and is altogether self-taught. The picture to which we allude, is a landscape—a fancy picture we should suppose, though we have had no communication with Mr. Millner on the subject—and hangs in Messrs. Haszard & Owen's Book-store. Of its style of composition we will not undertake to give any opinion, but will be happy to give expression to that of others, and if any of our readers will favor us with a criticism on the subject, we can only assure them, that the most perfect secrecy shall be preserved with respect to the name of the contributor. Praise may animate to higher exertions, as well as encourage perseverance; judicious and temperate criticism, will lead the way to increased excellence, and if the faults in the present production are pointed out, it may enable the artist—we hope we may style him such—to avoid them in future.

THE MAIL.—We had a Colonial Mail on Monday and another on Tuesday night. No further news from Europe.

The Ice was somewhat broken up opposite Charlottetown on Saturday by the mlid weather, but before daylight on Sunday morning it turned to freezing and the weather has been except yesterday very severe. The River is not yet safe for Horses.

Errata.

In our last, the list of criminal sentences having been given during the hurry of the last day of the term, the following errata have taken place, which, we now correct. For "Bright," read *Bridges*. For "Jane Kennedy," read *Ellen*. In the sentence of James Arnold, hard labour is added. This is a mistake. The sentance was 4 months' imprisonment. In the case of Dennis Reddin, Esq., for £25, read **£35.**

The New York Tribune states as fact the sale of Mr. Collins' three remaining steamers to the Cunard Company, for $750,000 each. They are to replace steamers withdrawn for Government service, and will continue to ply between New York and Liverpool.

The barque Ann, of the burthen of 425 tons, Boyle, master, from P. E. Island, with a cargo of deals and timber, bound for Cork, ran ashore on the night of the 30th of Nov, near Placentia, and became a total wreck. Crew saved.

THE LIVER PILLS.

☞ The Liver Pills of Dr. M'Lane were first used by him exclusively in his own practice. So efficacious were they in all cases of Liver complaint, that they became famous, and attracting the attention of the medical faculty, passed into general use. They act with great certainty and regularity; the patient almost immediately feels the dispersion of his disease, and is gradually restored to health. With some the effect is almost miraculous, frequently experiencing immediate relief, after having for months resorted to drugs and medicines of another description, in vain. Disease of the Liver are very common in this country, and are often frightful in character. Those who experience any of the premonitory symptoms of this dangerous and complicated disease, should at once procure a box of Dr. M'Lane's Pills, and perhaps, thereby, be saved a world of misery.

☞ Purchasers will be careful to ask for *Dr. M'Lane's Celebrated Liver Pills*, and take none else. There are other Pills, purporting to be Liver Pills, now before the public. Dr. M'Lane's Liver Pills, also his Celebrated Vermifuge, can now be had at all respectable Drug Stores in the United States and Canada.

When death is at the door, the remedy which would have saved life, if administered in time, comes too late. Do not trifle with disease. Rely upon it, that when the stomach will not digest food—when faintness and lassitude pervade the system—when the sleep is disturbed, the appetite feeble, the mind lethargic, the nerves unnaturally sensitive, and the head confused—rely upon it, that when these symptoms occur, the powers of vitality are failing, and that, unless the mischief is promptly checked, *life will be shortened*, as well as rendered miserable. Now we know from a mass of testimony, greater than was ever before accumulated in favor of one remedy, that Hoofland's German Bitters, prepared by Dr. C. M. Jackson, Philadelphia, will immediately abate, and, in the end, entirely remove all these disorders as surely as a mathematical process will solve a problem. Who, then, will endure the agony, and the risk of life, with health and safety within reach? See advertisement.

☞ THE CHEST. ☜

SIR ASTLEY COOPER, BART., M. D., the eminent Medical Practitioner, has left a valuable legacy to the world, in his GREAT PREVENTIVE OF CONSUMPTION, and *unfailing cure for Pulmonary Diseases*, without the use of Medicine.

