### Strange But True

By F. H. MacArthur

Switzerland is the only country in the world that could boast a choice of three capitals until 1848. The three capitals were: Bern, Zurich and Lucerne. Every two years the seat of government shifted from one to the other. But in 1848 a Federal law made Bern the future capital.

Connecting Kansas City, Mo. and Canon City, Colo., is a thoroughfare called the Bee Line Highway.

There's a street in London, England, called Today Street and one in Sydney, Australia, named Dog's Tooth.

Milk cannot be churned from horses, camels, or elephants, because the fat globules are too small to be separated by agitating the cream.

It takes about 10 qts. of cow's milk to make one pound of butter.

When the late Hon. George Hughes was in business, a farmer's wife cautioned the druggist, "to label them bottles plain; which one is for the horse and which one for my husband. You see Mr. Hughes, I don't want anything to happen to that horse for it will soon be time to start haying."

A man's greatest embarrassment arises when he sees the top of his dome getting shiny, but strange to say, there's nothing he can do to prevent it.

That a bad habit may become firmly fixed upon a person is evidenced by poet Coleridge's twenty-five years struggle to free himself from his tyrant, opium.

Many of the world's greatest men had humble beginnings. Columbus was the son of a weaver. Homer was the son of a small farmer. Moliere was the son of a candle maker. Terrence was a slave. Oliver Cromwell was the son of a London brewer. Franklin's father was a soap boiler. Daniel Defoe, the son of a butcher. Whitefield's father kept a tavern. Virgil was the son of a porter. Robert Burns was a ploughman in Ayrshire. Napoleon came from an obscure family in Corsica. John Jacob Astor once sold apples on the sidewalks of New York. And the names of the great men who worked on Lincoln's Inn with a merchant, Masons and bricklayers can boast of Ben Johnson, who worked on Lincoln's Inn with a trowel.

Professor Lee, the Orientalist, and John Gibbons, the sculptor used to be carpenters. Admiral Hobson of the British Navy was originally a tailor and Dr. Lexington, the missionary traveler, and Tannahill the poet, were weavers. ### Island W. I. Director To Help Arrange Exhibit At Fair

The Maritime Rural Housing Committee of the Central Mortgage and Housing Corporation met Friday, July 13 at 2 p. m. at Moncton. Attendees were the chairman, Arnold Roberts, Director of Engineering Services, Dept. of Agriculture, N. B.; Secretary-Treasurer, A. W. H. Patteson, C. M. H. C.; Halifax; G. Ross Brown, C. M. H. C.; Moncton; Dr. L. Langley, Director Extension Services, N. S.; Angus Banting, Director Agricultural Engineering Services, Dept. of Agriculture, N. S.; Harold Rogers and Aubrey Hutchison, Agricultural and Assistant Agricultural representatives, N. B.; J. W. Garland, Agricultural Engineer in Marshlands Project; Miss Jean Munro, Supt. Home Economics, N. S.; Mrs. Scott Trenholm, Mrs. George MacPherson and Mrs. Harold Laird representing the Women's Institutes of N. S., N. B. P. E. I., respectively.

In view of the popularity of the exhibit last year, it was decided by the committee to again arrange a display of the Model Kitchen at the Maritime Winter Fair, and a sub-committee comprising Miss Munro, chairman, Miss Robin, Supervisor, P. E. I. W. I.; and the three visitors, P. E. I. W. I.; Miss Weldon, Director N. B. W. I.; and the three W. I. representatives was appointed to work on the details of the Project.

Four thousand copies of Septic Tank and Sewage Disposal bulletins are to be printed and, when available, these may be secured from A. W. H. Patteson, Secretary-Treasurer. Also, a study is to be made of Farm Home Heating with a view to publishing a booklet.

Mr. Banting has accepted the position of Professor of Agricultural Engineering, MacDonald College. The committee voiced their regret and tendered him a sincere vote of thanks for his services on the committee which he chaired from the time of its appointment up to last November.

