GUIDES RAISE WORLD FLAG

Three Summerside Girl Guides are seen as they raised the world flag of the Girl Guide Association on the flag staff in Queen Elizabeth Park, Summerside yesterday morning at 8.30 a.m. This was the first occasion that the Girl Guide world flag has been flown in Summerside, here it was flown throughout the day to commerate the 100th anniversary of the Girl Guide and Boy Scout Associations. The Guides who performed the flag raising program are, from left to right, Helen Kelly, 2nd Summerside Company; Roberta Shaw, 1st Summerside Company; and Jean Gudet, 3rd Summerside Company.

Summerside Harbor Dredging Contract

OTTAWA — A dredging contract amounting to 53,000 for Summerside Harbor was announced Friday by Watson MacNaught parliamentary assistant to the Minister of Fisheries and M.P. for Prince.

This contract, he said will make a valuable contribution to Summerside harbor and will permit ships drawing up to 14 feet to load and unload freely at Holmans wharf.

Part -A- called for an area between the Railway Wharf and the Holmans wharf to be dredged to an area 850 feet long and with an average width of 160 feet and to a depth of 14 feet below low water.

Part B, calls for dredging an area adjacent to Queen Wharf 800 feet long and 100 to 150 feet wide, this to be cleared to a depth of five feet below low water. Springtide.

Cross-Country Tour Of Mineral Areas Planned

OTTAWA (CP) — Mining delegates from 75 countries will study Canada's mineral resources in a big cross-country plane-and-train tour next fall.

About 500 persons are expected to make the tour during the sixth Commonwealth Mining and Metallurgical Congress which opens at Vancouver Sept. 8 and ends 32 days later at Halifax.

Travelling by three or four special 18-car trains, they will inspect more than 50 mines, smelters, steel mills, chemical plants, petroleum and natural gas installations and other mineral industries. Meetings in eight cities are planned.

Eight planes will be chartered for a 3,700-mile tour of mines and plants in northern British Columbia, the Yukon, the Northwest Territories, Saskatchewan and Manitoba. Plane trips also will be made to the iron mines of Newfoundland and Northern Quebec.

INQUIRIES FROM REDS

The conference is sponsored by the Commonwealth Council of Mining and Metallurgical Institutions at the invitation of the Canadian Institute of Mining and Metallurgy.

The congress said Wednesday that, in addition to hundreds of inquiries from Commonwealth countries, it has received many from Iron Curtain countries.

A special screening committee has been appointed to deal with applications for the tour for non-Commonwealth countries. C. W. Mitchell of Vancouver, executive secretary of the Congress, said the committee, which works closely with the external affairs department, has not yet rejected an application from a Communist country.

Plans call for a much more elaborate tour than that made by 200 delegates in 1927 when the congress last was held in Canada.

Major meetings are scheduled for Vancouver Sept. 8-9-10, Edmonton Sept. 16-17, Winnipeg Sept. 19-20, Toronto Sept. 27-28, Ottawa Sept. 30, Montreal Oct. 1-2, Quebec Oct. 3-4 and Halifax Oct. 8-9.

PERSONALS

Mrs. Roscoe Jeffery has returned to her home, after being a patient in the Prince County Hospital for surgery.

Mr. Hall Birt, French River, entered Prince County Hospital where he will undergo an operation. His many friends wish him a speedy recovery.

Bedeque Rink Was A Haven In The Storm

As a climax to the Bedeque Carnival on Feb. 15, the rink was turned into an emergency shelter for over ninety people from various parts of the Island, such as North River, Carleton, Kinkora and Tryon, during one of the seasons worst snow storms.

After an understandable period of anxiety the crowd quieted down and made the best of the facilities at hand to bed down for night—such as benches and picnic tables.

If you were lucky enough to be deaf to the steady stream of traffic from one dressing room to the other by the younger element, you drifted off into a state of coma. However if you were unfortunate enough to hold your position too long, rigor mortis set in and you couldn't move.

"Casting all jokes aside," commented one of those stranded. "we were very well looked after thanks to the management of the rink, especially the canteen manager who stayed all night and kept hot coffee always available and other necessities."

The young folk had a hilarious time and for once had their fill of skating, We had a steady flow of recorded music, intermittent with special bulletons on the weather and snow plow.

Mr. Keith Thomas, a prominent Tryon merchant, very kindly came to the rescue of those whose purses were not adequate for the emergency. He also acted as our spokesman to interceed concerning the government plow. When the plow finally came at noon of next day all were warm and thankful they hadn't started for home as some had done, getting stranded along the way.

In Emergency Atom Fighters Could Fly Here

OTTAWA (CP) — Canada will allow United States jet interceptors equipped with the new atomic rockets to fly over Canadian territory in the event of an emergency, a high defence authority said Thursday.

The authority said that emergence of the two countries might become involved.

