

# Hees Believes PC Chances Good To Defeat Liberals

By BOB EXELL  
 COBOURG (CP) — Former trade minister George Hees, his political charm unimpaired despite a 2½-year absence from Ottawa, has hung his election shingle in Northumberland.

### Quebec Tobacco Loss Is Heavy

MONTREAL (CP)—A survey by the Quebec Tobacco Producers' Association shows that bad weather has destroyed 3,000,000 pounds of tobacco in the province this year.

Mr. Coriveau said the survey shows that some form of crop insurance must be set up for the tobacco producers.

Government compensation for farmers who have had total crop losses, announced Monday by Agriculture Minister Alcide Courcy, will not apply to the tobacco farmers.

### CONTRACT BRIDGE

By B. JAY BECKER

Most of the hands played in the annual world championship tournament could serve as models of how the game should be played; but, unfortunately, there are many other hands which arise to illustrate how the game should not be played. Take this deal which occurred in the match between Sweden and the United States in 1963. The American East (who shall be nameless) opened the bidding with two spades after the Swedish North has passed. East-West were playing weak twos, the prime purpose of which is to make the bidding more difficult for the opponents. South doubled for takeout and North responded three diamonds. At this point, East having spoken his piece, should have passed, but he bid three spades instead. South doubled again, this time for business, and that became the contract. East did not fare well. He lost two clubs, a diamond, two hearts and three spades to go down four — 700 points.

As if this were not bad enough, the American-North-South pair at the other table also had their troubles. There the bidding went in this peculiar manner:

North East South West  
 1 ♠ 2 NT Pass  
 2 ♠ Pass

North elected to open with a heart over which East jumped to two spades. It was not difficult for South to realize that his partner had bid a psychic — after all, there are only so many high cards in the deck. But in trying to solve the problem of how to deal with the situation, South came up with an answer that was neither fish nor fowl. He could have doubled two spades, or he could have jumped to three notrump, either of which would have been acceptable.

Instead, he bid two notrump, making five. Counting honors, South scored 360 points, but the United States team lost 340 points in the deal.

**AWAIT FREIGHTER**

SAINT JOHN, N.B. (CP)—The Norwegian freighter Herang is to arrive Monday to begin loading the season's first Canadian wheat cargo for Russia from here. The Herang will load between 13,000 and 14,000 tons. Gordon C. Moulton, port manager for the national harbor board, said Friday he does not know how much grain is to be shipped through Saint John as part of this year's Russian order.
