THE FENIANS IN MOTION ON THE BORDERS.

CABLE DESPATCHES.

LONDON, March 13, (evening.)—Despatches from Dublin dated this evening, state that Ireland is quiet. No new Fenian demonstrations are reported. There has been a great fall of snow in Ireland. A number of Fenians have been arrested in Limerick, and the prisoners, while on their way to the police barracks, were cheered by the people. Placards, emanating from the "I. R. B." have been posted in the streets of Clonmel and Borough towns, in both Waterford and Tipperary counties, forbidding the people paying their rents.

LONDON, March 14—Noon.—The Fenian troubles are not altogether ended. The Government has just despatched four gunboats to Dublin, and they will be posted at different places in the River Liffey. The Fenians have taken refuge from the British troops in the Wicklow Mountains, a few miles south of Dublin, where they are perishing from the extremely cold weather.... Queen Victoria will despatch her portrait to Mr. George Peabody, the American philanthropist, some time next week.

MR. MAGUIRE IN THE SOUTH.

A letter appears in the London *Times* of the 16th ult., from New Orleans, which we surmise to have been written by Mr. Maguire, a member of the House of Commons of the Irish Liberal school, who visited that city last summer. With whatever prepossessions he entered the United States, he seems thoroughly convinced that the theories of his party are at fault; he declares as the result of his observations that he beholds property well nigh valueless, labor capricious, industry and enterprise discouraged and the country sinking into barbarism. He tells an amusing story of a Brigadier-General of the U. S. army, a philanthropist of the first water, an abolitionist of the purest type, who leased an estate of 1000 acres in the State of Mississippi and planted it with cotton, under the impression that to the friend of the negro—his emancipator—none of the embarrassments of the Southern would be his lot. But, sad to relate, his indignation was inspired by a negress punishing a child in a cruel manner on his estate. He interfered. Her cries for help brought three negroes to her relief, who sat upon their employer—the luckless Brigadier-General—and administered a tremendous whipping. He illustrates his sketch of the ruin which has fallen on the South by details of estate after estate in the close proximity to railways and river navigation, now unsaleable at a tenth of their original cost; and he sums up by stating that out of 1360 sugar plantations, formerly at work, not more than 230 were planted in 1866. In 1860 these plantations produced 500,000 hogsheads of sugar and 800,000 barrels of molasses; in 1866 the produce will not exceed 50,000 hogsheads of sugar and 70,000 barrels of molasses. This frightful picture of the annihilation of a great trade he attributes to the refusal of the negroes to work; and he winds up his letter by saying that: "I shall only add, in conclusion, that the people of the South are in the midst of the gravest difficulty that a people ever had to contend with, and that in their efforts to overcome that difficulty they should have the co-operation of every wise statesman and every true patriot, as they must have the sympathy of every enlightened mind in Europe."

WESTMORLAND BANK.

The St. John, N. B., *Journal* of the 15th, says:—

"During the last fortnight it has been known that the business undertakings of a leading Mill owner and Lumberman at Shediac were somewhat involved, and as he had received advances from the Westmorland Bank it was feared that the Bank's standing would be injured. Accordingly the people of the country district in Westmorland, Kent, etc., holding the Bank's paper, becoming frightened, kept sending it in and demanding gold, leading to a heavy drain on the specie resources of the Institution. The demand was met until over twenty thousand dollars had been thus paid away, when it became known to the public that the Shediac merchant's matter had been satisfactorily arranged with the Bank and public confidence was restored, parties returning gold and deposits which had been withdrawn. The week opened favorably for the Bank. The President had freely laid the state of affairs before the bank's agents in St. John, namely, the Bank of New Brunswick, and an understanding was arrived at respecting the redemption of the bank's notes in St. John. On Wednesday Mr Lewin wrote Mr. Jones respecting the balance due his bank, and suggested that if the Westmorland Bank could not meet it this week, they had better send security. The letter was apparently written in a very friendly style. Mr. Jones replied on Thursday, explaining the Bank's position and tendering security. On Friday, about 11 o'clock, the Westmorland Bank was thunderstruck by receiving a telegram from Mr. Lewin, saying that Mr. Jones' letter was not satisfactory, and the Bank of New Brunswick had refused the Westmorland's notes.

