N. Y. Stocks

NEW YORK (AP)—A creeping advance took the stock market up another notch Thursday to a new recovery high.

The market reached a low point in a three-week reaction a week ago Monday, and since then it has been going up on relatively light volume.

The Associated Press average of 60 stocks was up $1.30 at $180.00, the best level of the current recovery. The industrial component added $1.60, rails were up $1.40 and utilities gained 30 cents.

Houston Oil stamped stock was the day's most active issue unchanged at 4⅝ on 39,800 shares.

The American stock exchange was higher on volume of 600,000 shares as compared with 640,000 shares Wednesday.

Among higher Canadian stocks on the New York exchange, Granby Mining gained ⅝, Dome Mines ⅜, Aluminium Ltd. ½, Canadian Pacific ¼ and Hudson Bay Mining ¼.

On the American stock exchange, higher Canadian issues included Canadian Marconi and Preston East Dome, both up ¼, and Molybdenite of Canada and Great Sweet Grass Oil, each ahead 1-16.

Toronto Stocks

TORONTO (CP)—The stock market staged a last-hour spurt to overcome a mixed tone and end slightly ahead Thursday in a crawling trade. Final volume was 3,803,000 shares, a little ahead of Wednesday's 3,392,000.

Refining oils, motors and utilities showed substantial advances while other industrial components were mostly mixed. Base metals went ahead and western oils were up.

Hudson Bay, International Nickel Geco, Mining Corp. and Noranda gained ¼-½ in base metals. Coppercorp was up 28 cents and Chibougamau Mining and Smelting was ahead 25 cents. Fractional losses went to Falconbridge and Labrador.

Uraniums were mostly mixed. Gunnar advanced ¾ but Milliken, Pronto and Rare Earth were down pennies.

Index changes: Industrials off .25 to 450.85; golds off .17 to 84.98; base metals up .16 to 234.22; and western oils up .68 to 150.26.

Sees Weakness In Israel Dealings

TORONTO (CP) — Mrs. Franklin D. Roosevelt said Monday the United States and Great Britain could have prevented troubles over Israel if they had been firmer in their policies.

The widow of the former president of the United States, who has worked for many years in the United Nations, said in a speech to Hadassah's Youth Aliyah here that Israel could help other Middle East countries toward democracy if there was a peaceful settlement with her neighbors.

"But each year this is harder, and there is more bitterness. We could have prevented our present troubles. I wish that three years ago the United States and Great Britain had said that when they signed the tripartite treaty (to prevent full-scale aggression), they meant what they said."

In an interview earlier she said the two countries seem loath to be firm.

The existence of Israel as a free democracy could mean the development of democratic understanding and ways of lif in the Middle East. Otherwise it would be easier for the "near-totalitarian" Arab governments "to accept the promises of the great totalitarian government which wants free access through this vital area to Africa and Asia."

TIGHTER CURTAIN

FURTH IN WALD, Germany, (AP) — Bavarian frontier police said Wednesday Communist Czechoslovakia is tightening its iron curtain border with West Germany with more barbed wire, concrete bunkers, tank traps and new mines. Their observation contrasted with Vienna reports that farther south, Czechoslovakia is beginning to cut down the wire fences along the border with neutral Austria.

KILL INSECTS

CONTROL BLIGHT with

DEECOP

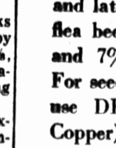
DUST OR SPRAY

Whether you dust or spray, you can depend upon DEECOP for effective, low-cost control of potato insects and blights.

DEECOP DUST gives outstanding control of early and late blight . . . kills Colorado potato beetles, flea beetles and leafhoppers. Contains 3% DDT and 7% Copper with a special carrier sticker. For seed-potato crops or heavy aphid infestation, use DEECOP Dust 5-7 (5% DDT and 7% Copper).

DEECOP SPRAY contains 15% DDT and 30% Copper. Like DEECOP Dust, it gives exceptional control of both insects and blights. Although developed especially for potato growers, it is also an excellent insecticide-fungicide for many other crops

Other Chipman Potato Pesticides



Chipman 50% DDT Wettable Powder. Especially effective against leafhoppers, as well as beetles and many other insects.

Chipman 1% Endrin Dust or 20% Endrin Emulsifiable Concentrate. Excellent for the control of Colorado Potato Beetle, Flea Beetle and Leafhopper with fair control of Aphids. Of particular importance for use in place of DDT where Colorado Potato Beetles have become resistant to DDT. ENDRIN is compatible with TRI-COP for use as a combination spray.

TRI-COP. Controls early and late blight. A water-dispersible powder containing 52% Copper.

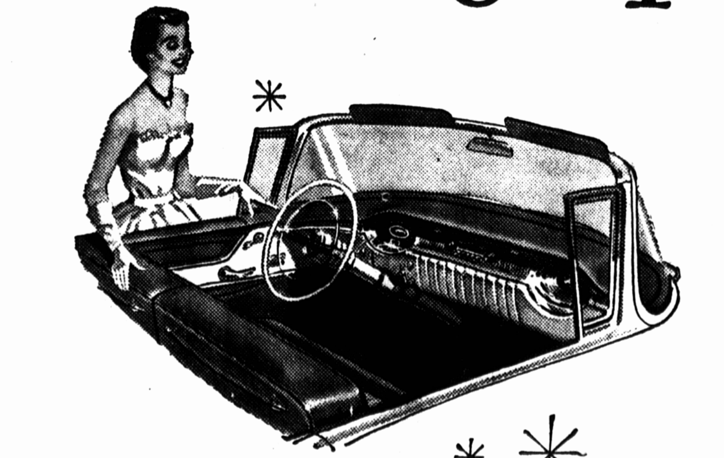
The Many-Splendored Thing...



Splendor is everywhere in Oldsmobile.

There's the splendor of distinctive Starfire styling—fresh, dignified, but so alive. There's the splendor of rich, custom-tailored interiors—luxurious, gracious and so comfortable. And there's the splendor of mighty power, tamed to go quietly about its task of producing swift, smooth motion.

And this Oldsmobile splendor is not a sometime thing. From the moment you proudly take possession until that distant day when you decide to trade it in on an even more exciting Olds of the future, you'll keep discovering new splendors in this unusual car. And you'll keep reflecting all the while how wise you were in 1956 to step up from the ordinary into an Oldsmobile.
