

IN MEMORIAM

BORDEN WALDRON MacDONALD

Many hearts were greatly saddened to learn of the tragic accident which occurred September 17th, on the highway in Churchill resulting in the death of little Borden Waldron MacDonald, 3 1/2 year old, son of Mr. and Mrs. Percy MacDonald.

The child had just wandered a short distance from the home of his parents and was about to cross the main Borden-Charlottetown highway when he was struck by an oncoming vehicle and was believed instantly killed.

When death comes it brings its sorrows, but especially is this sorrow deepened when it comes at such a tender age and under such circumstances. It was evident that the sorrowing parents and family had the heartfelt sympathy of a very large number of friends and acquaintances in view of the very large attendance at the funeral service.

Borden leaves to mourn his passing besides sorrowing parents, four brothers and six sisters. The brothers are: Oliver, Willard, Wendell, and Lormar. The sisters are: (Dorothy), Mrs. Andrew Crosby-Bonshaw, (Hazel), Mrs. Health Crosby, Charlottetown; Shirley Joyce, Audrey and Sandra at home.

The funeral service was held in the Churchill Presbyterian Church and was conducted by the Pastor, Rev. Donald Nicholson, who also sang as a solo "There's a Home for Little Children."

The pallbearers were: William MacKinnon, Kelsey Buchanan and Ernest Crosby.

The flower bearers were: Kenneth MacKinnon and John MacLeod.

The remains were tenderly laid to rest in Argyle Shore Cemetery.

Card Of Thanks

Mr. and Mrs. Percy MacDonald and Family wish to thank all those who helped in any way and all

Strange But True

By F. H. MacArthur

New York City has so many tall buildings and subways that its citizens actually travel more vertically than horizontally.

Rev. A.A. McAulay of St. Peter's, Prince Edward Island, celebrated his 60th anniversary as a priest last summer. In Elliotvale, not many miles from St. Peter's, you may see the oldest smith in the Maritimes, John T. Gill, who at 98 still operates his blacksmith forge.

Pierre Messie, of Nantes, France, could make the hairs on his head stand up like the bristles of an angry dog!

Good rope was made by the old Peruvians, by the inhabitants of the South Sea Islands, and by the early Indians of North America.

The term "A-1" originated with Lloyds. The "A" means that the hull of a vessel is sound and "1" means that the rigging, etc., is in good order. In other words, "A-1" is the highest rating a ship can get for marine insurance.

All those delicious eating apples one can buy on the market today sprang from the wild crab, through the process of grafting.

Files are finished by scouring and rubbing the sharp little teeth with olive oil and turpentine.

America did not invent the firecracker. It was manufactured in Italy in 1540, and their use in celebrations in France goes back to 1666.

Do you know how the phrase "kick the bucket" originated? Many years ago a crackpot named Balesauer decided to end his life. First he put a rope around his neck and tossed the loose end over an overhead beam. In selecting a place to tie the end, he reached for the nearest object, which hap-

pened to be a post close to a bucket. When in the process of strangling Balesauer became crazed and kicked the bucket. The publicity given to this act resulted in the adoption of the now familiar phrase to "kick the bucket" or die.

greater than the population of Charlottetown.

Believe it or not, but Chicago and Philadelphia have more telephones than all European countries combined and all of South America, has less than Montreal and Toronto. Of the 15,000,000 telephones in the world, 10,000,000 are set up in the United States. In the Bell System alone there are 18,000,000 miles of wire which carry over 26,000,000 phone calls daily, or approximately 9,000,000,000 per year.

The Fiddler-crab has one giant claw and one very small. The large claw is brightly colored and when the crab runs it waves the big claw from side to side—hence the name fiddler—"crab".

In Korea eggs are sold by the string.

If you lived in Temiskaming, Quebec, or Ocean Falls, B.C., you would not have to pay any taxes. Why? Because these towns were planned and developed by paper companies. Comfortable homes are provided for the employees, but the companies own the towns and therefore pay all taxes.

HIGH STEPPERS

Platform shoes, from which high shoe heels developed, were used as early as 715 B. C.

ANCIENT INDUSTRY

Methods of making leather soles from cattle hides were described in Homer's "Iliad" almost 2,900 years ago.

WESTMORELAND W. I.

The regular monthly meeting of the Westmoreland Women's Institute met at the home of Mrs. Verne Moore on Tuesday, Dec. 4th.

The president opened the meeting in the usual manner by repeating the Institute "Ode", followed by "Creed" in unison. Roll call was answered by eleven members, and two visitors were present. Collection amounted to 90c.

The minutes of the annual meeting were read, approved and signed, and unfinished business consisted of annual reports being signed by auditors.

It was announced a window shade was yet to be measured and bought for school, also World Affairs book, and pencil sharpener.

More money was voted for sharpener and book when bought.

The sick committee reported visiting a member and taking fruit to another sick member. It was moved and seconded this bill for fruit be paid.

The school committee reported nothing more than the unfinished business was needed for school and Mrs. Eddie Trowsdale and Mrs. Hal Oakes read papers on "Did You Know" hints, and interior decorating.

New committees are as follows: Sick: Mrs. Roy Crossman and Mrs. Robert Mayhew (re-appointed).

School: Everybody. Educational: Mrs. Wrixon Moore and Mrs. Bert Trowsdale. Social: Mrs. Hal Oakes and Mrs.

Eddie Trowsdale.

Lunch: Mrs. Heber Canfield, Mrs. Wrixon Moore, and Mrs. Bert Trowsdale.

It was then decided the next meeting would be held at the home of Mrs. Heber Canfield on Thursday, January 3rd.

Correspondence as follows was read and discussed:

A letter concerning fairer electricity rates.

A National Farm Forum paper, First Aid services, interior decorating, the Buyers' Benefit Club and T. B. League.

A letter of thanks was then read from a member who was remembered with fruit.

The meeting then decided a letter should be written to the Public Utilities Commission to help get fairer rates on electricity.

It was moved and seconded to give \$2.00 to the T. B. League, and to buy treats for school children.

Cod liver oil capsules and Christmas cards were then sold.

The meeting then decided the paint and signs for interior of school should be bought by secretary. The "Institute News" was then distributed to the members present, and Thursday, Dec. 27th was set aside for day of work at school. If not fine, Friday, Dec. 28th.

Meeting adjourned, after which Christmas gifts were exchanged by members.

Mrs. Charles MacKenzie then held a contest on flowers and lunch was served by hostess and committee in charge.

Waterman's advertisement featuring a pen set in a case, a fountain pen, and a ballpoint pen. Text includes: "Your Happiest Thought for a Happy Christmas!", "Give 14 kt. Gold Point Waterman's - smoothest thing on Paper", "Waterman's Lash Sets", "Waterman's Crusader Pen", "Waterman's New Leader Pen".
