NASH'S SUPERIOR HORSE AND CATTLE LINIMENT. One of the most valuable articles ever offered to the public for Sprains, Windgalls, Ringbones, Spavins, Stiffness of the Joints, Fresh Wounds, Galls, &c., &c.

THIS truly valuable Liniment has been extensively used for upwards of seven years, and in no instance has it failed to give satisfaction. The Proprietors cheerfully recommend the above remedy to the public, under the full conviction of its efficacy in the above-mentioned diseases where an external inflammation is required.

Reduces inflammation or swelling, or where the flesh has become excoriated, it softens and reduces it, and produces a full and free circulation to the parts previously affected. Numerous certificates from highly respectable individuals might be offered, "testifying to its efficacy," but the proprietors deem it unnecessary. All that is solicited is a fair trial of this Liniment, to convince the public of its value. CHARLES W. POOR & Co., Boston, Sole Proprietors, to whom all orders should be addressed. Jan. 23 1860. 6a

THE FRIEND OF ALL!

HOLLOWAY'S PILLS. Nervous Disorders. What is more fearful than a breaking down of the nervous system? To be attacked by nervous or neuralgic affections is most distressing, for when once a remedy is found there is one—drink but little wine, beer or spirits, or fat butter, take no coffee, weak tea, little perfumery; get all the fresh air you can; take three or four times every night a plenty of solids, avoiding the use of salt; and if these golden rules are followed, you will be happy in mind and strong in body, and forget you have any nerves.

Mothers and Daughters. There is one thing more than another for which these Pills are so famous it is their purifying properties, especially their power of cleansing the blood from all impurities, and removing the liver and suspended secretions. Universally adopted as the one grand remedy for female complaints, they never fail, never weaken the system, and always bring about what is required.

Sick Headaches and want of Appetite. These feelings which so sadden us most frequently arise from impurities in the blood, or from indigestion, or from excess of eating and drinking what is not for us, thus disordering the liver and stomach. These organs must be regulated if you wish to be well. The Pills, if taken according to the printed instructions, will quickly restore a healthy action to both liver and stomach, whence follow as a natural consequence a good appetite and a clear head. In the East and West Indies scarcely any other medicine is ever used for these disorders.

How to be Strong. Never let the bowels be either confined or unduly acted upon. It may appear singular that Holloway's Pills should be recommended for a fun upon the bowels, many persons supposing that they would increase relaxation. This is a great mistake, however, for these Pills will immediately correct the liver, and stop every kind of bowel complaint. In warm climates thousands of lives have been saved by the use of this medicine, which in all cases gives tone and vigor to the whole organic system, however relaxed—health and strength increased by the use of these Pills, combined with the use of solid and increased to daily diet. Animal life is better than broths and stews. By removing acrid, fermented, or other impure humors from the liver, stomach, or blood the cause of dysentery, diarrhoea, and other bowel complaints is expelled. The result is, that the disturbance is arrested, and the action of the bowels becomes regular. Nothing will stop the relaxation of the bowels so quickly as this fine correcting medicine.

Disorders of Kidneys. In all diseases affecting these organs, whether they secrete too much or too little water; or whether they be affected with stone and gravel, or with acid and pain settled in the loins, or with the region of the kidneys, these Pills should be taken according to the printed directions, and the Ointment should be well rubbed into the small of the back at bed time. This treatment will give almost immediate relief when all other means have failed.

For Stomachs out of order. No medicine will so effectually improve the tone of the stomach as these Pills; they remove all acidity, occasioned either by indigestion or improper diet. They reach the liver and reduce it to a healthy action; they are wonderfully efficacious in cases of spasms,—in fact they never fail in curing all disorders of the liver and stomach.

Holloway's Pills are the best remedy known in the world for the following diseases:— Ague, Dysentery, Liver complaints, Rheumatism, Dropsy, Female Irregularities, Piles, Hemorrhoids, Stomachic Disorders, Retention of Urine, Constipation of Bowels, Head-ache, Indigestion, Catarrhs, Dropsy, Jaundice, Scrophulous Affections, Gout, King's Evil, Worms, all kinds of Weakness, from whatever cause arising, &c., &c.

Sold at the Establishments of Professor Holloway, 244, Strand, (near Temple Bar) in London; also at all respectable Druggists and Dealers in Medicine throughout the civilized world, at the following prices:— 1s. 1d., 2s. 1d., 3s. 1d., 4s. 1d., 5s. 1d., 6s. 1d., 7s. 1d., 8s. 1d., 9s. 1d., 10s. 1d., 11s. 1d., 12s. 1d., 13s. 1d., 14s. 1d., 15s. 1d., 16s. 1d., 17s. 1d., 18s. 1d., 19s. 1d., 20s. 1d., 21s. 1d., 22s. 1d., 23s. 1d., 24s. 1d., 25s. 1d., 26s. 1d., 27s. 1d., 28s. 1d., 29s. 1d., 30s. 1d.

