. "Well they'll cure you. You try them and see!" said our visitor.

"We got the pills, and I used ten boxes. They cured me so completely that I've not felt a twinge of Rheumatism since, and that was five years ago."

This sailor's case is like all in which Dodd's Kidney Pills have been used—a thorough, permanent cure results.

Dodd's Kidney Pills always cure Rheumatism. They cost 50 cents a box.

APPALLING DEATH

From Kidney Disease Prevented by Dodd's Kidney Pills, Only.

"Kidney Disease." Do you know what it means? It means that the kidneys are either rotten, or rotting; the blood is full of poisonous, death-dealing corruption; that the Kidneys can't do their work; that the victim is a walking charnel-house; that his hours are numbered; that the victim MUST take Dodd's Kidney Pills if he does not want to die.

Have you Kidney Disease? Is your skin hot and dry; memory failing; breath short; urine, reddish, or pale colored; does it scald when passing; is your appetite changeable; do your ankles swell; have you bitter taste in the mouth on getting up mornings; is there a brick-dust deposit in your urine?

Any of these signs is proof positive of Kidney Disease. Will you be cured, or will you die? Dodd's Kidney Pills are the only means on earth that will cure you. They never fail.
