**Says Most Racing Stables Losing Money**

TORONTO, Jan. 12 — (CP) — W. M. Morrissey, Canadian president of the Horsemen's Benevolent Protective Association, said today that nine of every 10 racing stables lose money. An occasional one makes a profit by betting, he said.

He was commenting on a decision by the Income Tax Appeal Board which ruled taxable some \$13,000 won on bets in 1947 and 1948 by James Badame, Toronto horseman. The decision, it was emphasized, applied only where wagering was an integral part of the taxpayer's business or occupation.

Mr. Morrissey said "a few men, like Badame, who practically eat, sleep and live with their horses, make money at betting, but the average horse-owner who hires help hasn't much chance.

On the average, he said, the Government may lose more money in deductions claimed than they make in taxing winnings.

"More people lose than win. There is so much money taken from the betting dollar for taxes and track overhead that the money is taken from circulation. It takes a well-informed horseman who is at the track day and night to consistently win bets."

**Annual Meeting Four Branch Institute**

The annual meeting of the Four Branch Farmers' Institute was held in North Carleton school-house, with a fair attendance and the president, Mr. Walter Hamill presiding. The secretary, Mr. John Myers gave an account of the year's work which was pretty much on a par with the previous year with a little heavier stock on hand.

The auditors, Messrs. T. J. Inman and Arnold Henderson handed out printed statements of the details of the year's business, showing: Gross sales of \$18,750.39 with a gross profit of \$855.94. Stock on hand \$1,945.81. After paying all operating expenses there was a surplus of \$233.53, which when added to the former assets of the Institute now makes an accumulated capital of \$2,801.34, which re-

## S'ide Airmen Leave Today For Bermuda

Members of the specialist navigation course of the Air Navigation School at the R.C.A.F. Station, Summerside, will leave today on board the Lancasters, Zenith and Polaris in a two-day navigation exercise to Bermuda and back. The particular type of navigation exercises involved here is the inter-copling of ships in the Atlantic. Whether the ship is real or imaginary one has not been divulged but according to the plan it will have left some port at a given time and it will be up to the navigators to find it. The aircraft will land at Bermuda for the night and will return to their base at Summerside on Sunday.

## Yankees' Manager Expects Troubles In Signing Players

NEW YORK, Jan. 12 — (AP) — General manager George Weiss of New York Yankees, saddled with holdout troubles, is finding out that winning a pennant and world championship is not always a bed of roses.

Usually tactful on salaries, Weiss admitted at a press conference today he expected difficulty signing some of his athletes.

Weiss did not mention names but it was understood that he had in mind such players as Yogi Berra, Joe Page, Tommy Byrne, Hank Bauer and Fred Sanford. They are among those reported disagreeing with their boss on their worth.

Thus far only five Yankees have signed 1951 contracts — pitchers Bob Muncie and Wally Hood; outfielder-first baseman Hank Workman; Johnny Mize and Phil Rizuto. Not all contracts have been mailed out, however.

Muncie, formerly with St. Louis Browns and Cleveland Indians, was drafted last November from Los Angeles where he won 15 and lost 17. Hood, a University of Southern California graduate, had a 7-6 record at Kansas City. Workman, also with Kansas City, hit .267 but his 131 hits included 23 home runs.

The most stubborn holdout is expected to be Page. The veteran relief pitcher, who had a miserable season in 1950, had been offered a contract calling for a cut of 25 per cent of last year's \$30,000 contract. Page is reported to be asking for the same salary.

Berra, the slugging Yankee catcher, already has been quoted as saying he was not satisfied with the first offer. He is reported to be demanding \$30,000, a 50-per-cent increase over his 1950 salary. Bauer, whose 320 batting average was bettered only by Rizzuto and Berra among the Yankees, has returned his unsigned contract, said to call for \$10,000, a 25-per-cent increase. The young outfielder wants \$15,000.

Byrne, who had a 15-9 record last year although he was of little help in the final six weeks of the campaign, has been offered the same contract. He believes he is entitled to a raise.

## Junior Abbies In 12-1 Victory Over S'ide

The Charlottetown Junior Abbies defeated the Summerside Skeen and McInnis teams in an exhibition hockey game at Crystal Rink last night by the top-sided score of 12-1.

The visitors were obviously in better shape than the locals and their team play was exceptional for so early in the season. Poor ice cut down the speed and general effectiveness of both teams.

Dalziel led all snipers with four goals. MacLean potted three and Glover, Nicholson, Jarvine, Scantlebury and Coyne one each. Laysh Schurman scored Summerside's lone tally in the third period on a pass from Darby.

