Dear Dr. Epperly,

On behalf of the Canadian Cystic Fibrosis Foundation, I am writing to express our deep appreciation to the students of the University of Prince Edward Island for their wonderful support of the 1996 Shinerama campaign. Their participation in Shinerama, and dedication to the CF cause, is truly outstanding!

Thousands of students from Universities and Colleges across Canada took part in Shinerama '96, raising over \$460,000 for cystic fibrosis research and treatment. This year's campaign was further bolstered by the generous contributions of our programme sponsors, Kodak Canada Inc. and Kiwi Canada, and Ontario sponsor, Pizza Pizza.

The Foundation is extremely fortunate to have the Shinerama student volunteers, local sponsors, and community donors, as our friends in the fight against cystic fibrosis. Participating students should take great pride in the fact that, due to their efforts, Canadian children and young adults with CF are living longer and healthier lives.

Since Shinerama began in 1964, the life expectancy of young Canadians with cystic fibrosis has increased dramatically, and CF patients are now looking ahead with increased confidence to the discovery of a cure or an effective control. Although cystic fibrosis remains a fatal disease, with the dedicated efforts of our Shinerama friends, including dedicated leaders in the academic community like yourself, the battle against CF will be won.

Thank you so much for your longstanding support of the Shinerama programme. We are very proud, as I am sure you are, of all that has been accomplished by the students of the University of Prince Edward Island, through their enthusiastic participation in Shinerama '96.

Very best wishes!

Yours sincerely,
Cathleen Morrison
Executive Director
