It is a condition of the issue of 5½% bonds due August 1, 1980, that the Government of Canada will operate a purchase fund. The Government of Canada undertakes to use its best efforts to purchase during each quarter of each calendar year to maturity, commencing October 1, 1962, when available in the open market at prices not exceeding the original issue price, plus accrued interest, at least ½ of 1% of the principal amount of the 5½% bonds maturing August 1, 1980. The Government of Canada may, however, in any quarter of any year apply to this undertaking the purchase of those bonds made during the immediately preceding twelve months and not previously credited. By maturity the maximum amount which would be required to be purchased by the Government of Canada under these provisions would be thirty-six per cent of the original issue.

Bank of Canada has already agreed to acquire a minimum of $50,000,000 of the above loan, open as to maturity.

The proceeds of this loan, together with the proceeds from the sale of $85,000,000 of 366 day Treasury Bills (to be dated August 1, 1962, to mature August 2, 1963 and to be offered at competitive tender on July 30, 1962) will be used to redeem the $285,000,000 of 3% Government of Canada Bonds maturing August 1, 1962.

The new Bonds will be dated August 1, 1962 and will bear interest from that date. Principal and interest are payable in lawful money of Canada. Principal is payable at any Agency of Bank of Canada. Interest is payable at any branch in Canada of any chartered bank without charge. Bonds may be registered as to principal or as to principal and interest: Definitive bonds will be available on or about August 1, 1962 and thereafter in two forms: bearer form with coupons attached (this form may be registered as to principal) and fully registered form with interest payable by cheque. Bonds of both forms will be in the same denominations and fully interchangeable as to denomination and/or form without charge (subject to Government transfer requirements where applicable).

The new Bonds are authorized under authority of an Act of the Parliament of Canada and both principal and interest are a charge on the Consolidated Revenue Fund of Canada.

Subscriptions for the new Bonds, subject to allotment, may be made to Bank of Canada, Ottawa, through any investment dealer eligible to act as a primary distributor or through any bank in Canada.

The books of the loan will close at 6.00 p.m. Eastern Daylight Time, July 18, 1962.

An official prospectus may be obtained from any Agency of Bank of Canada.
