Red Cross Truck Stolen But Later Recovered Yesterday

A truck belonging to the Red Cross was stolen yesterday afternoon from where it was parked temporarily in a central part of the city. It was later recovered at Mount Herbert after it had apparently been turned over and abandoned. The truck suffered considerable damage.

The City Police arrested two men in connection with the theft, but one escaped from custody by climbing up a rope to a ventilator window in the roof of the Police Station cell block, and over the roof to the street.

Urges Merchants, Wholesalers To Buy In Canada

FREDERICTON, Sept. 26 — (CP) — President Hugh Crombie, Montreal, of the Canadian Manufacturers' Association, said here today Canadian merchants and wholesalers should buy in Canada rather than in the United States and other countries.

Mr. Crombie began a tour of the Maritime Provinces and was guest at a luncheon tendered by Premier J. B. McNair.

"The more dollars Canadians can keep at home," he said, "the better it will be for Canada's economy as a whole. Too many Canadians think of Canada in terms of 25 years ago and as the Empire's breadbasket instead of as the third largest industrial nation in the world."

Other guests included: W. A. S. Chase, Saint John, chairman of the New Brunswick branch of the Manufacturers' Association, vice-chairman Walter H. Vale, and Ward Stewart, Moncton, Maritime manager.

Manslaughter Case Postponed

Preliminary hearing in a manslaughter case against a resident of Brookfield was further adjourned until October 24th by consent of the counsel for the accused and the Crown Attorney, due to the illness of the accused, at yesterday morning's sitting of the Queen's County Magistrate's Court.

The case arose out of the fatal truck-train collision at Winsloe crossing on June 7th last when Wendell Johnson of Brookfield was killed.

Two residents of Charlottetown and one of Georgetown, were each fined \$20 and costs or 30 days by Magistrate Gilbert A. Gaudet, when charged with being intoxicated in a public place, and a resident of Brookfield was fined \$15 and costs or 30 days for operating a motor vehicle weighing over 5,000 lbs. at a speed greater than 30 m. p. h.

A resident of Charlottetown was remanded until October 1st on a charge of operating a motor vehicle while his judgment was impaired by alcohol, and a resident of Tracadie and a resident of Charlottetown, both charged with possession of liquor not purchased at the vendors, were remanded until October 3rd and Sept. 29th respectively.

The case of a resident of Hermitage, charged under the Excise Act, was adjourned for one week, and a resident of DeSable, convicted of breaking and entering, was remanded for one week for sentence.

Outstanding Experts On Community Planning To Attend Conference Here

Plans have been completed for the first meeting to be held in this city of the Community Planning Conference (Maritime Region), which opens at The Charlottetown tomorrow with a gala dinner of speakers from many parts of Canada.

There will be several panel discussions on subjects of importance to all parts of Canada. On the panels will be several local speakers as well as authorities from various sections of the Dominion. The subjects selected for the panels include, "Planning in General", "Metropolitan Planning", "Government Housing" and "Planning Boards and Their Operation".

The three principal individual speakers to be heard during the meeting are Mr. Eric W. Thrift, Director of Metropolitan Planning, City of Winnipeg, who will be the guest speaker at the noon luncheon. Mr. Thrift will arrive by plane this evening and will take part in the panel discussion.

Dr. Stewart Bates, Deputy Minister of Fisheries, Ottawa, is also expected to arrive at the same time tonight. He will be the principal speaker at the dinner gathering tomorrow night.

Mr. Alan H. Armstrong, National Executive Secretary of the Community Planning Association of Canada, Ottawa, arrived by plane last evening. During tomorrow afternoon's business session he will address the gathering on "Planning and Housing".

Mr. Armstrong recently returned from Europe where he studied housing conditions, slum clearance, sanitation and allied subjects. At the conclusion of his visit to this city he will go to Pittsburgh, Penn., early next week to attend the annual meeting of the American Society of Planning Engineers at which he will be one of the principal speakers.

The planning expert said last night he would spend today in looking over the situation here and learning what progress had been made by local authorities.

In charge of arrangements here for the conference is Mr. J. F. Connolly, Director of Town Planning, Department of Industry and Natural Resources. Mr. Connolly stated that this meeting could have far-reaching effects in the Province as it would be gaining from the experience and advice of some of the recognized experts in this country.

Approximately 100 are expected to attend the conference with the majority coming from the other Maritime Provinces. Local speakers to be heard in the panel discussions will include: F. W. Hyndman, J. F. Connolly and S. P. Paoli.

Italy Welcomed As Full Partner In West's Lineup

WASHINGTON, Sept. 26 — (AP) — The Big Three countries today declared their willingness to wipe out peace-treaty restrictions on rearming of Italy.

The joint statement, and an accompanying pledge from President Truman to back Italy for an "equal place in support of United Nations principles, amounted to a formal welcome to Italy as a full partner in the West's defence lineup.

At the same time, State Secretary Dean Acheson indirectly warned Moscow against misjudging the reason for this and similar moves to build up "situations of strength" in the Western world.

