Starving Men Seeking Bread.

Socialists at Work.

THE POLICE OVERCOME.

LONDON, Feb. 8. The starving mechanics of London today held a mass meeting around the Nelson monument which resulted in a terrible riot. The proceedings were opened with an assembly of ten thousand men. The police were there in large numbers. They at once saw that the Socialistic element of London greatly predominated in the crowd, which was also managed by well known Socialists, and extraordinary vigilance was ordered to preserve peace at all hazards.

Burns, who ran as the Socialist candidate in the recent election, was conspicuous among the leaders. He sneered at the police and acted generally as if he wished to bring about a conflict between them and the people. The mobs took possession of streets for miles around, and broke into club houses and business places, also into about two hundred dwelling-houses, and attacking butchers, bakers, hotels and any other places of business. At present it is believed that no lives were lost. It is estimated that there were 15,000 persons engaged in the demonstration, two-thirds of whom were bona fide unemployed working men, while the remainder were Socialists.

NOTES.

Not the promissory, but facts about WELCOME SOAP, an article that does not contain one particle of the adulterations used to reduce the cost of "Pure Goods," but does possess the value of legitimate Washing Qualities, the demand for which proves the advantage gained by the use of the genuine over Soaps of doubtful character. None should be deceived even by Red and Yellow Wrappers, or any of the imitations of the WELCOME, as a pair of clasped hands is stamped on every bar. Made by CURTIS, DAVIS & Co.

A Chicago lawyer jumped up in court the other day and exclaimed: "I desire to pay this court \$5 for the privilege of telling it that it is either drunk or corrupt!" The Judge quietly pocketed the \$5 and ordered the case to proceed.
