

Death And Injury On Roads Shows Increase In June

OTTAWA (CP)—A total of 203 persons were killed in June traffic accidents in all provinces but Quebec, the bureau of statistics reported Wednesday. That was 43 more than the 160 persons who died in traffic accidents during June, 1955, in the same provinces. Traffic fatalities rose in Nova Scotia to 16 from 10 a year earlier, in New Brunswick to 14 from 10, Ontario to 95 from 84, Sask-

atchewan to 17 from seven, Alberta to 22 from 15 and British Columbia to 28 from 17. The toll was down by one in Newfoundland to five persons and to six from 11 in Manitoba. No traffic fatalities were reported in Prince Edward Island, the Yukon and the Northwest Territories. Quebec does not report its figures to the bureau.

A total of 1,588 persons were reported injured in traffic accidents during June in all provinces but Ontario and Quebec, figures for which the bureau did not have. In June, 1955, a total of 2,916 persons were injured in all provinces but Quebec.

Maritime Shorthorns Score At Maine Fair

PRESQUE ISLE, MAINE (Special)—Maritime shorthorns demonstrated their supremacy in the state of Maine yesterday when Deep Cove Ironclad Monarch 4th, two-year-old Nova Scotia-bred bull exhibited by Cyrus Eaton, was declared grand champion over all champion bulls of all breeds at the Northern Maine Fair at Presque Isle.

Eaton, Nova Scotia-born chairman of Chesapeake and Ohio Railway, maintains a select herd of 100 shorthorns at his Deep Cove Farms, and Monarch Bulls bred at Deep Cove are in service in purebred and commercial herds throughout North America.

REV. T. E. MACLENNAN, D.D., pastor of St. Andrew's United Church Truro, N.S. and a former minister here will be the guest preacher at Trinity church on Sunday morning. At present Dr. MacLennan and Mrs. MacLennan are vacationing at Brackley Beach.

BLUE CROSS FIELD REPRESENTATIVES MEET

Field representatives of the Maritime Blue Cross - Blue Shield Plan have been meeting at the head office in Moncton this week. Shown here from left to right are: George E. Francis, Sydney area supervisor R. J. Mulcahey, Halifax, assistant enrollment manager, Mrs. Mary Dolphin, of the Halifax branch office T. Ledwell Doyle, Moncton, associate director of the Maritime Plan; and Guy N. Sullivan, Charlottetown, supervisor of the P. E. I. and Northern N. S. area.

Opposition Urges Greater Inflow Of New Canadians

OTTAWA (CP)—Commons opposition members are urging that Canada let in more immigrants. Several called Tuesday for a greater inflow of new Canadians as the House debated immigration policy in dealing with the annual spending estimates of Immigration Minister Pickersgill's department.

Meanwhile, other legislation advanced through various stages, and there remained few items to be dealt with before the expected prorogation of Parliament Saturday night or early next week. A contentious government measure dealing with Indians and paving the way to let them buy liquor in government stores advanced to the last stage before third and final reading in the Commons.

BEAT HEAT

OTTAWA (CP)—Afterwards, Constable Merton Dean could only shake his head and say: "Must have been some fool bet—or maybe the hot weather just got the better of them." He and another police officer arrived too late Tuesday night to stop three young men from diving, fully clothed, some 75 feet of the inter-provincial bridge between here and Hull, Que., into the Ottawa river.

N. S. Planning Committee Studying Health Insurance

HALIFAX (CP)—The Nova Scotia government's health insurance planning committee today sought the advice of interested groups and individuals on how to set up a health insurance scheme in the province.

The nine-member committee issued a call for briefs on the subject. It said submissions will be received until Oct. 31. No single pattern for a provincial health insurance plan has developed in the four provinces already in the field, a committee statement said. All dealt with it in a different way.

MONTREAL (CP)—The government's decision to proceed with the 20-per-cent advertising tax on Canadian editions of foreign periodicals was described Wednesday as a cruel blow by a great nation to the cause of freedom of the press.
Managing director Walter W. Hitesman, Jr., of the Reader's Digest Association of Canada Ltd. made the comment in a statement.
He said Reader's Digest advertising rates will go up and the magazine will probably have to raise its price at an early date.
Mr. Hitesman's statement followed Commons approval of the tax Tuesday.
In Toronto Brad Gundy, advertising manager of Time magazine Canadian edition said: "We'll be forced to pass on a big chunk of the tax to our advertisers. We don't know yet when rate boosts will take effect."

POLICE COURT—Harry Wendell McGee was yesterday sentenced to three months in jail, by Magistrate K.M. Martin, on the second charge of being unlawfully at large whilst remanded in custody at Queens Court Jail. The accused had previously pleaded guilty to the charge when he appeared July 30. The first charge of being at large was yesterday withdrawn by the Crown. J.P. Nicholson appeared for the Crown and R.R. Bell, Q.C. for the defence. In dealing with three drunk and incapable, one was sentenced to ten days in jail, another fined ten dollars and costs or five days and the third was fined five dollars and costs or two days. A drunk and disorderly was remanded for one week and released on bail of twenty-five dollars.

ALL-PARTY ACCEPTANCE
A major bill providing for important changes in unemployment insurance got all-party acceptance in the Commons industrial relations committee, indicating smooth sailing on the rest of its voyage through Parliament.
In the immigration discussion, Progressive Conservative Davie Fulton of Kamloops said Canada is not getting as many immigrants as it should because the immigration department is not aggressive and realistic enough.
He said "shocking" immigration department practices, particularly in deportation procedures, tend to discourage persons from emigrating to Canada.
To this, Mr. Pickersgill retorted that opposition speeches about unemployment in Canada a few years ago did more to set back immigration than anything else.
"Until there is a change of government," Mr. Fulton said, "we are not going to get a satisfactory immigration policy."

Changeover To Diesels Underway In Newfoundland

ST. JOHN'S, Nfld. (CP)—Canadian National Railway officials are busily unravelling human and mechanical knots caused by Newfoundland's promotion from the steam to the diesel age.

The railway plans to replace a total of 40 steam locomotives, 38 of them operative, with 32 diesels. Six of the diesels, 875-horsepower jobs, are already hauling freight and passengers on branch lines. The final pair arrived last week.

Building Strike Monday In St. John's, Nfld.

ST. JOHN'S, Nfld. (CP)—President John T. White of the Con-Union of St. John's (Ind.) says strikers, and General Laborers the 300 men he leads will go on strike for higher wages Monday morning.
He said the members rejected a conciliation offer Wednesday in a dispute with the St. John's Building Trades Employers Association and independent firms.
Negotiations for a new wage and working agreement had been going on for nearly two months. The union is seeking an immediate five-cent hourly wage increase and a further eight-cent increase effective Nov. 1.

Labor M. P. Says Dulles Prevented Hostilities

LONDON (Reuters) — William Warbey, Labor Member of Parliament, wrote in the Socialist weekly Tribune Thursday that except for U. S. State Secretary Dulles Britain now might be at war with Egypt.

Warbey charged that "it is now known that if America had been prepared to back us in the use of force, Britain and France would have returned to Nasser's nationalization decree by the immediate reoccupation of the Suez Canal base."

The Tribune said editorially that war over the Suez would be wrong, moral and disastrous.
