

First Year Scholarship Students Program Holds First Funtion

On the evening of September 12, 1991 an enthusiastic group of first year scholarship students met for a fun-filled informative session with their student peer advisors. The Peer Advisory Group has members in second, third and fourth years and from all faculties.

The main purpose of this introductory meeting was to provide an opportunity for first year students to meet their peer advisors as well as each other. Fun-filled activities, door prizes and refreshments contributed to the enjoyable event.

Some comments from first year students about their time together:

- It's a good idea to have current U.P.E.I. students as peer advisors.
- This was a great chance to meet other students.
- It was a fun night.

These comments reflected the overall enjoyment of the evening, an evening which proved to be a good start towards a year of information, support and fun among first year scholarship students and between themselves and their advisors.

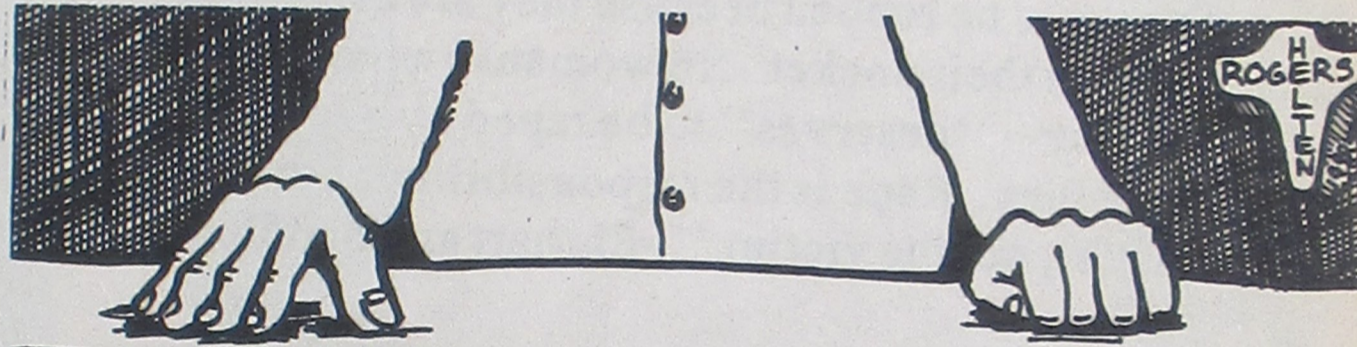

Attention: First Year Scholarship Students

Your peer advisors and staff advisor (Shirley Hudson, Dept. of Student Services) would really like to know your local address and phone number so we can keep in touch about upcoming events. If they are different from your regular home address and number, please update us by dropping a note in to the Department of Student Services, Robertson Library.

And..... Reserve Tuesday Evening, November 19th to meet with your Deans and Registrar. More information later ... Keep watching the X-Press and your mailbox.
