GREAT ANXIETY ABOUT DEWEY

Felt in Washington.

THOUGHT HE CANNOT SPARE A VESSEL.

Can Carry Any Despatches to Hong Kong.

[SPECIAL TO THE EXAMINER.]
WASHINGTON, May 7.—The war news up here is briefly as follows, with the exception of a private telegram, of doubtful authenticity, from Singapore: No reliable news of Dewey's fleet or of any developments at Manila, has been received since Sunday, and there is no knowledge when any may be expected. This suspense has given rise to considerable anxiety here, in all quarters.

WASHINGTON, May 7.—There is no disputing the fact that great anxiety is felt in the Navy Department over the Manila situation, and that it is growing more and more intense.

Up to midnight no word had been received from Dewey thus the newspaper reports become so conflicting that the department is completely at sea.

Sufficient time has elapsed for a despatch boat to have reached Hong Kong, and the failure to receive a report this way is held by the Department, as they can only come to the conclusion that Dewey's fleet is in such a weakened condition that a boat could not be spared to make the journey.

Messages received say the cable must be broken in the Manila Bay and not on the shore.

If this is true the only advices that will be received from Dewey will be from Hong Kong, as there are no appliances aboard the American fleet for repairing the cable.

LATER NEWS FROM HONG KONG.

News Received From Dewey.

DEWEY'S VICTORY A COMPLETE TRIUMPH.

Not an American Sailor was Killed.

[SPECIAL TO THE EXAMINER.]

NEW YORK, May 7.—The New York World in an extra edition published this morning has the following copy-right despatch:—

"Hong Kong. I have just arrived here on the United States revenue cutter Hugh McCulloch with a report of the American triumph at Manila. The entire Spanish fleet of eleven vessels was destroyed and three hundred Spanish killed and four hundred wounded. The American loss is none killed but six slightly wounded. Not one American ship was injured."

LATER
WASHINGTON, May 7.—Official news of the arrival of the McCulloch at Hong Kong has been received at the State Department, and confirm the report that Dewey's victory at the Manila battle was complete.

LATER
(A PRIVATE DESPATCH TO THE EXAMINER.)
BOSTON, May 7.—A Dewey despatch boat has arrived at Hong Kong and reports the destruction of eleven Spanish ships 400 Spanish were killed and 300 wounded. Fifteen Americans were injured, the ships are safe. Sampson's fleet is expected to take Porto Rico tomorrow.

THE LAFAYETTE IS RELEASED.

A Mistake Was Made.

SHE WILL BE SENT UNDER ESCORT TO HAVANA.

Had Permission of U. S. Government to Go to Cuba.

[SPECIAL TO THE EXAMINER.]
KEY WEST, May 7.—Commodore Watson has received orders from Washington instantly to release the French mail steamer Lafayette, and to send her to Havana under escort.

The capture of the Frenchman turns out to have been an unfortunate incident, resulting from a mistake, but no protest has been made by the representatives of French Government in the United States. The officials here declare that this will close the affair.

It appears that before the Lafayette sailed for Havana, the French Legation in Washington was instructed to communicate with the State Department.

This was done and permission was granted to the steamer to enter and discharge passengers and cargo, with the understanding that she would take on nothing there.

Instructions for the fulfillment of this agreement were sent from Washington to Admiral Sampson's squadron, and it was only learned after the capture was made that they were never delivered.

Sensation in the Cortes.

MADRID, May 7.—Senor Silvestre, in a speech in the Spanish Cortes has produced a sensation. Referring to losses sustained at the Philippines, he said the next question was when would the national pride be satisfied?

FIGHT EXPECTED ON SUNDAY.

Admiral Sampson Gone

TO PORTO RICO TO MEET SPANISH FLEET.

Will Fight Cape Verde Squadron if it is There.

[SPECIAL TO THE EXAMINER.]

WASHINGTON, May 6.—A collision at Porto Rico between Admiral Sampson's squadron and the Spanish Cape Verde fleet is among the earliest possibilities. The United States authorities believe that the Spanish fleet is due at Porto Rico on Sunday.

Admiral Sampson is said to have gone there to fight it or bombard and seize the principal ports.

THE CAPE VERDE FLEET

Expected at Porto Rico

GREAT PREPARATIONS FOR ITS RECEPTION.

But the News May be only a Spanish Trick.

[SPECIAL TO THE EXAMINER.]

NEW YORK, May 6.—A San Juan de Porto Rico despatch says that the Spanish Cape Verde fleet is expected here daily.

Great preparations for its reception have been made and orders have been received to prepare 40,000 rations for the fleet.

This notice has emanated from a high Spanish official and is probably misleading, nevertheless all indications point to its truth.

The harbor has been cleared of vessels to make room for the anchorage of the fleet.

THE FEAR OF THE POWERS

May Give Them Cohesion.

LONDON, May 6.—It is believed that there have been some exchanges of views between the powers on the subject of the Philippines, as to which all kinds of speculations are afloat. None of the powers like the idea of the United States becoming a near neighbor of Japan, and the fear of further American victories is likely to give cohesion, in which the powers hitherto have been sadly lacking.

WELL WORTH SEEING.—A handsome oil painting from the brush of Miss Annie Reddin will be disposed of at the May Festival in the Lyceum. The painting is on view in the show window of Reddin Bros. drug store and it is well worthy of inspection.

PROMISES THE SUPPORT OF THE POWERS.

If Spain Will Submit to Their Intervention.

[SPECIAL TO THE EXAMINER.]

ROME, May 7.—The Pope has sent earnest telegrams to the Queen Regent advising Spain to immediately ask for the mediation of the European powers.

He explains the impossibility of Spain continuing the war against an adversary who is too powerful for her.

He also advises the Queen not to risk everything simply for the satisfaction of the national pride and promises his support and that of the Powers to obtain an honorable solution of the difficulty.

GLADSTONE'S LAST DAYS.

Looking Forward to a Christians Death.

LONDON, May 6.—The Daily Chronicle said yesterday morning: "Mr. Gladstone's strength steadily declines, though there is, we believe, no prospect of an immediate end. The disease has not gained force enough to overcome the wonderful strength of his constitution, but a natural weakness now supervenes and gains upon him, encouraged by Mr. Gladstone's fervent desire for the rest which he has so richly earned. He is now confined to his room. Now and again his mind reverts to critical periods in his career, and to the legislation which cost him the most anxiety, but the main thing that fills his thought is religion, and he speaks of death as his call."