He added also that there would have to be "checks and balances" worked out in connection with any American flights over Canada, indicating that the Americans might be required to obtain specific approval in connection with each flight involving atomic rockets.

40,000 Angry British Doctors Threaten To Quit

LONDON (Reuters- — Forty thousand angry doctors Friday made ready plans to quit the National Health Service if the British government turns down their claim for a pay increase.

Officials of the British Medical Association say a doctor's walkout would toss the administration of the health service into chaos. Doctors now are working out their own arrangements to treat patients independent of the national service.

If he government grants the pay demand, it wil mean a rise of £500 $1,400 in the average general practitioner's income of around £2,200 ($6,200) a year. The government claims the increase would add £2,000,000 a year to the annual bill of £600,000,000 $1,683,000,000, which represents one-tenth of the national budget.

The doctors launched their pay demand last June. Since then, they have pleaded urged and demanded that their salaries keep pace with the rising cast of living. Their last raise was in 1951.

The government said this week that it will set up a royal commission to look into the wage situation of doctors and dentists. The doctors called the move a government stall and pointed out a royal commission might take up to three years to make its investigation.

British Medical Association leaders will meet next Thursday. Within the next six weeks, the B.M.A. will call a conference to advise doctors to resign unless there is an immediate settlement of their demands.

Only 50 of the nation's doctors work independently of the health service. They take only private patients who pay normal fees.

The National Health Service doctors are paid $2.04 for each national health patient a year. Quitting the service would mean a hardship for those of them who depend solely on the health service patients for their income.

If the doctors pulled out, they would then charge their own fee as they now do with private patients.

Of the doctors taking part in the health service, about 18,000 belong to the hospital medical service and 21,000 are family doctors. Hospital doctors are paid according to a fixed salary scale.

Stock Exchange Not Affiliated

MONTREAL (CP) — The Toronto Stock Exchange has with drawn its affiliation with the Edmonton Stock Exchange, it was learned here Thursday, and other eastern exchanges are considering similar action.

Sources said the Toronto step springs from New York state's charge of stock fraud against Stahl, Miles and Co. Ltd of Edmonton, a securities firm operated by Charles R. Stahl of Pelham, N.Y., and Marcel A. Miles of Edmonton, a former vice-president of the Edmonton exchange who has denied the charge.

Disaffiliation means an end to splitting of commission fees between Edmonton and Toronto brokers, a source here said. For example, a Montreal broker buying on the Edmonton market takes one-third of the commission and pays two-thirds to his Edmonton broker. The split is 50-50 between Montreal and Toronto brokers.

The Toronto action does not, however, stop Edmonton brokers from buying on the Toronto exchange.

Borden Man Is Remanded

A man from Borden charged with the Wednesday night break into the Borden vendor store appeared in County magistrate's court, Summerside yesterday before Magistrate R.S. Hinton, Q.C. and was remanded for trial until next Tuesday.

DIES IN SYDNEY

SYDNEY (CP) —Frank King, 58, who operated the Sydney Bus Company and Kings Taxi until 1953, died Wednesday in Roxbury, Mass., hospital.

Mrs. Charles Gordon Honored By Dock W. I.

A presentation was made to Mrs. Charles Gordon at the February meeting of Dock Women's Institute, as members and friends welcomed her to the community. A former resident of the Dock, Mrs. Gordon, has lived in Cascumpec since her marriage some years ago and now, with her husband and family, has returned to take up residence near her childhood home. The presentation was made by Miss Margaret Forsyth, and Mrs. Gordon made a gracious response.

The meeting was held at the home of Mrs. Edgar Forsyth, with Miss Shirley McArthur presiding. Following opening of the meeting, members responded to the roll call by donating a "Get Well" card. Two visitors were welcomed.

Correspondence letters from the president, the secretary of Education Week committee, the Music Festival Association and the Journal-Pioneer. Appeals for financial help were received from the P.E.I. Historical Society, the Red Cross Society, March of Dimes, Drama Festival and the newly formed P.E.I. chapter of the Multiple Sclerosis Society of Canada Institute News, Federated News and program helps were also received.

Several members volunteered to do Red Cross knitting and sewing. It was decided to hold a sale of home cooking in the library on February 23rd, weather permitting.

The next meeting will be at the home of Mrs. Howard Clark, when the topic will be "Education." Mrs. George Irving and Mrs. Lloyd Wilkie will have supervision of same. Miss Shirley McArthur and Mrs. Wilkie will provide refreshments. Roll call will be answered with a contribution to the March of Dimes and the entertainment will be a knitting contest.

An interesting paper on the life of Mrs. Adelaide Hoodless, founder of Women's Institutes, was presented by Mrs. Wilkie. The program consisted of several Valentine contests and a humorous reading. At the close of the meeting delicious refreshments were served by the hostess., assisted by Mrs. George Irving.
