ELECTRIC GLOSS.

FOR cleaning Solid Silver, Nickel, Brass, Copper and Plate Glass. Quick! Sure! Permanent! No dirt, no trouble, no labor. Being entirely free from grit and acids, it cannot injure the most finely burnished surface. It is the only preparation ever produced that will polish brass or copper without the use of acid. Nothing approaches it for removing grease and finger marks from Brass, Copper, Glass, etc.; while for cleaning Nickel or Stoves it is especially useful. Retail price, 25 cents per bottle.

MICA WASH.—This wash is the only thing of the kind ever invented. A stove may be as handsome as a jewel and shine like ebony; but smoked mica lights will spoil it all. Day by day mica becomes scarcer and higher in price, and an article that will clean and preserve it is valuable to all concerned. Try this wash once, and you will always use it. Retail price, 25 cents per bottle.

The above household necessities are manufactured by The Electric Gloss Co., Philadelphia, U. S. A., and sold by every respectable Druggist, Stove Dealer, Hardware Merchant and General Dealer in Canada. The Canadian trade supplied by
