

Local and Other Items.

Work has been suspended in the Colonial Copper Mine, Sackville, N. B.
CANADIAN and American Toilet Soaps just received at Beer & G. T's.
THE Manitoba Southwestern Railway will be extended to White Water Lake during the present year.
The 2nd Battalion Band will play at the R. B. Rick tonight. A special programme has been prepared.
The schooner Vesper, from Barbados, arrived today with a cargo of molasses and sugar for F. T. Newbery, Esq.
MR. VINNOMBE has returned from his western trip, and will be prepared to attend to his violin pupils to-morrow at the usual hours.
The police have made a second inspection of yards heretofore reported unclean, and find that the owners and occupants have had them thoroughly cleaned.
At the Stipendiary Magistrate's Court this forenoon, John J. Trainor and Charles Harvey were each fined \$50 and costs for violating the Scott Act.
In answer to the important inquiry: "Where is the Water Cart?" we may state that the cart is now undergoing repairs and will be ready for service in a short time.
MR. W. S. MCKIE left this morning with thirty horses for the United States market. Mr. McKie seems to be driving business this season. It is but two weeks ago since he left here with thirty-five horses for the same market.
A HEAVY crop has been sown throughout Southern Manitoba, and the prospect for a large crop was never better. Hot weather has just set in after the rainy season, and the growth of all kinds of vegetables is said to be simply marvellous.
The teachers of the West Kent Street School thankfully acknowledge the receipt from His Honor, Lieutenant Governor McDonald of a prize for each of the departments of the school, to be awarded as they judge best.
The Stipendiary Magistrate is still prosecuting parties who have deep privy vaults and cess pools on their premises. Quite a number were fined to-day, and a large number of summonses have been issued against other offenders.
A CARD.—To all who are suffering from errors and indiscretions of youth, nervous weakness, early decay, loss of manhood, &c. I will send a recipe that will cure you, FREE OF CHARGE. This great remedy was discovered by a missionary in South America and sent self-addressed envelope to Rev. Joseph T. Inman, Station D, New York.
The Mechanical Department of the Railway did good work in planting trees along the south side of Water Street. Could not the Road Department lend a hand in the work, and at least whitewash the tree boxes. We are sure that Mr. Hoyle will attend to this on receiving a hint. The City Council should now lay a good plankway there.
The tramp, Gillis, who broke into York Station, was arrested at Harmony on Saturday and detained at Souris until this morning, when the constables who arrested him left Souris with the prisoner for this city. Gillis is a desperado and it is currently reported in the eastern part of the Island that he killed Callaghan, the Cemetery-keeper.

YESTERDAY morning a fire broke out in the house of Mrs. Smallwood, Vernon River, while the most of the family were at the Roman Catholic Chapel. In a few minutes the house fell. Mr. Roderick McNeill, a neighbor, saved all the furniture. The house was old. We understand that there was an insurance to the amount of \$100 on the house and barn.

We call attention of the City Council to the disreputable condition of the sidewalk from Queen's to Pownall Street and along Water Street. This is the first part of our streets seen by strangers who arrive here by the American and Canadian boats, and the impressions thus received will be anything but creditable to citizens. We trust no time will be lost in putting it in proper condition.

IN HARD LUCK.—Private advices from Boston state mechanics there are idle by thousands. In one brass foundry lots of men are working for \$3 a week to escape starvation. Among the idlers are hundreds of New Brunswickers, who have not money enough to pay their passage home. Provincialists at the Hub are having a hard time of it, as the bosses give native men the preference over strangers. And even should a bluenose get a job he is soon crowded out by the Yankees in the shop to make place for one of their own.—St. John Sun

THERE is a curious diversity of taste among smokers as to the kind of pipe they prefer. Some like the clay pipe best, others prefer the briar root, others again the meerschaum, some must have the pipe well seasoned before they can enjoy it, others again must have a new pipe and throw it away when it gets a little old. But though this diversity of taste among them is curious it is not at all curious that there is substantial unanimity among them that the "Myrtle Navy" brand of Messrs. Tuckett & Son is the genuine article.

"AN ounce of prevention worth a pound of cure" is an old adage but true. In view of predictions that this country is liable to be visited by more than an ordinary amount of contagious disease this year, it behoves all to inquire about and practice every sanitary measure, especially cleanliness, which as a preventive, offers some one means of escape at least; and in this how important the article of Soap as to quality fit for use; certainly all inferior grades made up by foreign substances and adulterations of a questionable character, should be rejected, that there may be no taint left on the person or clothes which might in any way invite the germs of these various diseases. A first class article, made by known reliable manufacturers, is the only kind that can be safely used or recommended. In the use of a standard soap, like the "Welcome," made by Curtis, Davis & Co., there can be no risk, being the goods of a firm whose name on soap is a sufficient guarantee of its purity.

METHODIST CHURCH. N. B. and P. E. Island Conference.

