ROYAL ARCADE meeting this evening. The market to-day was small. Prices as usual. A VERY large stock of Christy's London Hats at L. E. Prowse's. BRANT appeared in the market to-day. They sell for \$1.25 per pair. Rev. K. McLENNAN, Pastor of St. James' Church, leaves to-day for Winnipeg. He will return in a month. BEN CHRISTMAS, the well known Mic-mac, died near Truro, N. S., on Thursday, March 30th, aged 52 years. THE Bachelors' Ball, in Market Hall, last night, was a grand success. Over one hundred were in attendance. THE "Northern Light" arrived at Pictou yesterday, at 2 o'clock and, returning, arrived at Georgetown at noon to-day. THE ice is becoming very dangerous, and horses are breaking through at the different landing places. The best landing place is at Queen's Wharf. ST. JAMES' CHURCH.—The Rev. Mr. Pascoe will officiate on Sabbath next, 16th inst. The pulpit will be occupied by a succession of clergymen, in the temporary absence of the pastor of the Church. At the Educational Institute this evening, Dr. Leeming will introduce the subject of "The Elementary Principles of Matter and Motion." The meeting will take place in the Upper Prince Street School. Two roughs, named Brogan and Fardy, appeared before the Acting Stipendiary Magistrate this forenoon, charged with attempting to rob Mr. Peter Woods. They met him on Sydney Street, attacked him, and after knocking him down, demanded money, which they did not get. After inflicting a few bruises on Mr. Woods, they left him alone. The Acting Stipendiary remanded them to jail for eight days. THE President of the United States sent the following among the nominations to the Senate on the 7th:—Henry M. Teller, of Colorado, Secretary of the Interior. W. E. Chandler, of New Hampshire, Secretary of the Navy. Wm. H. Hunt, of Louisiana, Envoy Extraordinary and Minister Plenipotentiary to Russia. The Senate in Executive session confirmed the nomination of Hon. Henry M. Teller, of Colorado, as Secretary of the Interior. OUR Upper Province exchanges are commenting on the following extract from a circular issued by the Toronto "Globe" Printing Company: THE DUTY. On Printed Matter coming into Canada is now 2 PER CENT. and 6 CENTS PER POUND. Send your orders to the Globe Printing Co., Toronto, and save this expense. From this it appears that while the editor of the "Globe" keeps telling the people of Canada that the duty is in all cases added to the price, the business manager of the same paper winks his left eye, and lets his customers know that if they get their printing done by the "Globe" company that "will save this expense" of the duty. But this slight discord we presume is only another instance of that "harmony" so characteristic of Grit circles. It is also suggestive we take it of that "honesty" for which our Grit friends are so accustomed to clamor. Not long since, in the House of Commons, England, Sir Wilfred Lawson asked Sir W. Harcourt whether it was true that ten of the roughs who, at Basingstoke, had committed assaults on members of the Salvation Army, and had, for that offence, been imprisoned in Winchester Jail, had, on their release, been escorted home in a carriage and four, with outriders in fancy costumes, and attended by a crowd of publicans and others, their supporters. Sir Wilfred has also heard that a banquet had been given to the released prisoners in the Corn Exchange, great food for that purpose by the Corporation of Basingstoke, and that the proceedings had ended in a free fight, which the police were powerless to prevent or to put a stop to. On Sir W. Harcourt saying that he had no communication on the subject, Mr. Cairne gave notice that, in consequence of the Home Secretary's reply, he would call attention at an early day to the fact that, in various parts of the country the magistrates were unable to afford protection to Her Majesty's subjects from the attacks of disorderly persons. THE COMMERCIAL TRAVELLER.—A pretty good story at the expense of a lady of Charlottetown and of Canadian Commercial Travellers in general, is afloat in this city. The lady in question, wishing to send a parcel to some one in Ontario, was told by a friend that no doubt some one of the commercial travellers would take it, and in course of conversation used a term or cognomen which is often applied to the said travellers. The lady got the parcel ready, and directed in care of Mr. Bummer, and straightway repaired to one of our principal hotels. She met a Mr. P. at the door, and inquired if Mr. Bummer was in. "No, I think not," said the astonished Mr. P. "I don't think any one of that name stops here; I'll look on the Register however." He did so, and stated that no name of the kind appeared there. She appeared nonplussed, as her friend had certainly told her that Bummer was at that particular hotel. She at length broke out with, "O, Mr. P., he's not a gentleman! he's a person!" The unphilosophical lady evidently thought that only gentlemen's names figured on hotel registers, and that the specimen of the person homo she was looking after, were too humble to have their names emblazoned thereon. The community are somewhat exercised to know whether or not that parcel ever reached its destination. HATS! HATS!—Best styles, best makes, best value to be found in the city, at L. E. Prowse's. The farmers who were consulted by the Agricultural Committee as to the condition of agricultural interests in Canada, and the necessity or otherwise of additional legislation, have sent in their reports. The gist of the answers in nearly every case is, in the words of one enthusiastic individual, "Keep in the Tory Government." Evidently a good Grit that, who talks of "Tories." And this is the result of getting up early and going to bed late—of poring over antediluvian statistics, and figuring the price of wheat at Chicago and Liverpool when Noah sailed the ark and got up a corner in the grain and cattle trade. This is the result of all the ingenious ciphering to show the percentage of ruin inflicted on every individual farmer in the Province of Ontario by the increased cost of the cotton in his shirt, the Brussels carpet in his kitchen, the scientific instru-ments in his laboratory, and the marble statues and costly paintings that grace his ancestral halls. Evidently the farmers don't read the "Globe"—or don't know what it says. Which is it?—April.
