TORONTO (CP) — Profit-taking resulted in a general but moderate decline on the stock market Monday thus ending a three-session recovery.

The s[illegible] for profit was noticeable among the stocks which scored the bigger gains last week. Coppers moved lower in a 50-cent range.

The western oils and mining lists were similar in pattern with losses ranging to 50 cents among lower-priced stocks and to major fractions in the senior issues. A few gains were sprinkled throughout the list.

Judge Denounces Young Hoodlums

NEW YORK (AP) — A Brooklyn judge says teen - age defendants have been defying the law in children's court — hurling chairs and inkwells and threatening the lives of presiding justices.

Judge Samuel Leibowitz cited examples of juvenile disrespect Thursday as he addressed two grand juries on methods of dealing with youthful offenders.

Leibowitz said the chair-throwing occurred a few months ago. He said the chair struck the judge on the head and "nobody ever heard a word about it."

Leibowitz said he knew of one judge being warned by a youth that he would "kill him if he met him on the street."

"I've had them stand before me in court and spit at me," Leibowitz added. "I don't believe in brutality or club - swinging, but I think it's the height of insanity to treat them with creampuffs."