"Our purpose is peace with freedom and justice," he said. "The move to change the 1947 Italian peace pact came as a grand climax to Italian Prime Minister Alcide de Gasperi's three-day conference with President Truman, Acheson and other top American officials.

High American officials told a reporter the United States favors knocking out a total of 29 articles in the Italian treaty. Scrapping these would permit Italy to build up its skeleton army, navy and air force far beyond the present 300,000 maximum.

Britain, the U.S. and France coupled their declaration with a plea to the other 17 signers of the Italian pact to approve the changes. Actually, the State Department has no hope that Russia and its satellites will agree.

The strategy is to line up all Western signers in favor of the move and go ahead despite Russia's expected violent objection.

Rules On Telephone Rates Quicker

OTTAWA, Sept. 26 — (CP) — The Bell Telephone Company of Canada, seeking a \$16,000,000-a-year increase in its Ontario-Quebec phone rates, today was assured of early disposition of its application for a temporary increase pending a full inquiry.

The board of Transport Commissioners declined to grant temporary higher rates immediately as asked by Bell, but set Oct. 24 — the earliest open date — for a hearing on that point.

Mr. Justice M. B. Archibald, chief commissioner, expressed the hope that hearing could be concluded in a single day. The board then would decide whether a temporary hold was justified and hold later hearings — perhaps in November — on the question of

Railways Making Preparations For Tour Just In Case

Despite postponement of the visit of Princess Elizabeth and the Duke of Edinburgh the work of revamping the appearance of the C. N. R. route on which they will travel in this Province will continue.

All the way from Cape Tormentine to Borden work of cleaning and painting goes on as it is at various stations along the line to this city. At the same time a 'Sperry' car has been travelling over the line to detect any rail defects which might be in existence. Any found to be defective are removed and new ones laid in their place.

In this city work is going on in the painting of the C. N. R. Railway Station and the Charlottetown. One of the bigger jobs attached to such a Royal visit is the work of officials of the railway in rehearsing employees on their duties and choosing the right people for each job.

Fine Exhibition Of Handicrafts

At the Provincial Plowing Match yesterday at Dundas, the handicraft division for the first time presented exhibits in fruit and floriculture, housekeeping, and woolen goods and fancy work.

The first class there were 21 sections out of 25 represented, consisting of different varieties of apples, and different species of flowers. Mr. Clayton MacLeod, Dundas, won the most points in the fruit sections, and Mr. W. W. Anderson, St. Peter's Bay, won the most points in floriculture.

In Class 2, 36 sections were represented out of 38. The class, housekeeping, proved to be the most popular in the number of exhibits in each section, and the delicious appearing exhibits were tempting to the beholders. Lovely cakes, rolls, biscuits, doughnuts, pies, and preserves graced the two long tables, testifying to the care and ability of the ladies who look after the home.

Out of 49 sections in class three, 42 were represented. Knit blankets, bedspreads, tea cloths, sofa cushions, quilts and rugs and many other sections made up this well-filled class. A rug exhibited by Mrs. Walter Burdett of Dundas received the highest praise from the judges, Miss Mary Robin, supervisor of Women's Institutes, and Mrs. Maylea Manning, assistant supervisor.

The success of this first handicraft exhibition at the provincial plowing match is well attested to by the number of entries in each class and in each section, and also by the number of people who crowded the hall the whole afternoon, and having been crowned with such success this year, it is expected that the officials will soon begin planning a bigger one for the coming year.

Taxes Boosted In Australian Budget

CANBERRA, Sept. 26 — (AP) — Finance Minister Sir Arthur Fadden today introduced in parliament a "sacrifice budget" of £641,000,000 calling for a 25-per cent increase in taxes.

He said the budget was aimed at beating inflation by drawing off part of "the deluge of additional spending power which threatens to engulf us." He added that Australia's national income last year increased by 390,000,000 or 36 per cent, due largely to higher wool prices.

Fadden announced heavy increases in sales tax. The general rate was raised to 12 1/2 per cent and special rates ranging from 20 to 66 2/3 per cent were placed on less essential goods such as sports equipment, toys, games, confectionary and men's toilet requisites.

Income taxes were increased by 10 per cent. Under the scheduled a married man with no children would pay £24 on an income of £300 and £121 tax on £1,000 income.