FOURTH DAY—SATURDAY AFTERNOON.
After singing, the Rev. J. A. Clarke, A. M., led in prayer; Rev. Job Shenton presiding. Journal was adopted after some corrections. The appeal from the P. E. Island District respecting the relation which the Rev. F. W. Moore and Dr. Johnson sustained to the Conference was taken up again. After a lengthy discussion in which D. S. Pickard and Stewart and Revs. J. Burwash, A. M., Sias James, Robert Wilson, Harry Daniel and others participated on motion of Dr. Sprague, the Conference resolved to refer the matter to a committee of senior ministers to prepare a case to be submitted to the Court of Appeal.
A letter was read from the Woman's Christian Association, requesting that nothing but unfermented wine be used in the celebration of the Lord's supper. It was referred to the committee on temperance.
On motion of Dr. Stewart it was resolved to hold the Conference in Sackville next year, commencing the third Wednesday in June. The president announced the various committees that had to meet in the evening, and then the Rev. Henry Daniel pronounced the benediction.
FIFTH DAY—MONDAY MORNING.
After singing and Scripture by Rev. R. Wilson, the Rev. J. W. Sprague prayed. Rev. J. Shenton presided. The Journal was read and confirmed.
On motion of Dr. Stewart it was resolved to make the order of the day for the afternoon a conversation on the state of the work of God, said conversation to take place at the time of reading the returns of membership from the circuits.
Rev. J. Read presented the report of special committee on the Contingent Fund. On motion of Rev. R. Weddall the report was made the order of the day for the afternoon, after the other orders had been disposed of.
Dr. Pickard read the report of the General Supernumerary Fund. The income from the Maritime Conferences was stated to be \$9,840.30, and the expenditure \$9,335.19. The capital stock was \$83,049.30.

DEED.

At her residence, Sydney Street, West, on the 21st of June, after a brief illness, Bridget, beloved wife of James McKenna, aged 27 years. May she rest in peace.
[Funeral will take place from her late residence to St. Dunstan's Cathedral at 8.45 on Tuesday morning, and thence to the Catholic Cemetery.]
In Portland, on the 17th inst., Daniel McNeill, aged 70 years.—St John Daily Telegraph, June 20th.
[The deceased was a native of West River, Lot 65, P. E. Island, but for the past 35 years a resident of Portland, St. John, N. B. His remains arrived here on Saturday evening and were conveyed yesterday morning to the family plot in West River cemetery, where a large number of relatives and friends met to pay their last tribute of respect to the memory of one who was highly esteemed by all who knew him from his boyhood.]

New and Original Departure in Coal Cooking Stoves. COMBINING DURABILITY, HEAT AND ECONOMY.

This cut represents my Patent Fire King Cooking Stove, with the oven, and lining partially drawn out, as it appears while being cleaned, or when a new lining is being replaced.
THE above Stove I invented and patented in 1876, and at the present time HUNDREDS ARE IN USE, giving perfect satisfaction. A large number have been in constant use for eight years, and the repairs have been very trifling, in many instances none have been required. This valuable experience should be sufficient evidence of their durability, which is accounted for in the following:—It has, instead of a Lined Fire Box, two heavy Cylindrical Cast-Irons, which obviate the expense connected with all Square Cooking Stoves of being compelled to renew Linings and Grates, at least once or twice every year. The heat being radiated from the Cylinders to the floor, where most needed, overcomes a serious objection to all kinds of ordinary Coal Cooking Stoves. The Cylinders are situated directly under the cover holes, and a fire may be made in one or both, thus adapting it for use either in winter or summer, with equal satisfaction, besides effecting a great saving to fuel. I have also attached the PATENT TELESCOPE OVEN to all my Elevated Oven Wood Stoves, such as the Waterloo, Niagara, Star, &c, causing the thousands using them to exclaim—My Stoves are worth TEN DOLLARS MORE than the same kind made by other foundries. The trade and retail purchasers will please bear in mind the fact that although a great advantage is claimed for my own Oven above all others, they cost no more, and being the sole manufacturer and patentee, no other foundry can supply. Enquire for Fawcett's Patent Telescope Oven, and if your dealer has none on hand send direct to the Sackville Stove Foundry.
I am adding several new and handsome Patterns this season, which, with my former large variety of One Hundred Different Patterns and Sizes of Cooking, Parlor, Office and Hall Stoves, also Farmers Boilers, Hollowware, Ploughs, Stove Pipes and Tinware, comprise the most complete assortment offered by any manufacturer in the Lower Provinces. Terms and prices will be found as favorable as can be obtained elsewhere.

CHARLES FAWCETT. SACKVILLE FOUNDRY, SACKVILLE, N. B.

I. O. G. T. MOONLIGHT EXCURSION

CITY CORNET BAND. FIREWORKS DISPLAY. The Good Templars of this city intend holding a Grand Moonlight Excursion on MONDAY THE 22ND INST. on board the steamer "Princess of Wales." MUSIC BY CITY CORNET BAND. Steamer will leave Steam Navigation Co.'s wharf at 8 o'clock, returning at half-past nine for the convenience of those unable to attend in the first trip. She will then proceed out and around the harbor, returning about 11 o'clock. A DISPLAY OF FIREWORKS will take place at 9 o'clock, and also at half-past ten. Some of the fireworks will be very beautiful and novel. Refreshments of all kinds can be procured on board the boat. The proceeds are to be devoted to the fitting up and furnishing of a Good Templar's Hall. TICKETS: Ladies, 25 cts.; Gentlemen, 50 cts.; to be had at the Apothecaries Hall, C. D. Rankin's Drug Store, Diamond Bookstore, and at the wharf. As only a limited number will be issued, those intending to go should purchase their tickets early, so that the committee can collect those remaining unsold at the stores and sell at the wharf. Should the weather prove unfavorable the Excursion will take place the following Friday. By order of Committee. ROBERT SMALLWOOD, Secretary. June 16—ttem
