

Says Canadians Can Learn Lesson From The Russians

By JOE MACSWEEN
Canadian Press Staff Writer
MONTREAL (CP) — Canadians were told Thursday they could learn a lesson in self-sacrifice from the Russian people.

James S. Duncan, retired Canadian industrialist, declared: "Here we enjoy the fruits of civilization while the Russian people haven't got anything."

"But they are the ones who are willing to go out in a spirit of self-sacrifice, and also are willing to inject other peoples with the same spirit."

"It seems to me we should be the ones."

Mr. Duncan, retired chairman and president of Massey-Harris-Ferguson Limited, was telling a meeting of the Canadian council of the International Chamber of Commerce, of which he is a former president about a trip he made to Russia.

He stressed that the new smiling face of Russia represents no change in motives of world domination and the "cruel" Kremlin powers still are cold-blooded in channelling the energy of the people for the good of the state alone. But it couldn't be denied that enormous progress had been made in Russia.

Education was Russia's "most potent weapon in the cold war." Though "will and determination" a population that was about 40 per cent illiterate has been changed until now 19.6 per thousand of population progress beyond the high school stage.

In the United States and Canada, the comparable figures were 15.7 and 4.7, respectively.

Fifty-one per cent of all college graduates were specializing in science and engineering. Last year Russia had 120,000 such graduates compared with 70,000 in the U.S.

"Russia is challenging the U.S. in the technological world" in which the U.S. was traditionally superior, he said.

By 1960 Russia would be sending so many engineers "into the life stream of the people" that they would have a great influence in the under-developed countries of Asia.

The U.S. and Canada, by refusing to recognize the Red China regime, threw that country wide open to the Russians, so that only Communist teaching was felt there.

No country would suffer more than a hot war now than Russia, but there was a "great danger" that the West would lose the cold war through indolence.

"We are too prosperous, we've become soft, we've lost some of that ruggedness of temperament" which made Canada a powerful country, Mr. Duncan said.

SUM-HI-NOTES

In the High School Monday, the first October, exams will be written by the students of Grades nine to twelve. The results of these exams will tell every student whether he has been studying hard enough or not.

On Thursday afternoon a large number of students assembled to hear Miss Helen MacArthur who has just returned from spending 18 months in Korea talk on her work. Among the students were the president and secretary of most of the High School classes. Michael Lukes was chairman and Cecilia Darby introduced Miss MacArthur. Miss MacArthur showed many interesting slides. She said that a lot of work for the Korea war refugee children was done by the Canadian Junior Red Cross. Maureen Forbes thanked her on behalf of the students for her very entertaining and interesting account of living in present day Korea.

UNITED NATIONS
The theme of this Thursday assembly was the United Nations. The first speaker on the program, which was broadcast over CJRW was Mr. Davis Lidstone, Principal of S.H.S. Mr. Lidstone spoke very interestingly on the many phases of the United Nations, mentioning particularly U.N.I.C.E.F., the United Nations, International children's emergency fund and United Nations Educational Scientific Cultural Organization.

Hester MacPhee, Grade eleven student told of her trip to the Maritime United Nations Training Centre held at Mt. Allison in Sackville from July 3 - 7. Hester was sponsored by the Lions of Summerside on her trip and explained how her days were spent in regards to the study of the United Nations.

"A student told of her trip to the Maritime United Nations Training Centre held at Mt. Allison in Sackville from July 3 - 7. Hester was sponsored by the Lions of Summerside on her trip and explained how her days were spent in regards to the study of the United Nations."

She made it clear to the audience that the United Nations was more than an organization that only solves problems between different countries but also has many branches which aid these countries.

She also mentioned U.N.I.C.E.F. which was a phase she studied while at the centre. U.N.I.C.E.F. is a very important organization and does much to aid children in many countries such as Burma.

A parade of class representatives from the different grades gave the dimes collected from their classes to Michael Lukes, president of the Red Cross Council.

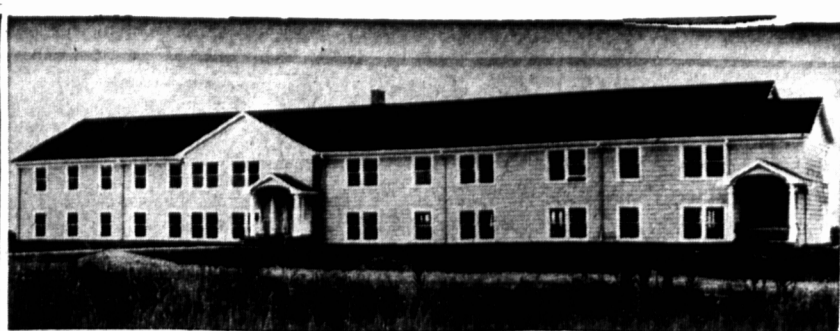

During the past week the school Red Cross council has put on a drive for donations for the Canadian Institute for the Blind. Michael in turn presented the money which amounted to \$38.00 from the lower grades and \$33.00 from the High School to Mr. Douglas Mitchell a representative of the Lions Club. The Lions Club have been collecting from the people of the town for the C.N.I.B.