### W. I. Convention At Rose Valley

Institute members from Fredericton, Springton, Hazel Grove, Greenvale, North Wiltshire, Bradalbane, Rose Valley, Darlington, Glen Valley, Milvale, Pleasant Valley and South Granville held a very successful and largely attended Women's Institute District Convention in Rose Valley on Thursday, June 28. The president, Mrs. James MacIntosh, Rose Valley, presided at both afternoon and evening sessions. A display of handwork exhibited by Pleasant Valley and Rose Valley Institutes added to the attractiveness of the hall. Mrs. Henry Chowan gave a short address, welcoming all to Rose Valley, after which Mrs. Norman MacDonald, Glen Valley, responded on behalf of those present. The minutes of the 1950 convention were read by the secretary, Mrs. J. W. MacKenzie, Rose Valley. Mrs. John H. MacLeod, South Granville, Mrs. Bruce Deacon, North Wiltshire, and Mrs. Reagh Ferris, Hazel Grove, were appointed as a resolution committee, and the following resolutions were adopted at the evening session:

Be it resolved that the thanks of this Convention be extended to Rose Valley Institute for their hospitality.

Be it resolved that our thanks be extended to our supervisor, Miss Maylea Boswell, Miss Heather MacLean, Dr. Lloyd Shaw, Mrs. George Dixon, Mrs. Martin, and all others who contributed to the success of our Convention.

Be it resolved that we urge the young people of our rural districts to take advantage of the training provided for them at the Vocational School.

Be it resolved that this Convention recommended the Garden Clubs which are being organized for our boys and girls by the Department of Agriculture.

Be it resolved that the members present at this Convention bring to the attention of their Institute members the new set-up regarding future district conventions.

Encouraging reports of the year's work were heard from all Institutes represented. Courses given at the Vocational School were outlined in an address by Miss Heather MacLean, she stressed the advantages now offered our young people. At this time we were favored with a duet by Misses Annie and Helen Newsum, followed by a period of fun and nonsense conducted by Mrs. Kenneth MacInnis and Mrs. Donald MacPherson of Darlington Institute.

Miss Maylea Boswell demonstrated an attractive display of articles suitable for a bazaar. In addition, Miss Boswell explained items pertaining to the work, drama festivals, music festivals, radio broadcasts, articles for

MONTREAL, July 19th—Now's the time and now's the hour—before this summer has become just a pleasant memory—to take your favorite fruits in hand with CERTO LIQUID PECTIN and do down your jams and jellies for this year. Now, when the summer fruits are most succulent, and most flavorful and colorful, CERTO helps you to make sure your jams and jellies will be as tangy and delicious as the fruit itself. And don't forget, with Certo you'll get up to 50% more jam or jelly from the same amount of fruit—in 1/3 the time of the former long boil method. Yes, just follow the simple directions found in the booklet under the label of each Certo bottle, for zestful, deliciously set jams and jellies.

What Will Penicillin Do Next? After 5 years of research... penicillin tooth powder is here... with proof that it reduces tooth decay far more than ever before possible. Its name is DENTOCILLIN. And you'll want your whole family to start using it, right away. For Denticillin is the tooth powder that reduced tooth decay 55% in a 2-year test among hundreds of Massachusetts school children. (And it did so without a change of toothbrushing habits!) This is 5 times as good as reported for an excellent ammoniated dentifrice formula developed by the University of Illinois. By the way, it tastes wonderful. Really cleans teeth bright, 75¢ for 3 months' supply.

Wonderful, Sun-Warm colour to make you look like the very spirit of summer... like a South Seas siren! That's tantalizing TROPIC TAN, the golden wood-bury powder. Because Woodbury is the powder with the foundation cream ingredient—it smooths your skin to velvet—gives it a natural—not powdery look. You'll love the lovely, crushed-flower fragrance of this fabulous face powder. Wear Tropic Tan—morning, noon and night... it will make you feel like a South Seas temptress! Tropic Tan is just 25¢. Add just 5¢ and add Woodbury's "Red Poppy" lipstick, a luscious, bright red with a touch of sunshine gold—23¢ and 55¢.

How Good The First Gentle Tan Feels... how pretty it looks! And that brings up the question of playboys, sun suits and beach spray... a girl needs them more and more "sun-able" in their trim scantiness! Which reminds me to remind you again about TAMPAX, the invisible sanitary protection. Needless to say, many beautiful summer days are going to be spoiled unless you know the Tampax secret that's based on the well-known principle of internal absorption. Tampax features a dainty, one-time-use applicator and is made of pure cotton... banishes chance of revelation in even skimpy sports togs, can't chafe or embarrass... because it's used internally. Tampax is available in three absorbencies—Regular, Super, Junior, at drug and notion counters.