The game was ruggedly fought and a total of nine minor and eight major penalties were handed out. Most of the majors came after a small donnybrook broke out toward the end of the second period.

James Hogan and Gerard Bernard handled the whistles.

## Plan Races At Riverside Next Wednesday

The first ice racing for the 1951 season will be held over Leo Fraught's Riverside racing oval Wednesday, Jan. 17th, it was announced yesterday by J. Thomas McKenna, President of the Vernion Driving Club.

The comparatively mild mid-winter weather has prevented the river freezing over and the chances of holding ice races was comparatively slim until the management of the Riverside Track offered the use of their premises.

The track is reported in perfect condition, the six inches of snow that covered the surface having been rolled down to make the footing hard and smooth. The 17th should prove a big day for the sport of kings.

Several prizes have been donated to the club for the competitions. D. R. Cummings and Everett MacDonnell have each offered to donate a blanket. A cup has been donated by Leo Fraught to be awarded to the entry in the club, scoring the most number of points during the winter racing season.

The track and barns are at the disposal of the Club for the winter months.

## May Use Oil To Heat S'ide Federal Building

Protests against the use of coal in the new Federal building in Summerside may be headed and oil used instead, according to letters received yesterday by Mr. Harold Rodd, secretary of the Summerside Board of Trade and by Mr. J. Watson MacNaught, M.P. Deputy Minister of Public Works.

Protests against the use of coal had been lodged because it was felt that the smoke nuisance would be considerable as the building is located in a residential area.

The letter to Mr. Rodd reads as follows:

"I refer you to your letter of December 13, 1950, which transmitted a copy of a resolution issued by the Summerside Board of Trade containing representations that the new public building in Summerside be heated by oil instead of by coal as called for in the contract specifications.

"You are informed that drawings and specifications are now being prepared for the installation of oil burners and prices will be obtained. If the installation for the oil burner installation is found to be reasonable, consideration will be given for the installation of oil burning equipment."

## Beavers To Have New Player Tonight

SAINT JOHN, N.B., Jan. 12 — (CP) — Saint John Beavers will be bolstered by a newcomer when they play Halifax St. Mary's in a Maritime Senior Hockey League game here tomorrow night. He is Ossie Carnegie, centre who has also played defence.

## Indians To Have Revised Uniforms

CLEVELAND, O., Jan. 12 — (AP) — The well-dressed Cleveland Indians will be slightly more conservative this season than last.

President Ellis Ryan announced these fashion dictums for the baseball club:

Dark-blue caps with scarlet "C's" instead of red caps with blue trimmings.

Plain, dark-blue stockings without the two red stripes of last year.

Red uniform letters on a dark blue background, just the opposite of a few remodelled features on the Indian caricature won on the left sleeve.

## Rangers Call Up Replacement For Buddy O'Connor

NEW YORK, Jan. 12 — (AP) — New York Rangers announced today they are bringing up Jack Gordon, 22-year-old centre, to replace the injured Buddy O'Connor.

The Winnipeg-born Gordon, who had previous trials with Rangers, comes with a fine record of 21 goals and 26 assists with Cincinnati Mohawks of the American League. He will be in uniform when New York meet the Red Wings in Detroit tomorrow.

O'Connor suffered a torn ligament in his left knee against Montreal Wednesday and is expected to be out of uniform for several days.

## Rickey Drafts Old Dodgers For Pirates

PITTSBURGH, Jan. 12 — (AP) — Branch Rickey is drafting his old Dodger standbys for baseline traffic duty with the announced intention of putting some "guts" into the last-place Pittsburgh Pirates.

Aging Babe Herman joined the coaching staff today. Rickey signed the ex-Brooklyn outfielder to patrol first base at Forbes Field.

Less than 24 hours previously, Rickey added ex-Dodger coach Milton Stock to the Pirate fold. His job will be calling signals at third.

Rickey also retained coach Bill Posedel and veteran Honus Wagner. Honus, regarded by most experts as baseball's greatest shortstop, performed in the Gay Nineties with the Bucs. He will be 77 next month. For many years he was "Flying Dutchman" has been on the Buc roster as coach. Ordinarily, he dons his uniform only for home games.

Manager Billy Meyer, who is keeping his job to fill out a three-year contract although Rickey has given every indication he will run the club, thinks Herman will be a great help to the hitters. Herman batted .324 in 1,582 major league games.

The 47-year-old Babe is a hero of Pittsburgh diamond fans. He has been a Pirate player scout and now coach.

Prior to joining the Dodgers in 1949, Stock coached the Chicago Cubs for five years.
