 about CFS drop into
 the Student Union
 office at the barn.*

Statement of Philosophy UPEISU Inc.

The UPEISU is a membership oriented organization holding the principals of constitutional democracy to be of utmost value. We stand for education but not in the narrow sense; in the sense of expanded horizons, of better people in a better world. Inherent in this vision is the unquestionable responsibility of the UPEISU's elected officials, employees, and volunteers to build upon, maintain and safeguard the exalted traditions of the university; in all times and places, and to serve the interests of the students of UPEI on all occasions. To protect this philosophy, the UPEISU constitution exists.
