—TAKES NEW JOB — Mrs. Helen Sharpe has been appointed to a position in the office of the Summerside Electric Light Department in the Town Hall and assumes her new duties this morning.

Personals —Dr. and Mrs. McPhee of Summerside, accompanied by their daughter, Miss Janet of Charlottetown, visited at the home of Mr. and Mrs. E. Sherrins of Cape Traverse, recently.

Hospitality years they would see fit to return again. There is little likelihood that Mr. Fraser's invitation to return will go unheeded, if the remarks of some of the visitors is any criterion. Judge F. Hamilton of the family court in Winnipeg, a lay delegate, had this to say: "It is the finest reception arrangement I have ever seen. We are greatly indebted to you people for this display of hospitality and it will make it very difficult for the next Conference to equal the welcome you have extended us."

—Miss Sophia Wadman of Kensington, P.E.I., has returned to her home after spending three weeks with her aunt and uncle, Mr. and Mrs. Garnet Ford of North Millton, P.E.I.

Waiting at the pier on the Borden side were 143 cars which took the guests by way of Reid's Corner to Hunter River and on to Cavendish. Here delightful refreshments were served by the ladies of Wheatley River, Hunter River, Hampshire and North West United Churches. Many took the opportunity to visit Green Gables while others engaged in photographing the landscape. Indeed, so fascinated were the delegates that many were seen to place small quantities of the red island clay into containers which they will take with them to their homes.

—Mrs. Elizabeth Lague of Craupaud has returned to Bonshaw for an indefinite period, and is at the home of Mr. and Mrs. Stewart MacNevin.

LONG MOTORCADE Certainly a word of praise is due the Royal Canadian Mounted Police who marshalled the long procession of cars which stretched to between four and five miles. An even speed was maintained throughout the trip and the officers in charge very courteously looked after their guests seeing that none was left behind and the schedule of the journey was up to date at all times.

—The many friends of Miss Hattie Ross, Summerside regret to learn that she is a patient in the Prince County Hospital.

Reluctantly leaving Cavendish, the motorcade moved on to the city where at the Charlottetown Hotel they were welcomed by Lieutenant Governor W. J. Crowe, Premier A. W. Matthews and by members of the City Council. At the same time, Very Rev. Dr. George Dorey, the newly elected Moderator, was presented to members of his church in Prince Edward Island.

—Mr. and Mrs. Russell Kelly of Summerside leave today on a holiday in United States.

At the hotel the visitors, invited guests and drivers of the cars were served a lobster buffet dinner with a considerable overflow going to Milton's Old Spain. Greeting the assembly at the Charlottetown was the bagpipe music of Burke's Lads and Lassies Band under the direction of Pipe Major Wilfred Burke.

Albion Rev. L. J. Leard, Canning, N.S., is spending this week-end at his former home in Brooklyn, guest of his sister, Miss Annie Leard, and his sister-in-law, Mrs. I. B. Leard.

At the regular worship in Albion Presbyterian Church yesterday Messrs. Howard Clark, Norman Liver and Kentford Horne, who had been duly elected by the congregation, were set apart as elders in a solemn service of ordination. Preceding the ordination a sermon appropriate to the occasion was preached by the minister, Rev. George Killen, who afterwards laid upon the new elders the sacred obligations of their high office. The right hand of fellowship was extended by their fellow members of Session. During worship the choir rendered "Fair-est Lord Jesus."

—Mr. and Mrs. Jarvis Stavert and Mr. and Mrs. Walter Stavert of Freetown were recent visitors to Charlottetown and attended the Provincial Plowing match at Dundas.

Although the time in the City was limited many took the opportunity of visiting the Confederation Chamber, the Cradle of Confederation. Shortly before eight o'clock the visitors were picked up by the waiting cars and taken to Borden. On the return crossing of the ferry, travel films of Prince Edward Island were shown in the ship's lounge by the National Film Board.

—Mrs. Walter Myers, Hingham, Mass., is a guest of her nephew and niece, Mr. and Mrs. James Hodgson, Alberton.

The trip to Prince Edward Island was the recreational portion of a busy ten day program which the delegates will conclude toward the end of this week. It was arranged by the planning committee of the Maritime Conference and carried out under the auspices of the Maritime Conference, Mount Allison University and the Prince Edward Island Presbytery of the United Church. The committee is most grateful for the co-operation they received from the Prince Edward Island Travel Bureau, the Canadian National Railway, the Royal Canadian Mounted Police, the National Film Board and the many car drivers who willingly volunteered their services.

—Mrs. C. R. Leard left Alberton Friday to visit her son-in-law and daughter, Mr. and Mrs. Edwin Edmonds, Calgary, Alberta.

British Government Facing Critical Decisions On European Alliances

LONDON (Reuters)—The British government faced critical decisions this week about its association with continental Europe in the wake of U. S. State Secretary Dulles' visit. French reaction to the plan of Foreign Secretary Eden to bring a rearmend West Germany into the present five-nation Brussels treaty organization as well as into the Atlantic pact has bounced the ball unexpectedly back to London. Pierre Mendes - France, the French prime minister, told the British foreign secretary in Paris on Thursday he will put his whole weight behind obtaining the National Assembly's approval for German arms provided Britain give watertight assurances to prevent a possible rebirth of German militarism. Many of his demands for British commitments far exceeded the limits of support which Prime Minister Churchill's government had agreed to in its effort to win the French assembly's backing for the now defunct European Defence community plan.

Monument To Famous Botanist

MONTREAL (CP)—Premier Duplessis Saturday unveiled a monument to a humble teaching brother who forsook his father's prosperous wholesale business to gain world renown as a botanist. The premier unfurled the blue and-white fleur-de-lis flag of Quebec from a six-foot bronze statue of Brother Marie-Victorin, founder of the University of Montreal's botanical institute and the best, east-end botanical garden, where Saturday's ceremony took place. Mr. Duplessis told a crowd of some 600 persons, including leading religious and civil authorities, that all Canada and particularly Quebec province should be grateful to Brother Marie-Victorin for his "gigantic, magnificent and incomparable work." A member of the order of brothers of Christian instruction, Brother Marie-Victorin died 10 years ago in an automobile accident at the age of 59. Mr. Duplessis said the works of the brother provide a lesson in national solidarity for French-speaking Canadians because they teach conservation, which he said is a basis of solidarity, and develop the powers of observation. "Brother Marie-Victorin's work is one of continuing education."