It May Be Bad Manners, but it shows real enthusiasm when baby babbles his spoon for more "Cream of Wheat." "CREAM OF WHEAT." It's so good—and so good for them! Brimful of valuable nourishment babies need to help maintain normal growth and health! It provides Iron for good red blood—and Calcium and Phosphorus for diet deficient in these elements. And, mother, when your baby is just five minutes of boiling. So give it to baby often—and make a family habit of 5 Minute "Cream of Wheat," too. It will be a breakfast "favourite" of everyone from grandpa to Young Sue!

"Let's Have Lemon Pie for dessert!"—that's a request you'll hear again and again when you make your pies with CALIFORNIA LEMONS. For they're flavour-perfect—the finest, juiciest lemons grown... Lemon Velvet Chiffon Pie—

2/3 c. sugar  
4 tbs. cornstarch  
1/4 tsp. salt  
2/3 c. boiling water  
2 tbs. butter  
1/3 c. fresh lemon juice  
1 tbs. cold water  
1 tbs. plain gelatin  
1 c. coffee cream

Mix sugar, cornstarch and salt in pan. Add lemon juice and while stirring constantly cook until thick and smooth. Remove from stove and mix with butter and lemon juice. Cook over low heat, stirring constantly for five minutes. Remove lemon juice and peel. Stir in gelatin that has been dissolved in cold water. Blend in cream, and use until mixture begins to thicken; fold in stiffly beaten egg whites. Pour into baked 8-inch pie shell and let stand in cool place until thick.

Whew!—Hot, isn't it? Well the best remedy for that "stuffed" feeling is a cool shower or a refreshing bath—the luxury of those new C-I-L COLOURED SPONGES! Blue—Coral—Yellow—Green... yes, those grand C-I-L Cellulose Sponges now come in four lovely pastel shades to blend with your bathroom and kitchen colour-schemes and accessories! You'll love them! They're velvet-soft when wet—ideal for baby's bath and yours. They float—hold twenty times their weight in water—long-lasting and cost so little, And just think! Now, every one in your family can have a "personalized" bath variety! Ask for C-I-L Coloured Sponges—at department, drug, variety, grocery and hardware stores.

Institute members from Fredericton, Springton, Hazel Grove, Greenvale, North Wiltshire, Bradalbane, Rose Valley, Darlington, Glen Valley, Milvale, Pleasant Valley and South Granville held a very successful and largely attended Women's Institute District Convention in Rose Valley on Thursday, June 28. The president, Mrs. James MacIntosh, Rose Valley, presided at both afternoon and evening sessions. A display of handwork exhibited by Pleasant Valley and Rose Valley Institutes added to the attractiveness of the hall. Mrs. Henry Chowan gave a short address, welcoming all to Rose Valley, after which Mrs. Norman MacDonald, Glen Valley, responded on behalf of those present. The minutes of the 1950 convention were read by the secretary, Mrs. J. W. MacKenzie, Rose Valley. Mrs. John H. MacLeod, South Granville, Mrs. Bruce Deacon, North Wiltshire, and Mrs. Reagh Ferris, Hazel Grove, were appointed as a resolution committee, and the following resolutions were adopted at the evening session:

Be it resolved that the thanks of this Convention be extended to Rose Valley Institute for their hospitality.

Be it resolved that our thanks be extended to our supervisor, Miss Maylea Boswell, Miss Heather MacLean, Dr. Lloyd Shaw, Mrs. George Dixon, Mrs. Martin, and all others who contributed to the success of our Convention.

Be it resolved that we urge the young people of our rural districts to take advantage of the training provided for them at the Vocational School.

Be it resolved that this Convention recommended the Garden Clubs which are being organized for our boys and girls by the Department of Agriculture.

Be it resolved that the members present at this Convention bring to the attention of their Institute members the new set-up regarding future district conventions.

Encouraging reports of the year's work were heard from all Institutes represented. Courses given at the Vocational School were outlined in an address by Miss Heather MacLean, she stressed the advantages now offered our young people. At this time we were favored with a duet by Misses Annie and Helen Newsum, followed by a period of fun and nonsense conducted by Mrs. Kenneth MacInnis and Mrs. Donald MacPherson of Darlington Institute.

