### HEY DOC!

When buying a used car what do you think of first? The price—the condition—the guarantee or the people you buy it from. I think the latter is the most important. For when a car dealer builds up a reputation he must have all these things plus a little thing called honesty. See these Easter Specials at DOWD MOTORS. Don't make the mistake of buying a car from someone who cannot offer you the very best.

Only PRIDE with exclusive "twin solvent" cleaning action cleans completely—and waxes without rubbing!

When you apply PRIDE—no light or dark furniture—watch the way every smudge and stain vanishes. That's because PRIDE contains not just one—but an exclusive "twin solvent" blend of safe, effective cleaning agents. Let dry and wipe lightly. You'll get the richest, longest lasting wax lustre you've ever seen on wood. A hard, genuine wax coating that resists finger marks, dust, spilled things. And all without rubbing!