It is known that the notes were thrown out two hours before the telegram was sent, which would indicate that the Bank's decision had been made before the receipt of Mr. Jones' reply.

P. S. MACGOWAN.

March 25th, 1867.

The fashion of fifty years ago of wearing black court plaster on the face, has just been revived in New York, and a number of belles now appear in full dress, with sable spots, in close proximity to charming dimples. They employed it either as sentimental finger posts, pointing out the tempting locality, or warning gazers of the danger of too near approach or too earnest contemplation.

Died,

At Charlottetown, on Tuesday, the 19th instant, William Foley, Sailmaker, at the advanced age of 103 years. The deceased was a native of the County Kilkenny, Ireland. He emigrated to Newfoundland at a very early age. Having determined to follow the sea for a living, he joined the British Navy, at Newfoundland, in which service he remained for above fifteen years. While serving in the navy he saw active service at the battle of the Nile, and, with the pride so characteristic of the British sailor, used the veteran recur to that memorable occasion. The deceased was a man who believed labor and industry to be compatible with a due observance of his religious duties, for while he strove with a praiseworthy zeal to procure a livelihood, he was at the same time most faithful in the discharge of all those duties that pertain to his religion. He was, therefore, much and deservedly respected by all classes of this community.

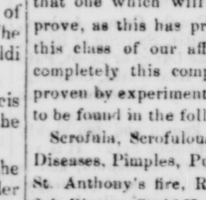
Ayer's Sarsaparilla



Is a concentrated extract of the choice root, so combined with other substances of still greater alterative power as to afford an effectual antidote for diseases Sarsaparilla is reputed to cure. Such a remedy is surely wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove, as this has proved, of immense service to this class of our afflicted fellow-citizens. How completely this compound will do it, has been proven by experiment on many of the worst cases to be found in the following complaints:—

Scrofula, Scrofulous Swellings and Sores, Skin Diseases, Pimples, Pustules, Blotches, Eruptions, St. Anthony's fire, Rose or Erysipelas, Tetter or Salt Rheum, Scald Head, Ringworm, &c.

Syphilis or Venereal Disease is expelled from the system by the prolonged use of this SARSAPARILLA, and the patient is left in comparative health.

Female Diseases are Caused by Scrofula in the blood, and are often soon cured by this EXTRACT OF SARSAPARILLA.

Do not reject this invaluable medicine, because you have been imposed upon by something pretending to be Sarsaparilla, while it was not. When you have used AYER's—then, and not till then, will you know the virtues of Sarsaparilla. For minute particulars of the diseases it cures, we refer you to Ayer's American Almanac, which the agent below named will furnish gratis to all who call for it.

AYER'S CATHARTIC PILLS, for the cure of Costiveness, Jaundice, Dyspepsia, Indigestion, Dysentery, Foul Stomach, Headache Piles, Rheumatism, Heartburn, arising from Disordered Stomach, Pain or Morbid Inaction of the Bowels, Flatulency, Loss of Appetite, Liver Complaint Dropsy, Worms, Gout, Neuralgia, and as a Dinner Pill are unequalled.

CARD.

To the Electors of the second District of King's County.

GENTLEMEN:

HAVING been numerously solicited to allow myself to be put in nomination to represent you at the next General Assembly, I cheerfully yield myself to your service.

My political principles are truly liberal—my views of Confederation truly anti-Confederate; and the local wants of the District, seen and felt by *me*, which, if I have the honour of being returned, I shall endeavour to relieve as far as my humble ability will allow. I have resided over 30 years in the district, and believe myself to be a competent judge of the wants and means of the country.

The time must necessarily be short for canvassing your votes, but I shall endeavour to visit the different parts of the district previous to the Election, when I shall shew my views more fully. Believing that you will place your confidence in me as your representative, I pledge myself to attend strictly to the wants and wishes of the people.

I remain, Gentlemen,
Your obedient servant,
ROBERT HOWLETT.

Annandale, March 22.

NEW ADVERTISEMENTS.

To the Free and Independent Electors of the Third District of Queen's County.

