Statement 'Incorrect' Says MacRae

Agriculture Minister Andrew MacRae yesterday termed "incorrect" a statement attributed to him in which he said the provincial resources development program was not successful.

The statement was reported from a meeting of the Kings County Federation of Agriculture held in Cardigan.

"What I did say," Mr. MacRae pointed out, "was that the over-all 40-man provincial development council was too unwieldy to concentrate on local problems, and the council will be organized on a county basis to deal with county problems.

"The government has had this re-organization in mind for some time, but did not get around to it as the cabinet was preparing for last week's federal - provincial fiscal conference in Ottawa."

Following the film the students were addressed by Philip Barlow, chief examiner for the moior vehicle department. Members of the Jaycees and RCMP also attended.