THE GREAT CURE ALL! KNOWN THROUGHOUT THE WORLD. Bad Legs, Bad Breasts, Sores and Ulcers. All descriptions of Sores are remediable by the proper and diligent use of this inestimable preparation. To attempt to cure bad legs by plastering the edges of the wound together is a folly; for should the sloughs, a heavy discharge remains underneath to break out with tenfold pain in a few days. The only rational and successful mode, as indicated by nature, is to reduce the inflammation in and about the wound, and to soothe the neighboring parts by rubbing in plenty of the Ointment as soft as butter. This will cause the sloughs to separate, and the healthy granulation to be formed. The Ointment has been used with tenfold pain in a few days. The only rational and successful mode, as indicated by nature, is to reduce the inflammation in and about the wound, and to soothe the neighboring parts by rubbing in plenty of the Ointment as soft as butter. This will cause the sloughs to separate, and the healthy granulation to be formed.

HOLLOWAY'S OINTMENT. Bad Legs, Bad Breasts, Sores and Ulcers. All descriptions of Sores are remediable by the proper and diligent use of this inestimable preparation. To attempt to cure bad legs by plastering the edges of the wound together is a folly; for should the sloughs, a heavy discharge remains underneath to break out with tenfold pain in a few days. The only rational and successful mode, as indicated by nature, is to reduce the inflammation in and about the wound, and to soothe the neighboring parts by rubbing in plenty of the Ointment as soft as butter. This will cause the sloughs to separate, and the healthy granulation to be formed.

Any of the above diseases may be cured by well rubbing the Ointment three times a day into the chest, throat and neck of the patient; it will soon penetrate, and give immediate relief. Medicine taken by the mouth must operate in the whole system ere its influence can be felt in any local part, whereas the Ointment will do its work at once. Whoever tries the unguent in the above manner for the diseases named, or any similar disorders affecting the chest and throat, will find themselves relieved, and the cure effected. All sufferers from these complaints should envelop the throat at bed time in a large bread and water poultice, and the Ointment has been well rubbed in; and if the soles of the feet are likewise rubbed with the Ointment every night, it will greatly assist the cure of the throat and chest. To apply the Ointment to the throat, mix one ounce, eight or ten Pills should be taken night and morning. The Ointment will produce perspiration, the grand essential in all cases of fever, sore throats, or where there might be an oppression of the chest either from asthma or other causes.

Piles, Fistulas, Strictures. The above class of diseases is surely rendered by nightly fermenting the part with warm water, and then by effectually rubbing in the Ointment. Persons suffering from these direful complaints should lose no moment in arresting their progress. It should be understood that it is not sufficient merely to smear the Ointment on the affected parts, but it must be well rubbed in for one considerable time two or three times a day; that it may be taken into the system, whence it will remove any hidden sore or wound as effectually as though palpable to the eye. There again bread and water poultices, after the rubbing in of the Ointment, will do great service. This is the only sure treatment for females, in cases of cancer in the stomach, or where there may be a general breaking out of the Ointment.

Impurities of Youth.—Sores and Ulcers. Blisters, as also swellings, can with certainty be radically cured if the Ointment be used in the manner above directed. It is recommended as recommended in the printed instructions, to be taken night and morning, and to be rubbed in on one place to break out in another; whereas the Ointment will remove the humor from the system, and leave the cure of the throat and chest. To apply the Ointment to the throat, mix one ounce, eight or ten Pills should be taken night and morning. The Ointment will produce perspiration, the grand essential in all cases of fever, sore throats, or where there might be an oppression of the chest either from asthma or other causes.

Dropical Swellings, Paralysis and Stiff Joints. Although the above complaints differ widely in their origin and nature, yet they all require local treatment. Many of the worst cases of such diseases will yield, in a comparatively short space of time, when this Ointment is used in the manner above directed, and treated in any other patient as directed in the printed instructions. In all serious cases of cancer in the stomach, or where there may be a general breaking out of the Ointment.

Both the Ointment and Pills should be used in the following cases: Bad Breasts, Ulcers, Scrophulous Affections, Gout, King's Evil, Worms, all kinds of Weakness, from whatever cause arising, &c., &c.

THE Examiner. Printed and published every Monday by EDWARD WHELAN at his office, Hillsborough-street, near King's-square. Price—1s. per annum payable half yearly in advance.

