

TROOPS TO BE KEPT AT PEKIN

Allies are Storing Supplies

SUFFICIENT TO LAST FOR NEXT SIX MONTHS.

Count Von Walderssee's Headquarters Indicated.

[SPECIAL TO THE EXAMINER.]

PEKIN, Oct. 9.—General Yamamouchi will retain ten thousand Japanese troops—2000 at Pekin and the others at Taku and along the lines of communication.

Eight thousand Germans will pass the winter at Pekin, and 650 Russians.

The number of British troops who will be retained has not yet been decided. Sir Alfred Gazelee will probably keep the brigade.

The allies are storing supplies for six months.

Count Von Walderssee's headquarters will be in the buildings in the Imperial Palace grounds outside the Purple City.

MOVEMENTS OF THE BOERS.

British are Trying to Surround Them.

[SPECIAL TO THE EXAMINER.]

CAPE TOWN, Oct. 9.—The Boers now occupying Wepener as well as Rouxville and Ficksburg in the Orange Colony, and the British are attempting to surround them.

THE CABINET RESIGNS

To Perfect Any Necessary Construction.

[SPECIAL TO THE EXAMINER.]

LONDON, Oct. 9.—The Daily Telegraph says it understands that the Cabinet has resigned as a formality and in order to perfect any necessary reconstruction.

STREET LIGHTING CONTRACT.

Reception for Returning Soldiers—The Monument Fund.

The regular monthly meeting of the City Council was held last evening. Councillor Balls being the only absentee.

After routine business, a communication was read from the Prince Edward Island Electric Light Company offering the city 74 lights at \$67.82 per light, contract to begin upon the expiration of the present contract and to terminate after the city has given one month's notice.

Councillor Whear moved that the contract be accepted, which motion was seconded by Councillor Brown and adopted.

Upon motion of Councillor Whear it was decided to purchase 500 copies of the P. E. Island edition of the Trade Review which is now ready for the printer and engraver. The price per copy is to be 25 cents.

Councillor Brown then submitted the following resolution:—

Resolved, that this Council in order to perpetuate the memory of those of our citizens who have died or may die while doing duty in South Africa for Queen and Country, ask His Worship the Mayor to open a subscription list to raise a sum sufficient to erect a suitable monument as a lasting mark of heroism and devotion to country.

Furthermore resolved, that His Worship on behalf of this Council, is authorized to subscribe to said list and pay thereon out of the city treasury the sum of — dollars.

And further resolved, that the hearty support of the local Government, societies and citizens generally of the Province be asked to this patriotic fund.

Councillor Taylor seconded the motion, which was unanimously adopted after speeches by approval of the idea had been made by the mover and seconder and several other members of the Board.

His Worship Mayor Warburton then called the attention of the Council to the fact that the Island boys would be home from South Africa in a few weeks and emphasized the necessity of the Council giving them a fitting reception. He regretted that he would not be home himself to assist in the welcome. He outlined what action the municipality intended to take, and suggested that the Council appoint a committee to co-operate with committees representing the militia and other organizations.

The idea was approved, and after some patriotic speeches a committee was struck consisting of Councillors Whear, McLeod and Tanton.

Councillor Tanton then submitted the following resolution, which was seconded by Councillor Horne:—

Resolved, that the sum of one thousand dollars be placed at the disposal of a special committee of three for the purpose of performing necessary work upon the streets, said sum to be taken from the balance carried over from last year.

The resolution was supported in strong terms by the mover and seconder, both of whom said complaints regarding the bad condition of the street in various sections of the city were being constantly made to them.

Councillor Lyons had also heard complaints, and would support the resolution unless assured that macadamizing would be resorted to at once.

Councillors Taylor and Whear strongly opposed the resolution, declaring that considerable work, much of which was of a permanent character, was being done and promising to do more.

Councillor Taylor moved in amendment that Councillor Tanton have leave to withdraw his resolution, the amendment carrying.

