Two Appeal Cases Heard In Supreme Court At Geo'town

A sitting of the Supreme Court was held in Georgetown yesterday at 11 a.m. with Justice George J. Tweedy presiding to hear two appeals.

The first case was the Queen (respondent) represented by Melvin J. McQuaid, B.A., L.L.B., versus Albert Briffin (respondent) represented by J.O.C. Campbell, Q.C. On December 11th, 1957 in Kings County Magistrate's court the respondent (Griffin) had been found guilty of a charge that did unlawfully obstruct William E. Pierce an inspecting officer in the execution of his duty in confiscating from Griffin Fisheries Ltd. a lot of canned chicken haddy which had been found unfit for human food, contrary to section 41 sub section 1 of the Meat and Canned Food Act.

At yesterday's trial the evidence taken in the lower court was admitted and the proceedings were in a form of a legal argument by both counsels, on the question of whether the inspecting officer had or had not the authority or appointment to seize.

His Honor reserved decision and counsel were granted leave to file briefs up to August 31 1958. Court was adjourned sine die.

WHIM ROAD

A disastrous fire occurred last week on Whim Road, when the home of Mr. and Mrs. Russell Hicken burned to the ground. Very little was saved as a strong wind was blowing and the whole upper part of the house was burning when Mrs. Hicken discovered the fire. Red Cross officials were on hand that evening to help out.

The many friends and school chums of Master Hugh Graham are glad to hear that he is well again and home from the hospital.

Billy MacPherson, of Bellevue, is still in the P.E.I. Hospital in Charlottetown as a result of an accident and his Whim Road friends hope he will soon be restored to his usual good health and be able to return to his home.

Mr. and Mrs. John Bancroft and daughter Janet, of Baragana, Cuba, left this morning on return to their home. They have been visiting Mrs. Bancroft's relatives on Wim Road and numerous friends in Charlottetown. Mrs. Bancroft was formerly Cecilia Stodart and lived in Charlottetown some years ago. It has been twenty years since the Bancrofts visited Pince Edward Island and they note many improvements in roads.

Friends of Mr. Frank Graham of Commercial Cross regret to learn of his illness in the Sutherland Hospital in Pictou, N. S. All wish him a speedy recovery. D.G.

Naufrage Breakwater Extension Contract Let

OTTAWA — The Federal Department of Public Works has awarded a contract in the amount of \$20,307.50 to Mr. R. A. Blyth of Toronto, Ontario, for the construction of an extension to the breakwater at Naufrage, P.E.I. Specified completion date of the project is December 30, 1958.

Crested bearing piles will be driven in bents of three piles each, with bents spaced at eight feet centres. The centre pile of the bent is to be four feet six inches from the outermost tip of the existing work. The outer bent will consist of eighteen piles driven tight up and close together with the outer face of each pile in contact with the three ten-inch by ten-inch walers.

Crested triangular hardwood fillers will be driven in the inner seams between the close piles and at each corner between sheeting and corner pile. They will be driven three feet below the low water ordinary Spring tide line and might extend to six feet above the line. Both sides of the work will be sheathed with four-inch crested hardwood sheeting fifteen long. All sheeting will be from six inches to nine inches in width. The outer end of the work will be sheathed with crested hardwood sheeting.

Floor stringers will be overlaid with four-inch untreated plank fastened with nine-inch spikes. Planks are to be in widths of not more than ten inches and not less than six inches. Interior free spaces in the breakwater's between sheeting will be solidly filled to the elevation of the underside of the plank deck with durable sandstone. All sandstone is to be at least six inches in dimension. Approximately fifteen thousand feet (Board Measure) of crested hardwood, ten thousand feet (Board Measure) of crested timber, seven thousand-five hundred feet (Board Measure) of plank and four thousand feet (Board Measure) of sheeting will be used during this project.

Plans and specifications were prepared by the Harbours and Rivers Engineering Branch of the Department of Public Works in Ottawa.

Rawhide Signs CBC Contract

TORONTO (CP) — Max (Rawhide) Ferguson, radio's man of many voices, signed a Canadian Broadcasting Corporation contract Tuesday for a five-day weekly stint on a half-hour television program originating here. Terms were not announced.

Ferguson, at a press conference, said he would be acting as master of ceremonies on Tabloid, a CBC regional television show, while keeping up his Rawhide radio show, a 15-minute five-a-week Trans-Canada Network broadcast.

Ferguson, who leaves Friday from Montreal by boat with his wife and five children ranging in age from nine months to eight years, is off to Ireland and England for a month's holiday. His Tabloid duties are expected to start Sept. 1 and the radio show Oct. 1.

His radio show, formerly done

in Halifax, will originate here. It may be recorded if it interferes with Tabloid.

Known to many simply as Rawhide (he has received few letters addressed to Max Ferguson, he said he needed a change from Halifax where he had worked as an interviewer on Gazette, a regional TV show. In Halifax he had little knowledge of top news stories and material became hard to find after he had "milked Sable Island dry" and "felt detached for inspiration."

Weatherman Percy Salzman and commentators Joyce Davidson and John O'Leary will continue on Tabloid with Ferguson. A replacement for Ferguson on Gazette has not yet been named. Ferguson said he had decided to move to England until CBC officials offered him the Tabloid spot. He took it because his wife, Ginger, likes Toronto.