Scrofula, or King's Evil,

is a constitutional disease, a corruption of the blood, by which this fluid becomes vitiated, weak, and poor. It is in the circulation, it pervades the whole body, and may burst out in disease on any part of it. No organ is free from its attacks, nor is there one which it may not destroy. The scrofulous taint is variously caused by mercurial disease, low living, disordered or unhealthy food, impure air, rich and fatty habits, the depressing virus, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of him who sows "I will visit the iniquities of the fathers upon their children."

Its effects commence by deposition from the blood of corrupt or ulcerous matter, which, in the lungs, liver, and internal organs, is termed tubercles; in the glands, swellings; and on the surface, eruptions or sores. This foul corruption, which renders the blood, depresses the energy of life, so that scrofulous constitutions not only suffer from scrofulous complaints, but they have far less power to withstand the attacks of other diseases, consequently, many numbers perish by disorders which, although not scrofulous in their nature, are still rendered fatal by this taint in the system. Most of the consumption which decimates the human family has its origin directly in this scrofulous contamination; and many destructive diseases of the Liver, kidneys, brain, and, indeed, of all the organs, arise from or are aggravated by the same cause.

One quarter of all our people are scrofulous; their persons are invaded by this lurking infection, and their health is undermined by its destructive consequences. It is therefore most imperative that by an alterative medicine, and invigorate it by healthy food and exercise. Such a medicine we supply in

AYER'S Compound Extract of Sarsaparilla, the most effectual remedy which the medical skill of our times can devise for this every where prevailing and fatal malady. It is combined from the most active remedies that have been discovered for the expurgation of this foul disorder from the blood, and the rescue of the system from its destructive consequences. It should be employed for the cure of not only scrofula, but also such other affections which arise from it, such as BRUITS and SKIN DISEASES, ST. ANTHONY'S FIRE, ROSE, OR ERYSIPELAS, PIMPLES, PUSTULES, LUPULI, BURNS, SCALD HEAD, KINGWORM, RHEUMATISM, SPINDLIC AND MERCURIAL DISEASES, DROPSY, DYSPEPSIA, DEBILITY, and, indeed, ALL COMPLAINTS ARISING FROM VITATED OR IMPURE BLOOD. The popular belief in "impurity of the blood" is founded in truth, for scrofula is a decomposition of the blood. The particular power and virtue of this Sarsaparilla is to purify and regenerate this vital fluid, without which sound health is impossible in contaminated constitutions.

Ayer's Cathartic Pills, FOR ALL THE PURPOSES OF A FAMILY PHYSIC, are so composed that disease within the range of their action can rarely withstand or evade them. Their purgative properties search and cleanse, and invigorate every portion of the human organism, correcting its diseased action, and restoring its healthy vitality. As a consequence of these properties, the invalid who is bowed down with pain or physical debility is astonished to find his health or energy restored by a remedy at once so simple and so efficacious. Not only do they cure the every-day complaints of every body, but also many formidable and dangerous diseases. The agent below named is pleased to furnish gratis my American Almanac, containing certificates of their cures and directions for their use in the following complaints: Catarrhus, Hoariness, Headache, crasis, from disordered Stomach, Nausea, Vertigo, St. Anthony's Fire, Scald Head, Kingworm, Rheumatism, Spindlic and Mercurial Diseases, Dropsy, Dyspepsia, Debility, and, indeed, ALL COMPLAINTS ARISING FROM VITATED OR IMPURE BLOOD. The popular belief in "impurity of the blood" is founded in truth, for scrofula is a decomposition of the blood. The particular power and virtue of this Sarsaparilla is to purify and regenerate this vital fluid, without which sound health is impossible in contaminated constitutions.

Ayer's Cherry Pectoral, FOR THE RAPID CURE OF Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the relief of Consumptive Patients in advanced stages of the disease. So wide is the field of its usefulness, and so numerous are the cases of this kind, that almost every section of country abounds in persons publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. Its superiority over every other medicine of its kind is too apparent to escape observation, and where its virtues are known, the public have felt and been led to cleave to it. It is a most valuable and safe remedy, and is employed for the distressing and dangerous affections of the pulmonary organs that are incident to our climate. While many inferior remedies that upon the community have fallen, and been forgotten, this has gained friends by every trial, conferred benefits on the afflicted that can never be forgotten, and produced cures too numerous and too remarkable to be forgotten.

Doctor Evans' Pain Killer. NO medicine has been discovered that is so happily adapted to be used internally as drops to be taken, and yet perform such wonders when applied externally as a wash, bath, or by friction.