The Glee Club directed by Mr. Chaison sang two hymns and added to the music part of the program. Next week the Students Council will take over the assembly program.

Last Saturday a large number of interested people including students of S.H.S. and parents gathered at Queen Elizabeth Park to watch a football game between the Queen Square and Sum-Hi teams. It was a good to see so many people at the game. But luck was not with our school team and they were defeated 8 - 0.

The Queen Square team seemed to be able to out-manoeuvre our boys every time. The results of the game doesn't by any means put our team down or out and when they meet Queen Square again we hope they will turn the score and come back victorious from the game.

The first school dance to be held in the Auditorium will come about on Saturday, November 3. There have been a good many plans made for this dance and a good crowd is expected. The Students' council is sponsoring the football dance in honour of the school football team. Lowell Huestis orchestra will supply the music for the

O'LEARY HOSPITAL PROGRESSES FAVORABLY

Construction of O'Leary's new 40 structure is completed with the exception of the two main doors. Rough plastering is nearly finished on the top floor with a number of rooms putty coated. Wiring and plumbing has been roughed in and the basement cement is expected to be run next week. Mr. Harold McLellan of Summerside is superintendent.

PAINT FEDERAL BUILDING

P.E.I. Concrete Products Company has been awarded a contract for interior and exterior painting of the Federal Building in Summerside, and this work, under the direction of Horatio Schurman, began on Tuesday morning on the exterior woodwork, which consists mainly of door and window casings and sashes. It is expected that the exterior work will be left until after the new year, so that the painting will not interfere with the increased work of the Postal and Customs Departments during the Christmas season. In addition to these departments, the offices of the R.C.M.P., Unemployment Insurance Commission, Agriculture, and Fisheries, are located in this building. Photo By Wotton

Say Farewell To Hosp. Supt.

On Monday afternoon last a social gathering was held in the nurses residence to bid farewell to Mrs. S. J. MacLellan, former superintendent, who has tendered her resignation to enter another branch of hospital service in the Province of Ontario.

Mr. Ledgerwood spoke briefly expressing his personal appreciation as well as that of the staff, to Mrs. MacLellan for the services she had rendered to the community, the hospital and to the public. He paid fitting tribute to the work of Mrs. MacLellan as superintendent and to her public relations work.

Mrs. Heath Strong then said a few words to express the thanks of the Ladies Aid for the service she had rendered to that branch of hospital service. Mrs. Strong presented Mrs. MacLellan with a gift on behalf of the Ladies Aid.

Mrs. Bradshaw also made a presentation on behalf of the hospital personnel and expressed sincere regrets from the entire staff at her departure; but all wished her continued success in her new field. Mrs. MacLellan made many friends while here, as was shown by her public relations contract with the public.

A presentation was also made by Dr. J. A. McPhee on behalf of the medical staff.

Rugby Game At Alberton Today

Queen Charlotte High School will travel this afternoon to play Alberton High School in a rugby game at the Q.C.H.S. field last Saturday the Charlotte town boys hung an 11-0 defeat on the inexperienced Alberton squad. However playing in their own backyard Alberton will figure to be a tougher team today.

Game time is 2:30.

Y's Men-Red Cross Swimming Greatly Increased This Year

During these courses we had 797 children registered for instruction, states a report on the Swimming and Water Safety Committee of the Summerside Y's Men Club, as submitted by Y's Keith Lapp at the semi annual meeting of the Red Cross Society, Summerside branch held this week in the Canadian Legion Home. 281 of these were tested, and 112 passed the various proficiency tests which were conducted by Red Cross examiners. All of these figures represent increases over 1955 when we had 492 registered, 225 tested and 91 successful candidates.

This is the first time that I have had an opportunity to present a report on Water Safety Work in Summerside, said Mr. Lapp, although I have been asked by Mrs. Cudmore to head-up this program from the Red Cross' point-of-view for the last two years, and on several occasions I have had an opportunity of reporting back to the Provincial Group in Charlottetown the results of our efforts.