GENTLEMEN—

A new Government, based upon liberal principles, having been formed, and I having been honoured by being placed in my former position as President of the Executive Council and Colonial Secretary, my seat in the House of Assembly becomes vacant according to law. In returning to you for re-election, I have the fullest confidence that you will give the new Government a fair trial, and when its policy is fully developed—for which, of course, a little time should be allowed—I trust you will find it such as to be worthy of your warmest approval.

I have the honor to be,
Gentlemen,
Your obedient Servant,
GEORGE COLES.

Charlottetown, March 18. hw

To the Electors of the First Electoral District of King's County.

GENTLEMEN—

I PARTED from you three weeks ago happy in the knowledge that I enjoyed the confidence of a very large majority of your number. I have since accepted the office of Attorney General, and now again solicit a continuance and renewal of your support.

The Government, of which I have the honor to be a Member, has not been formed without full discussion and careful deliberation upon the principles which are to guide its future action. This was necessary in order to prevent misconception, and to ensure, as much as possible, that cordiality between the Executive and the majority of the Legislature which is essential to good Government. I believe that that object has been attained, and trust that honest and useful legislation will be the result. It will, of course, be an object with those who are politically opposed to the Liberal party (and who are now also the political opponents of those independent Members who, for the public good, have concluded to give it their generous support) to sow dissensions in its ranks, on account of appointments to office made, or which are assumed as likely to be made; but I feel sure that no such paltry matters will distract your attention. Your support of the party to which I belong proceeds from higher and more enlightened views and objects. It is based upon your experience in the past of its general public policy, and the conviction that in the future it is likely to produce general public good. You will, therefore, give to us a patient and fair trial. We do not ask for or expect more than this.

An earnest effort will, as soon as possible, be made by the Government to effect a Loan, in order to meet demands for the purchase of Lands. The amendment of the Education Act will be attempted in the next Session, so far as the improvement in the Teachers' salaries is concerned; and, I trust, that this desirable object may, by the exercise of due economy in other respects, be effected without any additional taxation being required.

I renew my engagement to do all I can to advance your local interests, and to improve and increase your means of communication both by sea and land; and if any circumstance shall prevent my accomplishing all I can wish or you may desire, it shall not be for want of effort or good will upon my part. The generous confidence which for several years past you have reposed in me as your representative, and so recently renewed, binds me to exert myself in the future to promote your interests not only collectively but individually.

I have the honor to be,
Gentlemen,
Your ob't Servant,
JOSEPH HENSLEY.

Charlottetown, 20th March, 1867.

To the Electors of the Second District of King's County.

GENTLEMEN—

I AM again sent upon my travels. The new Liberal Government having appointed me to the office of Queen's Printer, my seat in the House is once more at your disposal; and it is my intention to ask you to confirm the appointment, and to restore me to my position as one of your Representatives. I held the office of Queen's Printer, in former years, during the existence of two Parliaments; and it is gratifying to know that I filled it with your entire concurrence and confidence, while my connection with the Government enabled me to be of more service to the District generally than if I were in opposition.

I need not assure you that my appointment to office now will not, in the slightest degree, lessen my independence, or weaken my attachment to you. Through good and bad report I have served you faithfully, to the best of my ability, for many years; and if again returned, I pledge you that my future conduct will be in accordance with your wishes, and in harmony with my past career as a Liberal Representative.

I have the honour to be,
Gentlemen,
Your obedt. Servant,
EDWARD WHELAN.

Charlottetown, March 18, 1867.

To the Electors of the Second District of King's County.

GENTLEMEN—

AT the request of many friends, I beg to offer myself as a candidate for your suffrages to fill the vacant seat left by Mr. Clark's retirement from the House of Assembly. My political principles are thoroughly Liberal, and I will support the present Liberal Government if I should be honoured in being made one of your Representatives, as a colleague to our esteemed Representative, Hon. Mr. Whelan.

I reside in the District—all my interests are centred in it—I am known to you all, and I have always endeavoured to make my intercourse with you mutually agreeable. I believe I understand the local wants and requirements of the District, and I shall at all times give them my best attention if placed in a position to do so.

