I. O. O. F.—The next session of the Sovereign Grand Lodge will be held at Milwaukee, Wis., in 1893. The close proximity of this to city Chicago will give the representatives a good opportunity of attending the World's Fair.

PHILHARMONIC. The adjourned meeting of the Philharmonic Society will be held in their hall on Monday evening next at 8 o'clock. It is hoped that all who intended to take part in the work of the season will make it a point to be present or send their names to the secretary.

ASK your neighbors if they use Dodd's Kidney Pills. They strengthen the nerves, tone the system, and the most stubborn cases of kidney diseases yield to their influence. They are especially appreciated by the old. Ask your neighbors about them. 10

HEAVY WEATHER.—The Agriculturist says: During the hurricane on Monday night last, a barn belonging to Mr. Peter Stewart, at Wilmet Valley, containing five or six tons of hay was torn all to pieces by the wind, the greater part of it being carried several chains and some of it a long distance from the foundation. It was a very strong building, with a heavy old fashioned frame, but very little of it was left together. The hay was scattered in it hard to say where.

THE DATE CHANGED.—The management of the Outing Park, Moncton, are preparing for a big day's sport. Saturday, October 8th, was one day fixed, but as the exhibition is to be held that day it is probable that another day will be selected. The programme includes running high jump, hurdle race, 100 yards race for seniors, 100 yards race for juniors, running broad jump, quarter mile race for juniors, quarter mile race for seniors, three-legged race, sack race and potato race for juniors.

READY FOR THE EMERGENCY—Swedish girls who come to America seeking employment as housemaids usually bring with them at least one trunkful of household linen. It is really part of a potential wedding trousseau, for every Swedish girl counts upon getting a husband one day, and prepares against the event by years of sewing. The trousseau is begun in childhood, and doubtless there are Swedish girls on the verge of old maidhood who pathetically carry about these evidences of preparation for an event that seems destined to indefinite postponement.

MARRIAGE BELLS.—Mr. C. A. Dull, of Sackville, formerly of Summerside, and Miss Mabel Dickie, of Dorchester, were married at the latter place on Wednesday evening. Rev. Mr. Robinson officiated. The happy couple are spending their honeymoon on the island.

On Monday morning, at six o'clock, says the Moncton Times, Mr. Jos. F. Arsenault, of Wellington, and Miss Gertrude Cormier, of Sackville, were united in the holy bonds of matrimony by the Rev. S. J. Arsenault, brother of the groom, assisted by the Rev. A. D. Cormier, of St. Joseph's College. The happy couple immediately started for Charlottetown, where they will spend their honeymoon.

POLICE COURT.—During the month of September, ending yesterday, there were sixteen convictions for drunkenness against fifteen for the previous month and twenty-nine for the month of September, 1891; four convictions for assault, one for malicious injuries to property; one for obtaining money under false pretences; two for nuisance; two for larceny; one for vagrancy; two for breaches of the Liquor Regulation Act. During the same period one person charged with violating the Liquor Regulation Act was dismissed; also one drunk, one assault and one nuisance case. A large number of persons were fined for non-payment of dog tax. The total receipts of the court during the month amounted to \$315 47.

BURGERS AT HAWKESBURY.—Burglars are operating at Port Hawkesbury. They broke into the stores of D. A. Macdonald and Peter Paint & Sons a few nights ago. Macdonald's store was entered through the window on the side. His cash drawers were broken open and one gold watch, one silver watch, one ring and \$1 in cash was stolen. They forced an entrance into Paint's store by drawing the staples and breaking the lock of the office door. They escaped with the cash register, by the front entrance, where they broke a large pane of glass and raised the sliding shutters. The register was found next morning one hundred yards from the store in a damaged condition. Two chisels have been found and identified that were used by the burglars. The burglars are still at large.

WHO IS SHE?—The Halifax Herald says: George York, of Preston Road, East Halifax, tells a piquant story of how a charming P. E. Island blonde, a resident of Halifax at present, won his affection and his property and then jilted him and married a stalwart artilleryman. Mr. York says he cannot now explain how he came to get so infatuated with the girl. He says: "I met her some three weeks ago, made an engagement for a second, and from a second to a third meeting, and then it went on. We were to be married shortly, and while in the city a few nights ago she prevailed on me to make over to her a large piece of land I own at Stewiacke, as a test of my love for her. Monday night a week ago I came to Halifax and found she had married an artilleryman, who laughed in my face when I upbraided him for taking my promised wife." Mr. York consulted a city lawyer Monday afternoon.

QUEBEC, Sept. 29.—Joseph Israel Tarte, proprietor of Le Canadian, assigned this morning upon demand of George Demers, broker. Assets, \$47,505; liabilities, \$92,711. The principal creditors are the Banque Jacques Cartier, \$6,400; Canada Paper Company, \$4,056; T. Berthiaume, \$2,100; Hon. Mr. Turville, \$1,000; D. Ford, \$1,000; Montreal Paper Company, \$325.

LONDON, September 29.—Thomas Spurgeon presided over an immense meeting in the Tabernacle last evening. Afterwards the services numerous signatures were attached to a requisition for a special church meeting to consider the information at hand concerning the filling of the vacant pulpit. Bad feeling was apparent throughout the signing. Several unseemly disputes took place at the requisition tables, and in the vestibule some thirty persons quarrelled bitterly as to the respective merits of Thomas Spurgeon and the Rev. Dr. Pierson. "We need not go to America to find a man who can tell us how to worship God," shouted one man, as Thomas Spurgeon walked out, "there is the man whom our old pastor wished to succeed him."

OTTAWA, Sept. 29.—It is understood that the Minister of Marine has ordered the release of the American schooner Hattie Maud in consideration of representations made by Mr. Guyatt, one of the owners, who has been here in connection with the case for several days. It was established that the present owners were not aware of the violation of law which occurred before they came in possession, and that they had shown good faith by instructing the master of their vessel to conform strictly to Canadian laws and regulations. The action of the Government in this matter is in striking contrast to the action of the U. S. Executive in connection with Canadian vessels seized on the Pacific coast.

LONDON, Sept. 29.—The Levy of the city of London met to-day in Guild Hall to elect a successor to Lord Mayor Evans. The Guild Hall was crowded, and unusual interest was taken in the proceedings, owing to the fact that strenuous opposition has developed against Stuart Knill, Alderman for Bridge-Within ward, who stood next in rotation for Lord Mayorship, because of his religious views, he being a Roman Catholic. Six candidates were proposed to the ivory. When Knill's name was mentioned it was received with loud cheering. There was a scene in the chamber when Councillor Moore protested against the selection of Knill because he was a Catholic. The protest was received with mingled hissing and cheering, but it had little if any effect upon ivory men, as Mr. Knill was elected to the Lord Mayorship for the ensuing year.

THE tobacco of Martinico was once the favorite with the smoking world, and when old Father Hennipon descended the Mississippi about 1680 the Indians were much surprised to see a European with such an excellent sample of their native plant. But the smokers of the Myrtle Navy would give but a poor account of the once celebrated Martinico. Their favorite brand is as much superior to it as it was to the raw and uncurled leaf which the Indians of that day smoked.