Perhaps some of you are not aware of the extent of the program carried on in Summerside and of the method employed. The present Swimming and Water Safety Program arises out of the former Bathing House Program carried out by the Summerside Y's Men's Club, and the expanded program of water safety and swimming as conducted by the Canadian Red Cross Society. The Y's Men's Club

Y's Men-Red Cross Swimming Greatly Increased This Year

have the fore assumed responsibility for the conduct of the program under the general guidance and with some financial assistance from the Canadian Red Cross Society.

The program during the last two years has taken the form of the promotion of water safety through a Water Safety Week in June followed by the holding of courses of instruction throughout the summer.

Davidson Bigger was our chief instructor this year, and for the first three of the four courses he was assisted by an instructress who has been most fortunate indeed in the calibre of instruction which Davidson and his assistants have been able to provide, and for this we can thank Mrs. Cudmore for the excellent instructor courses which she conducts immediately prior to each summer swimming season.

BIGGEST EVER
This program, in so far as the Y's Men's Club is concerned, has developed into our biggest money spending program. In 1954 the program cost us \$441.23; in 1955 \$1,155.55; and this year it has cost us around \$1,000.00.

One of the major reasons for our heavy expenditure is the transportation problem. As most of you are aware, the Provincial Department of Health has quite rightly condemned the harbour as unsafe

Lions Hear Talk On U. N. School

The regular dinner meeting of the Summerside Lions club was held on Wednesday evening at the Birch Hill Tourist Home. In the absence of King Lion Russ Kelly, vice-president Ralph Caseley presided and introduced Miss Hester MacPhee of Summerside High School.

Miss MacPhee recounted something of what she had learned at the United Nations Summer School at Mt. Allison University this year. Her attendance at the school was sponsored by the Lions Club. Miss MacPhee's talk was well delivered, informative, and entertaining.

Lion Layton Schurman, chairman of the committee in charge of the Canadian National Institute for the Blind financial appeal, told the meeting that over \$1,450.00 had been collected and more was expected. During the course of the proceedings the chairman, Ralph Caseley, was called out on business and 2nd vice president Ross LeFurgey conducted the meeting thereafter.

A discussion was held on a proposed social evening and it was decided to have a masquerade party next week. Each member will be allowed to bring a guest couple to the party. Mr. Sidney Forbes was present and was given a hearty welcome back to Summerside and to the club.

Lobster Boat Incident Brings Fines And Warning

In sentencing a Miminogah fisherman charged with wilful damage to property and assault, at Alberton Court Friday, Magistrate R.S. Hinton issued a strong warning against similar occurrences in which it appeared that a group of people took the law into their own hands. A fine of \$200.00 and costs was levied on the wilful damage charge and \$75.00 and costs for the assault charge under the Criminal Code.

Both charges were laid following an incident at Miminogah Run on August 7th during which an Alberton owned lobster boat was badly damaged. Sentence had been held over from October 12th to allow for payment of \$386.50 damages to the boat and a dental bill of \$35.00 Fines and damages were both paid forthwith.

Two brothers from Alberton South pleaded guilty of creating a disturbance in a public place and obstructing a police officer in the performance of his duties and each received fines of \$50.00 and costs and \$5.00 and costs respectively. The younger of the two, already on probation from a Toronto court, was bound over to keep the peace.

A party from Alberton was fined \$20.00 and costs for possession of liquor in a place other than his residence and a party from Bloomfield charged with a similar offense also received a fine of \$20.00 and costs. A man from McNeil's Mills was fined \$4.00 and costs for not having his motor vehicle equipment in proper working order.

On Saturday night, the Gamma Club of H.S. will hold a hard times dance at the Y-Club.

RESIDENCE FOR SALE

At Woodstock (Bloomfield)
On main highway, three rooms and sun porch. Coal and wood range included. Buyer required to move it from present location. Reasonably priced.

PERSONALS

Mrs. John Perry, Alberton, is spending this week in Charlottetown.

Mr. and Mrs. Fred West will leave for Saskatoon Tuesday. They flew to the Island because of the passing of Mrs. West's brother Walter G. MacKenzie.

Mrs. Emmett Ranahan, Summerside underwent surgery at Prince County Hospital on Thursday. Her host of friends join in wishing her a speedy recovery to good health.

Mr. and Mrs. R.D. McKinnon returned to Alberton during the week following a pleasant motor trip to points in the United States. During their vacation tour they visited Mr. McKinnon's brother, Mr. Angus McKinnon, Pawtucket, R.I., and Mrs. McKinnon's sister, Mrs. Walter Hogan, New York.