Councillor Horne then moved the following resolution, which was seconded by Councillor Tanton:—

Resolved, that the City Surveyor be instructed to macadamize Euston Street (at once) from Pownal Street to the new bridge, also Hillsboro Street from Kent to Water streets and to fish grading Kent to Queen streets, also to put the street in front of T. A. McLean's foundry in good repair for fall business.

Councillor Taylor moved that Councillor Horne have leave to withdraw his motion which was carried upon the casting vote of the Mayor, the latter accepting the assurance of the street committee that as much macadamizing as possible would be done this fall.

The meeting then adjourned.

DATE OF THE ELECTION FIXED

Polling on the 7th of November

NOMINATION A WEEK BEFORE THAT DATE.

Campaign Shortest in History of the Country.

[SPECIAL TO THE EXAMINER.]

OTTAWA, Oct. 9.—An order-in-council was passed and approved today dissolving Parliament and a proclamation will be issued to that effect tomorrow.

The writs for the general election will also be mailed tomorrow.

Nominations will take place on October 31st and voting a week later, November 7th.

The campaign will thus be one of the shortest in the history of the country.

THEORIES ABOUT CATARRH.

Peculiar Ideas Regarding a Common Disease.

Mark Twain's cure for a cold in the head was simple, but he claims very effective in his own case; his plan was to do nothing whatever for twenty-four hours or presumably until the trouble had disappeared.

Although not able to speak from personal experience as to the effectiveness of this treatment, it certainly has the merit of extreme economy, but it occurs to us that the application of it to a case of nasal catarrh might be attended with difficulties.

Catarrh, as everyone knows, is a chronic cold in the head, and Mr. Twain's treatment, if it should become a fad, would make of us a nation of fasters; an army emulating the example of the immortal Tanager who achieved world-wide fame by fasting forty days.

Catarrh is certainly becoming a national disease, and there is little doubt but that errors in diet, particularly eating a very common cause.

Most people, however, are more interested in the cure of the trouble than in the cause, and modern medical science has produced more effective and less heroic remedies than Mr. Twain's.

Guaicacol is a new remedy, very effective in some forms of Catarrh. Encalyptol is another, which on account of its antiseptic properties is very valuable, while many severe cases of Chronic Catarrh have been entirely cured by the sanguinaria or extract of Blood Root alone.

Within a year an enterprising chemist has combined all of these remedies in tablet form, palatable and convenient and the superiority of this tablet over other catarrh remedies is so apparent that all druggists now carry them in stock to supply the popular demand.

They are called Stuart's Catarrh Tablets and it is doubtful if any medicine has achieved a national popularity in so short a time as this.

Stuart's Catarrh Tablets are used by thousands of travelling men because they can be carried in the pocket and used any time and in any quantity being free from Cocaine, opium or any poisonous drug.

They clear the head and throat from the disgusting secretions of catarrh, very often in a few hours time.

For nasal catarrh they are far superior to any wash, lotion or ointment the use of which is as often inconvenient and annoying as the disease itself.

For coughs, colds, bronchial catarrh and catarrh of the stomach these tablets give immediate relief and a permanent cure where lotions, douches and inhalers make no impression whatever.

This preparation is a boon to catarrh sufferers and any druggist will tell you that Stuart's Catarrh Tablets is a remedy that has come to stay.

All are invited to attend the Tupper Club meeting to-night at 8 o'clock.

INCOME taxpayers are reminded that Monday, the 15th inst., is the last date on which discounts will be allowed; also that the 40 days (from the date of the service of notice) allowed for appeals, will in many cases soon expire. 11th.

Attend Tupper Club to-night.

The Dainty White Things

that are washed with SURPRISE Soap—a little Surprise Soap and still less labor—are not only clean but uninjured.

You want the maximum wear out of your clothes. Don't have them ruined by poor soap—use pure soap.

SURPRISE is a pure hard Soap.
