**MONTREAL, August 13th**—No more wash-day "let-down" for me. Now when my wash is done, it's not only clean, it's sparkling white... truly a "dream wash". And you know the simple secret? Just use Blue. Yes, it's easy to get sparkling white sheets, towels, pillow cases and table linen when you use Blue. You and I know you have to rinse clothes clean, then it's simple to put a dash of Blue in the water to get them really white. Blue is kind to your finest fabrics—you're not taking chances when you use it to get your washings snowy white. And the cost?... a few pennies a month, that's all.

Yes, for the whitest wash, use RECKITT'S BLUE!

**Have You Ever Longed for a "FAIRY GOD-MOTHER" to give you "new" feet in exchange for the old?** Well, I know a more practical answer to the problem of painful corns and calluses. It's Phenylum, the wonder-working ingredient in BLUE-JAY Corn-Plasters. Phenylum gets right down under the corn and helps push it out from under the skin. The first really new medication for corns and calluses in over seventy years! In actual tests, Phenylum went to work 33% faster and worked 35% more surely than other leading remedies. Why don't you enjoy this wonderful relief from painful feet? Ask for Blue-Jays with Phenylum at your favourite drug counter today.

**Have You Seen Them?** You'll be fascinated by the new GURNEY Gas Ranges. They have all the latest features and they're actually "Kitchen Tested" for perfect cooking and baking. Take my tip—see your Gurney dealer tomorrow. He'll be glad to show you the new Gurney Ranges... from the "Deluxe Table Top" model with the divided top range that gives you plenty of elbow-room—Dual Feature Minute Minder and a host of other "Deluxe" features... to the new "Three Quarter Table Top" Range and the trim "Deluxe Model 14G68X". All of them with modern improvements to delight the heart of any good cook... and all, of course, with the famous Gurney sound construction.

**It Goes To The Cottage With Me.** Because wherever I can boil water, I can have a cup of NEW INSTANT CHASE & SANBORN COFFEE. You know, it's 100% real coffee, made by a new process that keeps the flavour and aroma, in fact, the very colour and texture of freshly ground coffee. And talk about magic! New Instant Chase & Sanborn dissolves instantly in hot or cold water. It's so easy to prepare... and so economical. Saves me up to 40¢ a pound compared with regular coffee. Once you've tried it, you'll want to make it your regular coffee... everywhere you go.

**You Don't Have To Be A Hay Fever Victim** to appreciate the gentle softness of Face-Elle tissue handkerchiefs. But for those who are, Face-Elle provides more nose comfort than any other tissue. The reason: It's made of the purest Canadian cellulose with no harsh filler to irritate tender skin. It's lint-free too and more absorbent... And Face-Elle's velvet-smooth creases give luxurious comfort yet costs no more! And only FACE-ELLE offers 3-PLY strength in regular or big man-size tissues. So remember to ask for Face-Elle by name whether for hay-fever or ordinary use.

**Remember That Song...** "Summertime — and the living is easy" — Actually, summer is a busy time of year. That's why the experts say it's important to eat well. A good breakfast, for instance, with hot "CREAM OF WHEAT", gives you enough quick-starting food energy to last right up to lunch time. And here's something else — for best summertime eating, there should be one hot dish with every meal. What could be better than the "CREAM OF WHEAT" as the breakfast "hot dish"? It's so smooth and delicious. And it gives you iron for good red blood and calcium and phosphorus for diets deficient in those elements. Yes, hot "Cream of Wheat" is good breakfast eating for a busy, happy summer!

**There's Definitely A Difference** in your family will taste it right away. Pickles pickled in HEINZ WHITE VINEGAR are perfect. That's because crystal-clear Heinz White Vinegar is distilled and aged by the firm who made pickles famous. It's full-bodied in flavour — uniform in strength... and it makes pickles your family will rave about. So ask your grocer for the thirty gallon jug of Heinz White Vinegar and, incidentally, if the free recipe booklet, "Pickling Success" isn't attached to the jug — write to me for yours... Barbara Brent, 1411 Crescent St., Montreal, P.Q.

**They're not just talkin' THIS REALLY IS REAL COFFEE!**

**Yes, this instant coffee is a far cry from the disappointing coffee substitutes. It's full-flavored, 100% real coffee.** Instant Chase & Sanborn's revolutionary new process makes the difference. It's an amazing process that starts with the finest coffee beans... carries their rich, full flavor and aroma right through to your cup. But there's only one way to prove it. Buy a jar of New Instant Chase & Sanborn. Taste that freshly ground coffee flavor — so good you'll make it your regular coffee!
