Improvement in Employment Picture

OTTAWA, July 21 - (CP) - A heavy demand for many Canadian products in the United States contributed to a steady improvement in Canada's employment picture during the second half of June.

The Labor Department has reported increased seasonal activity in construction, agriculture and transportation. Total unemployed registrations at National Employment Service Offices fell from 220,400 on June 15 to 204,600 on June 29.

This still was 57,400 above the total for the same week last year. By regions, the number of unemployed registered at National Employment Service at June 29 with June '46 totals in brackets were: Newfoundland 16,900 (19,400), Maritimes 23,600 (27,700), Quebec 62,500 (68,100), Ontario 48,200 (49,300), Prairies 28,300 (30,800), Pacific Region 25,100 (25,100).

New Domestic Price For Wheat

OTTAWA, July 21-(CP)-Flour millers will have to pay the same price for foreign customers for Canada's wheat in the new crop year, beginning Aug. 1.

This was announced today by Trade Minister Howe, who declared the Canadian wheat board's new domestic price for its wheat supplies will be the same as those prevailing under the terms of the multi-national International Wheat agreement.

This means that the price for the new crop year will likely not remain fixed as has been during the post-war years, but will wander within the range of the wheat agreement's maximum price of \$1.98 a bushel and the minimum of \$1.54.

In the current crop year, ending July 31, wheat buyers in Canada pay \$2 a bushel for No. 1 Northern - the same price prevailing under the terms of the Anglo-Canadian Wheat Agreement. That agreement terminates at the end of the month and will not be renewed. The U. K. has stated it will buy Canadian wheat not on a fixed basis, but under the price terms of the International Wheat Pool.

Plan Extensive Sugar Agreement

LONDON, July 21-(Reuters)-A new international sugar agreement on world supplies and prices is being submitted to the governments of 25 countries, the International Sugar Council announced today.

British Warships Visit Halifax

HALIFAX, July 21 - (CP) - Without fanfare, two warships of the American and West Indies squadron of the Royal Navy slipped into berths at H. M. C. dockyard here yesterday on what has been described as a week's "operational visit".

Arriving here were the cruiser Glasgow and the sloop, Snipe. The Glasgow, under command of Capt. W. J. Yendell, is flagship of the squadron.

Aboard the Glasgow was Vice-Admiral R. V. Symonds-Taylor, commander in chief of the America and West Indies Station of the Royal Navy. He was greeted shortly after arrival of the warship by Rear-Admiral E. B. Mainguy, Flag Officer of the Atlantic coast, R. C. N.

"Reporters and photographers were not permitted to board the Glasgow or Snipe. A navy spokesman said, however, that this was normal procedure when ships arriving here were classified as "operational visitors."

Milk Production Looks Stabilized

OTTAWA, July 21 - (CP) - Canada's milk production, which showed a sharp drop in the immediate post-war years, appears to have stabilized during the last two years at almost 1,000,000,000 pounds annually below the wartime peak output of 17,750,000,000 pounds in 1945.

The Bureau of Statistics, in its 1949 summary of the dairy industry, said today that creamery butter and fluid milk sales account for approximately two-thirds of total production.
