Quebec Separatists Are Told Respect Laws Or Be Punished

MONTREAL (CP) — Claude Wagner, speaking scant hours after his appointment as Quebec's attorney - general, said Friday night separatist sympathizers must respect the law or be punished.

"In the democratic regime under which we live no one has the right to prevent his neighbor from putting forth his views, disagreeable as they may be to him.

"But to the supporters of separatism generating illegalities sedition and violence, I say 'you will respect the municipal regulations of towns where you militate. If you do not, you will be treated as are all violators of Canada's penal laws or municipal or provincial regulations.

"There will be no special legislation or regulations for you.''

But, said Mr. Wagner, appointed to succeed Rene Hamel at a cabinet meeting Friday, the problem is to draw the line between separatism and extremism.

"Separatism and extremism must not be confused," he told the Montreal Junior Chambre de Commerce.

Text of his speech was released to the press prior to delivery.

The attorney - general suggested "sincere and serious" separatists "prepare for the next elections and go to the people democratically to see what they think of them and their separatist ideas."

Yesterday's Answer

CONTRACT BRIDGE
By B. JAY BECKER

You are South, neither side vulnerable. The bidding has been:

North	East	South	West
1♠	Pass	2♦	Pass
2NT	Pass		

What would you bid now with each of the following four hands?

1. ♠KJ ♥Q84 ♦AQ752 ♣KJ5
2. ♠9 ♥J64 ♦AK8743 ♣Q82
3. ♠8 ♥72 ♦Q98652 ♣AJ94
4. ♠Q74 ♥6 ♦KJ7643 ♣AQ72

1. Four notrump. This bid has nothing to do with Black wood, no suit having been agreed upon, and is simply a raise in notrump. Obviously four notrump is a slam try, but North is not obligated to bid again if he has already told his story in full.

North's two notrump rebid is generally regarded as showing 15 or 16 high-card points. If North has top values for his rebid, he will probably accept the invitation and go on to a slam. If his values for two notrump are minimum, he will presumably pass. In either case, though, the slam decision belongs in North's lap.

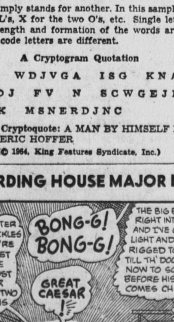
2. Three notrump. North has indicated a notrump type of hand and is sure to have strength in hearts and clubs interspersed among his 15 or 16 high - card points. Our hand is not exactly the notrump type, since it includes a singleton, but that alone is not a bar to notrump game with a hand that figures to take six tricks opposite an opening bid.

It would not be right to bid three diamonds, denying interest in a game, or four diamonds, which would be reaching for an eleven-trick instead of a nine-trick game contract.

3. Three diamonds. Here there is an obligation to warn partner that the two diamond response was not based on the customary values. Generally, a response at the two level with a new suit shows 10 or more points, and to this extent the two diamond bid constituted an exaggeration of our values. The three diamond bid cautions partner that the first response was based on distributional rather than high - card values, and that the chances of making game are not good.

4. Three clubs. Game is certain and a slam is possible on the bidding to date, but as to how many tricks can be made, and in what denomination, is still not known. The most we can do is try to describe our distribution and high - card values, and hope that North has the right cards in the right places so that a slam can be made.

The intention is to show spade support next and in this way identify the heart shortage. The true nature of the hand is thus presented in three installments. The rest is up to partner.



UNIQUE SHIP

ST. JOHN'S Nfld. (CP)—The Zarja, a Russian research vessel, stopped here briefly on its wide-ranging Atlantic cruise to measure parts of the earth's magnetic field. The three-masted schooner is unique in that no steel or iron was used in its construction. Even the engines are mounted in a way that avoids disturbing the sensitive magnetic instruments aboard.

DAILY CRYPTOQUOTE — Here's how to work it:

A X Y D L B A A X N
is L O N G F E L L O W

One letter simply stands for another. In this sample A is used for the three L's, X for the two O's, etc. Single letters, apostrophies, the length and formation of the words are all hints. Each day the code letters are different.
