FIRST CATCH.—The first catch of lobsters this season in eastern King's Co., was secured on Wednesday, the 13th inst., at McEachern's stand, Little River, Lot 46, by Jerome Steel and Angus P. McPhee, of Rock Barra. Eight hundred pounds of lobsters made up the catch. They were of fair size and good quality, were boiled at the stand and afterwards forwarded to Souris to be canned.
HOME AGAIN.—Mr. Angus B. McDonald, of Rock Barra, has returned from Gloucester whither he went last fall to settle business in connection with estates of his late brothers, Captains John and Pius McDonald, who were lost at sea last year. While in Gloucester he met many warm personal friends of his deceased brothers—and he takes this opportunity of thanking them for kindness and sympathy extended to him while temporarily sojourning amongst the Island friends abroad.
DIED FROM HIS INJURIES.—William Dunsford, of Melville Road, Lot 30, who accidentally fell into the stove-hole of the steamer Heather Bells on Saturday last, died from the injuries received this morning at two o'clock. SPECIAL DESPATCHES TO THE EXAMINER.

THE TUNNEL.

Sir Douglas Fox's Estimate.

THE EXACT FIGURES.

A More Favorable Prospect.

OTTAWA, May 16. In answer to Mr. Perry yesterday afternoon, the Minister of Finance gave Sir Douglas Fox's estimate of the construction of the proposed tunnel between P. E. Island and the Mainland as follows:

For an eleven-foot tunnel, five million two hundred and thirty-two thousand six hundred and forty dollars, (\$5,232,640); for a sixteen-foot tunnel, eight million seven hundred and twenty thousand and ninety-four dollars, (\$8,720,094); for an eighteen-foot tunnel, nine million two hundred and one thousand eight hundred and ninety-four dollars, (\$9,201,894). These figures are the estimated cost of a land tunnel from shaft to shaft.

Another Grit Scandal.

TO BE INVESTIGATED

Startling Charges against Cartwright, Laurier, et al.

Wholesale Bribery and Corruption.

OTTAWA, May 16. A petition against Sir Richard Cartwright's election charges him with personal bribery, and alleges that Cartwright, Laurier and others collected a large amount of money in Canada and the United States to corrupt the electors, which money was used in buying votes in North Perth, Welland, North and South Victoria, Peel, East Egin, and North Bruce. Cartwright and his agents are also charged with treating, undue influence, intimidation, promises to secure offices, promises to procure employment, loans, and promises to lend money, and of conspiracy with Laurier and officials of the Grand Trunk Railway to coerce and intimidate employees of that line to vote grit or refrain from voting.

Grieve, Featherstone, Gorman and Barron, all grit members, are also charged with Cartwright.

THE MANIPUR AFFAIR.

What the Evidence Proves.

CALCUTTA, May 16. Despatches from Manipur show that Commissioner Quinton and officers were not the victims of a massacre brought about by popular fury. The evidence shows they were beheaded by a public executioner under the orders of the Manipur Mayor and E. Shury a deserter from the British ranks.

Bank of Montreal.

MONTREAL, May 16. The annual statement of the Bank of Montreal shows the earnings of the Bank to have fallen three hundred and fifty-five thousand short of a ten per cent. dividend.

Telegraphic News.

NEW YORK, May 14.—July in the case of Carrie Brown, "Jack the Ripper" victim, rendered verdict that she met death at the hands of Ben Ali who is known as "Frenchy number one."

LONDON, May 14.—George J. Goschen, Chancellor of the Exchequer, in Commons to-day, said on behalf of the government that it was necessary to persevere with Knutsford's Newfoundland coercion bill, its second reading in the House of Commons would not be taken before May 28th.

LIVERPOOL, May 14.—Michael Davitt and family sailed to-day for Quebec en route for San Francisco. In an interview Davitt said: "After the next general election Parnell will have only four followers. Except as a private member of parliament Parnell is as dead as a doer."

DUBLIN, May 14.—Electors of North Wexford have resolved to stop the payment of salary to John E. Redmond, who represents North Wexford in parliament, and vote the money to the relief of evicted tenants. Redmond is one of Parnell's envoys in the United States.

CHESTER, ENGLAND, May 14.—Mrs. Donkin of Baltimore, Md., was found shockingly injured in the Snowden mountain, near Bettweyold in North Wales, one of the favorite summer resorts for tourists. She was unconscious when discovered. Her head apparently was battered with stones. She will probably die. Her husband, who is suspected, has been arrested.

SHANGHAI, May 14.—Further particulars from Woo Hoo show that the Chinese who took part in burning the Catholic mission and other European buildings at that place are liable to bring down upon themselves the wrath of the British government. The mob, it is now stated, also burned and looted the customs house and British consulate. The wife of the British consul, disguised as a Chinese woman, managed with difficulty to escape the mob, and was rescued by the British consul himself, who was wounded. The European portion of the population are anxious awaiting the arrival of Her Majesty's ship Inconstant.

NEW ORLEANS, May 14.—The committee of 50 citizens appointed by the Mayor in October, just after the assassination of Chief of Police Hennessy, to investigate the existence of the Mafia and other oath-bound societies of assassins, and to devise some means for destroying them, have reported they discovered that 94 assassinations by Italians or Sicilians had preceded the murder of the Chief, the accused in each case escaping for lack of evidence. The report

goes on at considerable length to show the existence here of the Mafia, which for years had terrorized the Italian population of this city.

LONDON, May 14.—Two more Jews have been murdered at Corfu and the bodies of several Jews who died from starvation lie unburied. Troops continue to keep a cordon about the Hebrew quarter.

VIENNA, May 14.—An attack was made upon the Chetto quarter of Corfu, yesterday. Two Jews houses were burned to the ground and nine persons killed; many were injured. A state of seige has been declared.

ROME, May 14.—An analysis of the Pope's forthcoming encyclical on the labor question shows that he refutes the Socialist theories tending to abolish private property and upholds the principles of the Church to be the first and main element in the solution of social questions. The true solution, the Pope says, can be found in the gospel, which, if rightly studied, would teach employers and employed to become united while fulfilling their respective duties. The State ought to countenance all such workmen's associations as are calculated to improve the existing social conditions.

PARIS, May 14.—Algeria has again been devastated by locusts. A caravan from Morocco passed through swarms of locusts for 32 days.

SPRINGFIELD, Wash., May 14.—The Indians in the Okanogan country are in a state of consternation owing to the prevalence of the grip. One hundred or more have died. The Indians are moving out rapidly for Idaho and other parts, carrying all their possessions with them.

WASHINGTON, May 14.—A Chicago despatch said a cablegram had been received by the Department of State from Consul Dougherty at Callao, Peru, stating that a Chilean man-of-war had been warred by the insurgent cruiser and had come to Callao for repairs, and that the authorities refused to allow her to make repairs and fit out again. The Department has received no such information from any source.

ST. PETERSBURG, May 13.—The newspapers of this city warmly praise the gallantry of Prince George of Greece, the companion of the Czarowitch in his travels, who felled the latter's assailant at Otzu, Japan, by hitting him over the head with a heavy walking stick, and thus prevented the fanatic from inflicting a second, and, possibly, more severe wound upon the heir to the Russian throne.

The newspapers join in saying that the Russian people will never forget this action on the part of Prince George.

The news of the danger in which the czarowitch had been placed created much excitement throughout this city, and there was great rejoicing when it was announced that he was not dangerously wounded. The first reports received here and elsewhere from Japan were somewhat exaggerated, and there was a decided feeling of relief when it became known that the Czarowitch had not been killed.