18 Months In Jail For Dangerous Driving

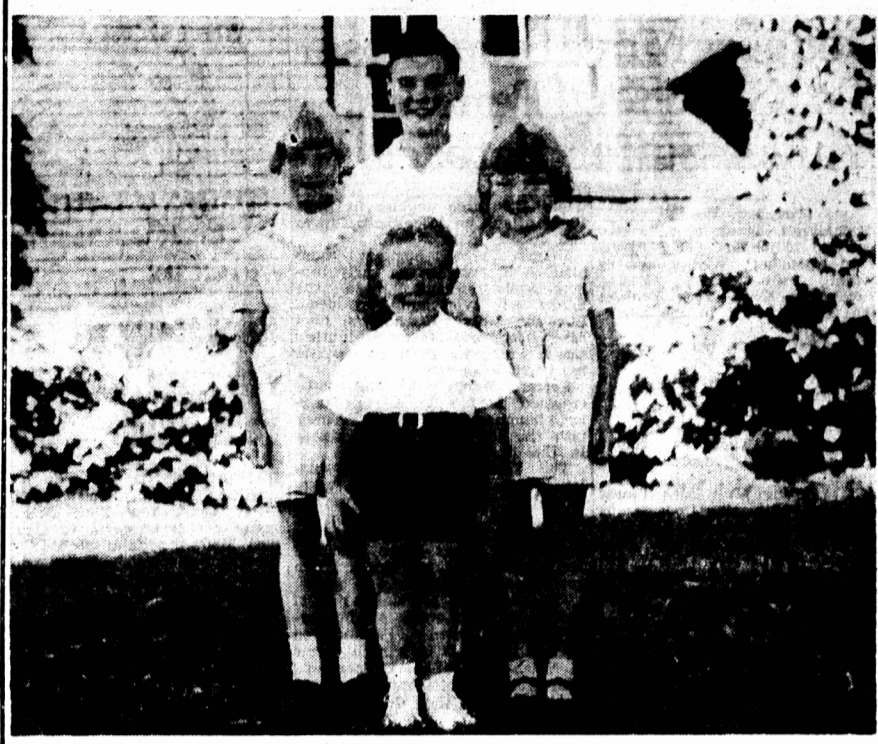

SAINT JOHN, N.B., Sept. 26 — (CP) — Joseph F. Lee, acquitted of a manslaughter charge but convicted on a reduced count of driving in a manner dangerous to the public, was sentenced today to 18 months in jail with hard labor.

The jury in the Saint John Circuit Court deliberated an hour and 35 minutes. Lee was charged after a truck and car collision at South Bay July 17 took the lives of Mrs. Roy K. MacLeod and her small daughter.

Defence counsel indicated intention of appealing the sentence as too severe under the reduced charge and in view of all circumstances.

granting increases on an established basis. Meanwhile, the board also granted a group of municipalities an extension to Oct. 31 in the time allowed them to file their formal objections to the increases. The cities were Toronto, Montreal, Hamilton, Ottawa and St. Thomas, Ont.

WE NEED HELP

CHILDREN IN THE PROTESTANT ORPHANAGE SENDING OUT AN APPEAL ANNUAL DRIVE FOR FUNDS OPENS MONDAY, OCTOBER 1st YOUR GENEROUS SUPPORT IS URGENTLY NEEDED

Whitehall Notebook

By ALAN HARVEY (Canadian Press Staff Writer) LONDON, Sept. 26 — (CP) — Tattle-tale television may play a part in next month's general election — if British politicians aren't too bashful.

Neither the Labor Party nor the Conservatives have given any indication whether they intend to use the new medium in a bid for political power.

Caution may spring from a fear that the searching cameras will spotlight some small flaw. Television has a way of pouncing on insincerity.

Some members of parliament have passed the test. Two of the most popular are thin-faced, acid-tongued Michael Foot, Labor left-winger who is one of ex-minister Aneurin Bevan's strongest supporters, and jovial Scotsman Robert Boothby, a Conservative.

They appear regularly in a round-table discussion of controversial political subjects called "In The News." By Canadian standards, it's a hard-hitting program. Foot flaying Conservative policy like a soap-box orator in Hyde Park, Boothby supremely self-assured, imperturbable in rebuttal.

But this program has been shelved for the period of the election campaign and there's no sign yet that electioneering broadcasts will be scheduled.

If and when the parties decide to take a chance on TV, the Conservatives appear to hold a strong hand. They have Dr. Charles Hill, who was an outstanding success in radio broadcasts before the 1950 election; Deputy Leader Anthony Eden, who recently made a successful television appearance after his return from a trip to Canada and the United States; and Conservative Leader Winston Churchill, cigar and all.

On the distaff side the best bet probably would be Lady Tweedsmuir, long regarded as one of the most photogenic members of the House of Commons.

Labor could counter Lady Tweedsmuir with Dr. Edith Summerskill, a tall, statuesque redhead with a definite fashion consciousness and plenty of polish.

Whatever the politicians decide, television will have a role in the election.

NOTICE

For the past few weeks a number of grocery stores have attempted to advertise butter below the current market price, which is contrary to a legal statute of this Province.

In Section 60 of The Dairyman's Association Act it is stated that, "Butter shall not be sold as a premium in conjunction with orders for other goods, and butter shall not be sold under the current jobbing price for any grade plus a reasonable retail charge by any wholesale or retail merchant within the Province." This reasonable retail charge has been set at five cents a pound.

Sometime over a year ago a notice of this regulation was sent to all retail grocers within the area of Charlottetown. There should, therefore, be no excuse for cutting the retail price as the jobbing price is almost continuously uniform.

The full cooperation of all retailers is required in this matter. Notice is hereby given that hereafter, full action under the provisions of the Act in respect to this regulation, will be taken on the presentation of evidence that this regulation has not been fully observed.