Sir A. C. Bart., invented and advised the use of the MEDICATED FUR CHEST PROTECTOR to all persons of all ages and conditions, as a certain and safe shield against those fearful diseases, Consumption, Bronchitis, Asthma, Coughs, Colds, and other affections of the Lungs, which arise from the exposed state of the chest, *according to fashion*, and the continual changes of our climate.

"The Protector" is simply a chemically-prepared fur, lined with silk and padded, which, suspended from the neck, covers the chest in so agreeable a manner, that, once worn, it becomes *a necessity* and *a comfort*.

"The Protector," although but recently introduced into America, is making rapid progress through the United States, the Canadas, South America, and the West Indies. It has for a long time been a staple article in England, and on the Continent of Europe, while it has grown in many countries to the position of an article of dress.

To demonstrate these facts, enquire of any English resident in your vicinity of his knowledge of the beneficial effects of wearing the Protector, WITHOUT RECOURSE TO DOCTORING of any kind. The cost of wearing these articles is a mere trifle, and one will last some years. No one who values the health of himself or his family will be without them. The hospitals in this country are not alone recommending them, but rapidly introducing them. Harcourt, Bradley & Co., of London, and Manchester, England, were originally entrusted with the manufacture of the Protectors, by the lamented Dr. Cooper, and continue to manufacture according to *his original* instructions, and therefore recommend those who would wear "The Protectors," to see to their being genuine.

H. B. & Co. are establishing Depots for the sale of "The Protector" in all parts of America. Physicians, Surgeons, Druggists, Clothiers, Dry Goods Merchants, Hatters and Milliners, also Gentlemen's Furnishing Store-Keepers, are entrusted with the wholesale and retail distribution of them, and to whom most liberal terms are offered for their enterprise, and a splendid opportunity opens to them for a safe and profitable business.

BY ROYEL LETTERS PATENT.

THE HYDROMAGEN,

OR WATERPROOF ANTI-CONSUMPTIVE

CORK SOLES,

Manufactured by HARCOURT BRADLEY & Co., 38, Ann Street, N. Y., and at London and Manchester, England

THE HYDROMAGEN is a valuable discovery for protecting the feet from damp or cold, and therefore a preventive of many Lung diseases, *without any doctoring whatever*. The Hydromagen is in the form of a sole, and worn inside the boot or shoe. Its *medicated* character is a powerful antidote to disease.

For Gentlemen it will be found agreeable, warm, and healthy, to wear in the coldest or rainiest weather, as the foot cannot become wet, if the Hydromagen is inserted.

Ladies may wear the lightest soled boots or shoes in the most inclement weather with impunity; while consumption, so prevalent among the young of our country, may be thwarted by general adoption. They entirely *supersede over shoes*, as the latter cause the feet to perspire in a very unhealthy manner; and, besides, are not dangerous wear to pedestrians in icy weather, like India rubbers. While the latter cause the feet to appear extremely large, the Hydromagen, being merely a thin slice of cork prepared, peculiarly placed inside, does not increase the size of the boot, or cause the foot to appear untidy.

To Children they are extremely valuable, as they may engage in exercise, with comfort and healthy effects. Their expense is so slight as to scarce need mention; besides those who patronise them will find their *yearly doctor's bill much diminished thereby*.

As the Hydromagen is becoming more known, its sale is increasing to an almost incredible extent. Last year in London, Manchester, Birmingham, Liverpool, Glasgow, Leeds, Dublin, Paris, Antwerp, Hamburgh, and Berlin, our sales reached the almost incredible number of 1,732,450 pairs of cork soles. This year the number will far surpass that.

Ask the Faculty their opinion of their value as a preventive for COUGHS, COLDS, BRONCHITIS, ASTHMA, and CONSUMPTION.

Men's size, per pair, 2s 3d.
Ladies' do. do, 2s.
Boys' and Misses' do. 1s 6d.

NOTICE.—From the Retail Prices we make a very liberal allowance to Jobbers and Wholesalers, so that any storekeeper can make a fine profit on their sale, while they are an article, that may be kept in any store, among any class of goods.

For terms, apply to HARCOURT, BRADLEY, & Co. 38 Ann Street, New York.

A supply of the above daily expected.
