DAILY MARKET QUOTATIONS

SUMMARY

By The Canadian Press

Toronto — Market easier trading light.

New York — Market lower; aluminiums decline (late dealings).

Montreal — Market mixed to lower in brisk trading.

CURRENCIES

MONTREAL (CP) — The U.S. dollar Thursday closed at a discount of 2 13-32 per cent in terms of Canadian funds, unchanged. Pound sterling $2.74⅞ down 1-16.

U.S. dollar bid 97 9 1-16; asked 97 19-32.

TORONTO

TORONTO (CP) — The stock market slipped Thursday and closed moderately lower.

Base metals had an index-loss of 1¼ points while golds and western oils showed little change on their average.

Brokers said profit-taking was continuing to reduce gains of stocks which went up last week. They said a lack of good business news left many investors in the "window-shopping" category.

International Nickel, Consolidated Smelters and Noranda were among the losers in senior base metals. A few medium - priced mines gained 10-25 cents but most changes were smaller.

Western oils moved in a 15-cent or ½-point range. Losses held a numerical edge over gains in the section.

Index changes: Golds up .09 to 77.18; base metals off 1.22 to 151.24; western oils up .01 to 127.39.

MONTREAL

MONTREAL (CP) — Trading in the industrials was moderate again and prices were mixed to lower with changes ranging to 1¼ points on the Montreal and Canadian Stock Exchanges.

In the mixed category were the constructions, newsprints and pipelines. Price Brothers dropped 1 to 37½ and international paper jumped 1 to 90.

Following the mixed to lower trend were the banks.

Utilities and base metals were down as Aluminium declined 1¼ to 28½.

Steels and refining oils were slightly firmer.

Trading in the mines and oils was the heaviest it has been this year. Changes were in the penny and balanced range among speculative issues.

Closing averages' banks up .2 at 45.68, utilities off .4 at 135.9, industrials off .1 at 245.7, papers off 7.14 at 1101.10, golds, the only exception, up 1.27 to a new-high of 70.20.

NEW YORK

NEW YORK (AP)—An aluminium price cut hit the shares of that industry and the stock market declined Thursday for the third straight session.