Miss Maylea Boswell demonstrated an attractive display of articles suitable for a bazaar. In addition, Miss Boswell explained items pertaining to the work, drama festivals, music festivals, radio broadcasts, articles for

MONTREAL, July 19th—Now's the time and now's the hour—before this summer has become just a pleasant memory—to take your favorite fruits in hand with CERTO LIQUID PECTIN and do down your jams and jellies for this year. Now, when the summer fruits are most succulent, and most flavorful and colorful, CERTO helps you to make sure your jams and jellies will be as tangy and delicious as the fruit itself. And don't forget, with Certo you'll get up to 50% more jam or jelly from the same amount of fruit—in 1/3 the time of the former long boil method. Yes, just follow the simple directions found in the booklet under the label of each Certo bottle, for zestful, deliciously set jams and jellies.

What Will Penicillin Do Next? After 5 years of research... penicillin tooth powder is here... with proof that it reduces tooth decay far more than ever before possible. Its name is DENTOCILLIN. And you'll want your whole family to start using it, right away. For Denticillin is the tooth powder that reduced tooth decay 55% in a 2-year test among hundreds of Massachusetts school children. (And it did so without a change of toothbrushing habits!) This is 5 times as good as reported for an excellent ammoniated dentifrice formula developed by the University of Illinois. By the way, it tastes wonderful. Really cleans teeth bright, 75¢ for 3 months' supply.

Wonderful, Sun-Warm colour to make you look like the very spirit of summer... like a South Seas siren! That's tantalizing TROPIC TAN, the golden wood-bury powder. Because Woodbury is the powder with the foundation cream ingredient—it smooths your skin to velvet—gives it a natural—not powdery look. You'll love the lovely, crushed-flower fragrance of this fabulous face powder. Wear Tropic Tan—morning, noon and night... it will make you feel like a South Seas temptress! Tropic Tan is just 25¢. Add just 5¢ and add Woodbury's "Red Poppy" lipstick, a luscious, bright red with a touch of sunshine gold—23¢ and 55¢.

How Good The First Gentle Tan Feels... how pretty it looks! And that brings up the question of playboys, sun suits and beach spray... a girl needs them more and more "sun-able" in their trim scantiness! Which reminds me to remind you again about TAMPAX, the invisible sanitary protection. Needless to say, many beautiful summer days are going to be spoiled unless you know the Tampax secret that's based on the well-known principle of internal absorption. Tampax features a dainty, one-time-use applicator and is made of pure cotton... banishes chance of revelation in even skimpy sports togs, can't chafe or embarrass... because it's used internally. Tampax is available in three absorbencies—Regular, Super, Junior, at drug and notion counters.

It May Be Bad Manners, but it shows real enthusiasm when baby babbles his spoon for more "Cream of Wheat." "CREAM OF WHEAT." It's so good—and so good for them! Brimful of valuable nourishment babies need to help maintain normal growth and health! It provides Iron for good red blood—and Calcium and Phosphorus for diet deficient in these elements. And, mother, when your baby is just five minutes of boiling. So give it to baby often—and make a family habit of 5 Minute "Cream of Wheat," too. It will be a breakfast "favourite" of everyone from grandpa to Young Sue!

"Let's Have Lemon Pie for dessert!"—that's a request you'll hear again and again when you make your pies with CALIFORNIA LEMONS. For they're flavour-perfect—the finest, juiciest lemons grown... Lemon Velvet Chiffon Pie—

2/3 c. sugar  
4 tbs. cornstarch  
1/4 tsp. salt  
2/3 c. boiling water  
2 tbs. butter  
1/3 c. fresh lemon juice  
1 tbs. cold water  
1 tbs. plain gelatin  
1 c. coffee cream

Mix sugar, cornstarch and salt in pan. Add lemon juice and while stirring constantly cook until thick and smooth. Remove from stove and mix with butter and lemon juice. Cook over low heat, stirring constantly for five minutes. Remove lemon juice and peel. Stir in gelatin that has been dissolved in cold water. Blend in cream, and use until mixture begins to thicken; fold in stiffly beaten egg whites. Pour into baked 8-inch pie shell and let stand in cool place until thick.

Whew!—Hot, isn't it? Well the best remedy for that "stuffed" feeling is a cool shower or a refreshing bath—the luxury of those new C-I-L COLOURED SPONGES! Blue—Coral—Yellow—Green... yes, those grand C-I-L Cellulose Sponges now come in four lovely pastel shades to blend with your bathroom and kitchen colour-schemes and accessories! You'll love them! They're velvet-soft when wet—ideal for baby's bath and yours. They float—hold twenty times their weight in water—long-lasting and cost so little, And just think! Now, every one in your family can have a "personalized" bath variety! Ask for C-I-L Coloured Sponges—at department, drug, variety, grocery and hardware stores.
