Evidence On Six Applications Is Heard By Utilities Board

Evidence in support of four applications for trucking firms and two from private individuals, for permits to operate extra-provincial and intra-provincial services for the carriage of goods and passengers over several routes, extending as far as Boston, Mass., were heard yesterday.

Those seeking permits to transport goods are Goldart The Mover, Moncton, N.B., Marsh's Limited, Moncton, N.B., Gulf Transport, Charlottetown, and Francis P. Kelly, Kelly's Cross. Those seeking permits to transport passengers between here and Boston are Miss Ruth Cairns, Dunstaffnage, and D.A. MacCannell, Charlottetown.

Also heard yesterday were argument on the objection to the issue of the passenger permits, submitted by the Island Motor Transport bus company. D.R. George of the P.E.I. Public Utilities Commission, said last night, that all testimony for and against was heard Tuesday, and the commission will now take up the matter under study, and a decision will be handed down at some later date.

However, the applicants must also receive permission and obtain licenses from four other sources before they can resume operations of a limousine carrier service to Boston. They operated the service for several years, before discontinuing late last year when the Interstate Commerce Commission registered an objection that the operators were not complying with their regulations.

Licenses must be obtained from New Brunswick, the Interstate Commerce Commission and the states of Maine and Massachusetts before the passenger service to Boston can be resumed, it was learned today.

Titov Parries Queries

SAN FRANCISCO (AP)—Soviet spaceman Gherman Titov parrying questions and answers with an audience of San Francisco's most prominent capitalists, said Tuesday that moonshot thinking was short-sighted.

"I am asked all the time about when we will go to the moon and who will be first," he told the Commonwealth Club at the window of a two-day visit.

"And I say to you, why the moon? Why not mars? . . . The more exploration into space we do, the more mysteries will be unveiled. I suppose the flight will be to the moon because it is nearer."

His smile vanished when someone asked if "imported German engineers" figured in success of Russia's space program.

"I was too young at the time to know the situation created right after the war," he replied through an interpreter. "But I know the situation now and the people who constructed our space ships were Soviet people, not imported engineers."

deputy minister and Harold F. Landry.

A number of topics including finance, organization, school meetings, and phases of legislation, were discussed.

Among those speaking brief, by were Gabriel Dennis, auditor of the regional high school boards and David Bowell, director of physical education in Charlottetown and alcohol studies for P.E.I.
