ST. MARGARET'S HALL. HALIFAX, N. S.

SEMINARY FOR YOUNG LADIES.

VISITOR:
The Lord Bishop of Nova Scotia

PRINCIPAL:
The Rev. John Padfield.

THIS SCHOOL offers, at very moderate cost, the advantages of a comfortable and pleasant home together with a thorough and refined education.

The course of instruction is the same as that of the best Schools in England and is founded upon the University Examinations for Women. Eight young ladies from this School passed the Local Examination of the University of King's College in June last. This is the only School in Canada that has passed pupils at a University Examination.

The number of pupils is limited, rendering the School select, and while it possesses all the educational advantages of a large public school, each pupil is enabled to receive that individual care and oversight which is so important, and which cannot be given in a large establishment.

Mr. and Mrs. Padfield are assisted by a staff of four resident governesses, besides visiting masters.

Parisienne French is taught conversationally. There are two resident French Governesses.

References given to parents of pupils.
For further particulars address the Principal.

A SOUP KITCHEN

IN connection with the Women's Temperance Union and Benevolent Society, will be opened for the winter if sufficiently assisted by the charitable public. In order to distribute judiciously, only those will be relieved who identify themselves with the Society, which will enable the committee to look particularly into each case. In view of the present pressing demands for help, the friends of the poor are urgently requested to send donations immediately and as regularly as possible, which will be received by Mrs. W. KENNEDY, Confectionery. Clothing will likewise be very acceptable.
E. McRAE,
Secretary of the Women's Benevolent Society.

Crime in the City.

The Report of the Stipendiary Magistrate, which is appended to the "Accounts of the Corporation" just issued, gives statistics of crime in the city for the past year. The report embraces the criminal statistics for the year ending 31st December, 1879; miscellaneous business, from the police register; and a comparative statement, showing the number of convictions for the past three years in the five particular offences of drunkenness, larceny, assault, vagrancy and breaches of the city by-laws. In each offence—save that of vagrancy—there was a noticeable decrease in the number of offenders last year. The report is as follows:—

The Police Force of the City, consisting of a Marshal, ten Policemen and a Bailiff, were, on the first of May last, at the request of your Council, reduced to a Marshal, two Sergeants, four Policemen and a Bailiff, at which number it now remains.
The following Table will show the business of the Court for the year.

Eugenie to Zuluand.

The ex-Empress Eugenie, according to a London paper, inherited \$150,000 a year from her mother. She will sail from England next month in the steamer "Danube" for the purpose of visiting Zululand and placing wreaths, &c., on the spot where the Prince Imperial was killed. The cabin occupied by the Prince will be placed at the disposal of the Empress, together with its original fittings. The horses and carriage used by the Prince will also be placed at her service. Her Majesty will visit the place where the Prince resided in Natal and subsequently with her suite travel by the route taken by the Prince, in ox wagons specially fitted for their accommodation. The Empress will go direct to Natal, where she will be privately received.

It seems that an oyster war is imminent on the Coast of Virginia. The citizens of that State residing at the mouth of the Rappahannock are asking their Legislature for protection against the crews of piratical craft from other states which dredge their oyster beds in defiance of law, and when remonstrated with, fire upon law-abiding citizens. One of the memorials on the subject sent to the Governor of Virginia states that the crews of these piratical craft, whose vocation is open and high handed, were daily in the habit of firing upon citizens of Lancaster county. On a recent date, when two citizens of Lancaster were engaged in oystering, they were fired upon and killed by the crew of one of these vessels. Another young man barely escaped the same fate by sheltering himself behind a tree, into which as many as seven balls were fired. The arrest of these murderers seems to be impossible, from the fact that the oyster pirates are armed with the best long rifles and that they flee at the approach of a superior force. Grand juries and indictments having signally failed to protect the oystermen of Lancaster county, it is now suggested to provide a vessel with one hundred stand of good long range rifles, which would not only enable the citizens to protect themselves, but also to attempt the capture of the pirates; some of the people to furnish the vessel if the State will give the proper arms. If the suggestion is carried out, a lively oyster war on the coast of Virginia may be expected.

A Chicago despatch of the 10th inst., says:—A grain blockade of prodigious proportions is the feature of the grain trade in this market at present. The elevators of the city, which contain an aggregate of 16,000,000 bushels, are very nearly filled to their utmost capacity, and several roads are refusing to receive grain for that market because when it arrives there are no accommodations for it. A large number of cars are lying along the tracks in the city loaded with grain unable to deposit. There are in storage 14,250,000 bushels, against 10,000,000 this time last year. The explanation is that a grain syndicate, of which Keene is the representative, have by constant purchases forced the market price of wheat in that city to a point where it cannot be shipped to New York, nor from New York to Liverpool. Farmers are unable to market their grain, although prices are satisfactory. The outcome of this unprecedented situation will be watched with much interest.

Astonishing Success.

It is the duty of every person who has used Boschee's German Syrup to let its wonderful qualities be known to their friends in curing Consumption, severe Coughs, Croup, Asthma, Pneumonia, and in fact all throat and lung diseases. No person can use it without immediate relief. Three doses will relieve any case, and we consider it the duty of all Druggists to recommend it to the poor dying consumptive, at least to try one bottle, as 40,000 dozen bottles were sold last year, and no one case where it failed was reported. Such a medicine as the German Syrup cannot be too widely known. Ask your Druggist about it. Sample Bottles to try sold at 10 cents. Regular size 75 cents. For sale by all Druggists.