With respect to the question of Confederation, I have no hesitation in saying that I am decidedly opposed to that measure. As, under present circumstances, Confederation is not desirable by the people of this Island, you may rely upon it that I will concur with the public opinion on that important question.

Trusting that you will honor me with your confidence in constituting me a local, resident member, which the District much requires, to which it is entitled, and which is a privilege it has always enjoyed,

I remain,
Gentlemen,
Your obedient Servant,
ANTHONY McCORMACK.

NEW TRIUMPHS OF ROGERS' MEDICINES.

Run your eye over them and tell your afflicted neighbour about it.

AMHERST, Oct. 1st, 1865.

Messrs. Rogers & Co.

Gentlemen—I have been for some time perfectly satisfied as to the extraordinary virtue of your medicine, but until recently have not had any occasion for the use of them. About three months ago, a member of my family was taken down with the acute rheumatism. I immediately applied the use of your medicine. The result is, a complete cure is effected. I am 63 years of age, and have been a great deal in sickness during my life; have seen many cases of acute rheumatism, some of which have resulted in lameness for life, but have never seen so speedy and a hopeful recovery.

With the most anxious desire that the above medicines may have a world-wide circulation,

I am yours sincerely,
AMOS PAGE.

WEST BRANCH, East River, Pictou, Sept. 11, 1864.

Messrs. Rogers & Co.:

Gentlemen—For the sake of those who are suffering with Scrofula or King's Evil, I wish you to publish the following facts: About eight years ago, a swelling appeared under my chin; in a short time it ulcerated, and became a running sore, and extended across my neck from ear to ear. The bone became affected, and several pieces came out from time to time. The smell from the parts affected became very offensive, so much so that I had to retire by myself and dress them. I tried the best doctors in this country, and many in the United States, but all to no purpose. I also tried various patent medicines, including Kennedy's Discovery, which I used for two years, but it did me no good. Under your treatment, my general health, which was very much impaired, is completely restored, and the Scrofula on my neck is entirely healed up. I am a sound man again, thanks to a kind Providence for his goodness. Let no one who reads this doubt its truth. Hundreds know my case.

THOMAS CHISHOLM.

H. H. Read, M. D., Esq., of Windsor, N. S., writes as follows:

Messrs. Rogers & Co.:

I have used your Medicine in one or two cases of Scrofulous Sores, and think it excellent, and it is the best thing I know of for removing the stiffening which remains after inflammation of joints.

C. H. Harrington, Esq., of Sydney, C. B., writes as follows under date of August 22, 1865: "The mail agent here used the Ointment for his horse, and says he never had anything which cured any hurt or sore so quickly."

STORMONT, N. S., 19th August, 1865.

Messrs. Rogers & Co.:

Gentlemen—There was a wort on one of my cow's eyes, and grown to such an extent that I thought it would shut her eye up, when after four rubbings with your Ointment, it took it off as clean as if cut off with a knife. It was as big as an ounce ball. I will write again shortly.

Yours, &c.,
THOMAS S. MILWARD.

PARRSBOROUGH, Cumberland Co., June 22, 1863.

Messrs. Rogers & Co.:

Gentlemen—I hereby certify that about twelve years ago, a small lump began to grow on my breast, and continued growing until 1859. It attained the size of a small hen's egg, and began to ulcerate, causing great pain, and reducing my body to a mere skeleton, rendering me altogether unable to do my work. I applied to the two resident doctors at Pugwash (where I then resided), both of whom recommended a surgical operation. Feeling reluctant to undergo the suffering of such an operation, I applied to a man who called himself an Herb Doctor. I used his plasters until I became satisfied that they were of no use to me. I then applied to and procured some of your medicine to take inwardly. After a few months trial, I began to get better, and the ulcer on my breast commenced healing so fast that in SEVEN MONTHS from the time I commenced using your Ointment and medicines, I was enabled to attend to my ordinary occupation; and now I am happy to say I am hearty and well. I have no hesitation in saying that, under God, I owe my present state of health to your treatment. If this simple statement will be of any service to you, you are at liberty to make it public, as every word of it can be vouched for by those who know how I suffered. I remain your much obliged servant,

ANGUS McGILVERY, Master Shipwright.

March 11th, 1865.
