Montague To Have Tag Day For Little League Baseball

MONTAGUE — The Little League and bantam ball teams will be canvassing the town Saturday for financial support and contributions for the purpose of purchasing expendable ball equipment for the coming season. In the past couple of years they have held a tag day and in each case were quite successful and are very appreciative of the cooperation and assistance given. At a recent town council meeting they were once again given permission to hold a tag day.

It is estimated that well over 100 boys of the area could be taking part. However to handle such a number would require a full time instructor. The league committee has tried to handle all who wanted to take part in little league ball and are endeavouring to do so again this year.

In his youth he went to sea, and later he was a contractor and builder. Despite his advanced years he was active and alert until a short time before his death.

Among the island relatives are the family of the late Mrs. Daniel Mooney of Souris.
