NEW YORK

NEW YORK (AP)—The stock market recovery drive won a lot more credibility for itself among market technicians Thursday as it stretched its string of advances to five straight.

Trading was moderate. Volume was 6,150,000 shares compared with 6,250,000 Wednesday.

The Dow Jones industrial average advanced 8.07 to 814.30, putting it further above the psychologically important 800 level which it vaulted to surprisingly on Wednesday.

Credibility is belief by enough investors that stock market prices will be going up for a while.

Prices rose from the start Thursday even though many leading stocks stumbled on profit taking.

Of 1,378 issues traded, 724 rose and 440 fell. New lows for the year totalled 41 and new highs seven.

The degree of profit taking among volatile issues which have been trading favorites was reflected by the 15 most active stocks, of which losers outnumbered gainers 8 to 7.

Among active gainers, General Motors rose 2¼, Boeing 2 and Pennsylvania Railroad 1⅛. Among losers U.S. Steel fell ⅝ and Chrysler ½.

International Nickel gained 1⅛ among Canadians. Distillers Seagrams was up ½. Canadian Pacific and Walker Gooderham ⅜ and Alcan ¼. Dome Mines lost ⅞.

Prices on the American exchange were generally higher.

Scurry Rainbow gained 1⅛. Brazilian Light and Power and Jupiter Corp lost ¼ and Molybdenite Canada and Fargo Oil 1-16.

MONTREAL

MONTREAL (CP)—The Montreal Stock Exchange rebounded slightly Thursday and continued the upward trend started at the beginning of the week.

Only senior mines posted major gains, however, and papers showed small losses. Advances outnumbered declines 37-25. Trading was light.

Brokers were not optimistic about the gains and saw few prospects for a major upturn unless clear trends towards lower interest rates were established.

International Nickel, beset by labor troubles, showed the day's most substantial gains as it rose 1½ points to 84½. Hudson Bay Mining was up one point at 70½.

Alcan led the list of most active stocks as it went against the trend, declining ¼ to 30⅝ on a turnover of 6,372 shares. Bell Telephone dropped ¼ to 48⅝ as 5,958 shares changed hands.

Banks were generally higher. Massey-Ferguson rallied and closed 1 1-3 points higher at 26c.

Among the utilities Newfoundland Light fell ⅜ to 9⅜. Nova Scotia Light was off ⅛ at 10¾.

Home Oil added ½ to 20½.

Among the speculative issues on the Canadian Stock Exchange Camflo jumped 50 cents to $4.50. However, Black Hawk slid 14 cents to 83 cents and Chemalloy eight cents to $1.07.

On index, industrials added 0.80 to 145.65 and banks 0.36 to 109.43. Papers were off 0.06 at 110.59. Utilities were unchanged at 131.80. The composite index rose 0.61 to 139.60.

TORONTO

TORONTO (CP) — The stock market took another firm step on the road to recovery Thursday, recording its fourth gain in the last five sessions.

The industrial index, an indicator of key stock movements, climbed .74 to 146.68, following the trend in New York.

Massey-Ferguson and Jefferson Lake spearheaded the advance, rising 1½ to 26⅞ and 29⅞ respectively. Inco increased 1⅜ to 84¾, Canadian Imperial Bank of Commerce 1¼ to 57½ and Alberta Gas 1 to 33.

A total of 3,377,000 shares were traded compared with 4,532,000 Wednesday.

AREA, FROBEX CLIMB

Area, which is jointly drilling in the Gaspe with Frobex, was up 14 cents to 2.72 on 326,260 shares. Frobex dropped 19 cents to 2.86 in profit-taking.

Among western oils Dome Petroleum jumped 2 to 21⅝, Scurry Rainbow ¾ to 22 and Canadian Superior ½ to 20⅜.

Among speculative oils, Provo Gas jumped 40 cents to 4.10 on 83,000 shares and International Helium 20 cents to 3.25 on 90,293.

On index, base metals were ahead .23 to 88.09, western oils 2.11 to 100.90 and the TSE .73 to 140.08. Golds eased .59 to 170.85.

SHOVELLING ABOARD

LOCKEPORT, N.S. (CP) — The trawler Cape Beaver set something of a fishing record this summer off Nova Scotia by hauling in an average of 10 tons of fish an hour. The day's total catch was 170,000 pounds of cod, sole, perch and pollock.

12-Mile Limit Is Pondered By Americans

By ARCH MacKENZIE

WASHINGTON (CP) — The United States is still pondering Canada's formula for imposing its 12-mile fishing limit, and U.S. officials are tight-lipped about the awaited response.

But it's a complicated question, they say. The impact on fisheries is a major consideration for them.

Canada passed legislation in 1964 extending the hands-off zone for foreign fishermen to 12 miles from three.

Then, after two years of periodic discussion, External Affairs Minister Martin presented a formula here in July for final settlement before the limit is imposed.

The problem is the selection of base lines on the Canadian coasts from which the 12-mile limit will extend. Involved are specific bodies of water, including the Bay of Fundy, the Gulf of St. Lawrence, Hudson Bay and West Coast areas, such as Hecate Strait and Dixon Sound.

DEFENCE NO PROBLEM

Defence has not been raised as a problem by the United States, it is understood. Fisheries have been.

So has the question of creating any precedent that might raise trouble for the United States elsewhere.

Hudson Bay presents no difficulty apparently. But British Columbia's jagged coastline does. So do some Atlantic coast areas.

Martin told a press conference July 22, after giving State Secretary Dean Rusk the Canadian plan in detail, that he had no reason to expect a rejection.

But at the same time, he left a plain inference that Canada is prepared to proceed by itself if a final solution of American misgivings proves impossible.

Sources here say the length of the discussion period testifies to the desire on each side to get a solution meeting both Canada's plan and the U.S. concern about protecting fishing grounds it regards as historically open to American crews. These are located on both East and West coasts.

The United States is preparing for its own 12-mile limit, as a privately sponsored bill proceeds slowly through Congress. But it is understood this raises no particular difficulties for Canada.

Steel Price Reconsideration Is Suggested

OTTAWA (CP)—Finance Minister Sharp has urged that the Steel Co. of Canada Ltd reconsider and rescind its decision to increase prices.

Mr. Sharp said in a statement that he heard "with concern and regret" the announcement by the company that it was increasing prices for some of its main product lines.

The minister said that if the company is not prepared to wipe out the increase, he plans to suggest that a joint parliamentary committee look into the action.

INFLATION INVOLVED

Mr. Sharp said that the company, if it acceded to his request, would be "helping to bring to an end the upward spiral of prices and wage increases."

If the company was not prepared to do so, then it was a matter for the parliamentary committee "in view of the importance this basic industry can have in contributing to price stability."

Mr. Sharp said he had expected that the Steel Co. of Canada, which had a good record of price stability, would be able to meet increased wage and other costs out of its increasing productivity without boosting its prices.
